Passive and Active Port Layout

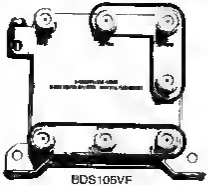

For MoCA installations it is best to install MoCA devices on adjacent and semi-adjacent ports for the lowest port-to-port isolation. The examples below indicate the ports that are adjacent and semi-adjacent of the BDS100VF Series splitters and the Data Plus Amplifier. The green indicates the ports that are adjacent and the red indicates the ports that are semi-adjacent. It is best not to connect MoCA devices between the semi-adjacent groups as this will result in the highest port to-port isolation and possible be too much attenuation for proper MoCA communication.

GET YOUR NEW THIN CLIENT SYSTEM UP AND RUNNING

Congratulations—welcome to enhanced security, reduced cost, less risk and a system that's a whole lot easier to manage.

HP ThinPro thin clients help improve productivity with quick deployment of simple, familiar and more reliable computing experiences.

It's easy to get started.

This quick-start guide illustrates some of the most common tasks of setting up an HP ThinPro thin client. It is designed to help you get up and running, right out of the box. However, if you have questions, need more information or want to set up a more unique configuration, please refer to the HP ThinPro Administrator's Guide at **www.hp.com/support/manuals/thinclients**. Select your thin client and its respective guide under *General Reference*.

LOGGING ON AND GETTING STARTED

The HP ThinPro interface appears when you first turn on the thin client and defaults to User Mode.

User Mode

- Allows restricted rights to subset of access connection creation and control panel applications. Allows restricted rights to subset of access connection creation and control panel applications.

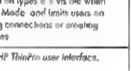

Administrator Mode

- Allows full access to control panel applets, complete list of HP ThinState Capture and Deploy FTP images, etc.
- Defines which connections and connection types are visible when in User Mode and limits users on deleting connections or creating new ones.

Note: You must log in with administrator permissions to access all components of the HP ThinPro user interface. The default password for Administrator Mode is **root**.

To switch between User and Administrator mode:

1. Click the HP logo in the bottom left of the screen.
2. Position your cursor in the screen background and right-click. Then, select **Administrator/User Mode Switch**.
3. Enter your password.

Quick tip

To determine if you are in User or Administrator mode,

A blue banner at the top of the console window designates User Mode.

A red banner at the top of the console window designates Administrator Mode.

total pages including cover= 01

Hello,

This is a test fax sent for the purposes of isolating issues with faxing features Please report any errors that may appear

Thank you

Modern hard drives support numerous power management features, the most common ones are summarized in the following table. See `hdparm(8)` for the complete list.

Warning: Too aggressive power management can reduce the lifespan of your hard drive due to frequent parking and spindowns.

Parameter	Description
`-B`	Set the Advanced Power Management feature. Possible values are between 1 and 255: low values mean more aggressive power management and higher values mean better performance. Values from 1 to 127 permit spin-down, whereas values from 128 to 254 do not. A value of 255 completely disables the feature.
`-S`	Set the standby (spindown) timeout for the drive. The timeout specifies how long to wait in idle (with no disk activity) before turning off the motor to save power. The value of 0 disables spindown; the values from 1 to 240 specify multiples of 5 seconds and values from 241 to 251 specify multiples of 30 minutes.
`-M`	Set the Automatic Acoustic Management feature. Most modern hard disk drives have the ability to speed down the head movements to reduce their noise output. The possible value depends on the disk; some disks may not support this feature.

To query current value, pass the parameter without a value. For example:

```
# hdparm -B /dev/sda
```

To apply different value, for example set APM to 127:

```
# hdparm -B 127 /dev/sda
```

Persistent configuration using udev rule

To make the setting persistent, adapt the following udev rule for your values:

```
/etc/udev/rules.d/50-hdparm.rules

ACTION=="add", SUBSYSTEM=="block", KERNEL=="sda", RUN+="/usr/bin/hdparm -B 254 -S 0 /dev/sda"
```

If you have more than one hard drive you could make the rule more flexible. For example, to apply power-saving settings for all external drives (assuming there is only one internal drive, `/dev/sda`):

```
/etc/udev/rules.d/50-hdparm.rules

ACTION=="add", KERNEL=="sd[a-z]", ATTR{queue/rotational}=="1", RUN+="/usr/bin/hdparm -B 127 -S 12 /dev/%k"
```

TEL: 016302296156

COMMENT:

Hi

Vonage Test Fax

Fill in the values below and click "Print Test Fax Page".

To	From
Fax	Fax:
Phone	Phone:
Subject: Test Fax	Date

Fax Settings

Reference your Owner's Manual for help adjusting the settings below

ECM (error correction mode)	Off
Baud Rate	9600
International	On (this is set on a per-call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (90 kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring
- If using an All-In-One device, temporarily disconnect device from PC

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help

Call us at 1 VONAGE-HELP (1-866-243-4357) or visit **www.vonage.com**

Design and Create a Senior Care Database: You are co-owner of a company **Senior Care**, which provides nonmedical services to older adults who need assistance with daily living. Helpers will drive individuals to appointments, do the grocery shopping, fill prescriptions, help with personal care, and provide companionship. Each client is assigned to a single helper, but each helper may be assigned many clients. The other owners have asked you to create a database of clients and helpers. Design and create a database to meet Senior Care needs. Then create the necessary tables and enter the data into the tables. Create a Client Report that lists each client's client number, client last name, client first name, balance, and helper number.

Querying the Senior Care Database Professional: Use the Senior Care database you created, create queries for the following:

a. Find the first name, last name, and address of all clients who live on streets whose name begins with the letter L.

b. Find the client number, last name, first name, balance, and amount paid for all clients whose balance is $ 0.00 or whose amount paid is $ 0.00.

c. Find the total of the balance and amount paid amounts for each client. Show the client number, client last name, client first name, and total amount. Sort the results in descending order by total.

d. Find the helper for each client. List the helper number, helper last name, helper first name, client number, client last name, and client first name. Sort the results in ascending order by helper number and client number.

e. Export the query created in Step d as a text file.

f. Find the highest and lowest balances.

Create the Forms and Reports: You can come up with the specification of what to include in the forms and reports.

Example: Create a report for the query created in Step d. Include all fields except the Helper first name in the report. Create a form for the query created in Step d.

Title

Heading

To take advantage of this template's design, use the Styles gallery on the Home tab. You can format your headings by using heading styles, or highlight important text using other styles like Emphasis and Intense Quote. These styles come in formatted to look great and work together to help communicate your ideas.

2003 – 2007 Format

State Tax Withholding—Retirement Plan Withdrawals

Helpful to Know

- Each state sets its own withholding rates and requirements on taxable distributions. We apply these rates unless you direct us not to (where permitted) or you request a higher rate.
- Your account's legal/residential address determines which state's tax rules apply.
- You are responsible for paying your federal, state, and local income taxes and any penalties, including penalties for insufficient withholding.

Withholding Options

State of residence	State tax withholding options
AK, FL, HI, NH, NV, SD TN, TX, WA, WY	• No state tax withholding is available (even if your state has income tax)
AR, IA, MI, MA, ME,* NE, OK, PR, VA, VT	• If you choose state withholding, you will also get state withholding at your state's minimum withholding rate or an amount greater as specified by you • If you do NOT choose federal withholding, state withholding is voluntary. • If you have state withholding, you can request a higher rate than your state's minimum but not a lower rate.
CA, DE, GA,† NC, OR	• If you choose federal withholding, you will also get state withholding at your state's minimum withholding rate unless you request otherwise. • If you do NOT choose federal withholding, state withholding is voluntary. • If you have state withholding, you can request a higher rate than your state's minimum but not a lower rate.
DC *Only applicable if taking a full distribution of entire account balance*	• If you are taking distribution of your entire account balance and not directly rolling that amount over to another eligible retirement account, DC requires at a minimum amount be withheld from the taxable portion of the distribution—whether or not federal income tax is withheld. In this case, you must elect to have the minimum DC income tax amount withheld by completing the Tax Withholding section. • If your entire distribution amount has already been taxed for retirement (only after-tax or nondeductible contributions were made and you have no pretax earnings), you may be eligible to elect any of the withholding options.
ME,† MS,	• If you wish to take a distribution of both taxable and nontaxable amounts, you must complete a separate distribution request form for each and complete the Tax Withholding section of the forms, as appropriate. • If you choose federal withholding you will also get state withholding at your state's minimum withholding rate unless you request otherwise. • If you do NOT choose federal withholding, state withholding will occur unless you request otherwise. • If you have state withholding, you can request a higher rate than your state's minimum but not a lower rate.
MI	• MI generally requires state income tax of at least your state's minimum requirements regardless of whether or not federal income tax is withheld. • Tax withholding is not required if you meet state MI requirements governing pension and retirement benefits. Please reference the MI W-4P Form for additional information about calculating the amount to withhold from your distribution. • If you are subject to MI state tax withholding, you must elect state tax withholding of at least your state's minimum by completing the Tax Withholding section.
OH	• Consult your tax advisor or investment representative for additional information about MI requirements • State tax withholding is voluntary. If you choose state withholding, you can choose a higher rate than your state's minimum but not a lower rate.
SC	• SC requires state withholding. If you have not provided a Tax ID or if you have been notified of a current Tax ID mismatch and have not resolved the issue, Otherwise, state tax withholding is voluntary and you can choose the rate you want (any whole number between 1% and 99%).
All other states (and DC if not taking a full distribution)	• State tax withholding is voluntary and you can choose the rate you want (any whole number between 1% and 99%)

*When taking a single distribution

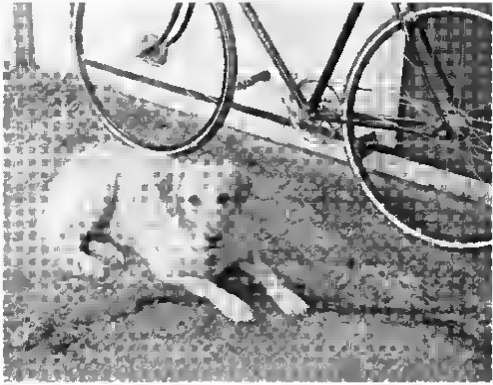

†When taking periodic distributions

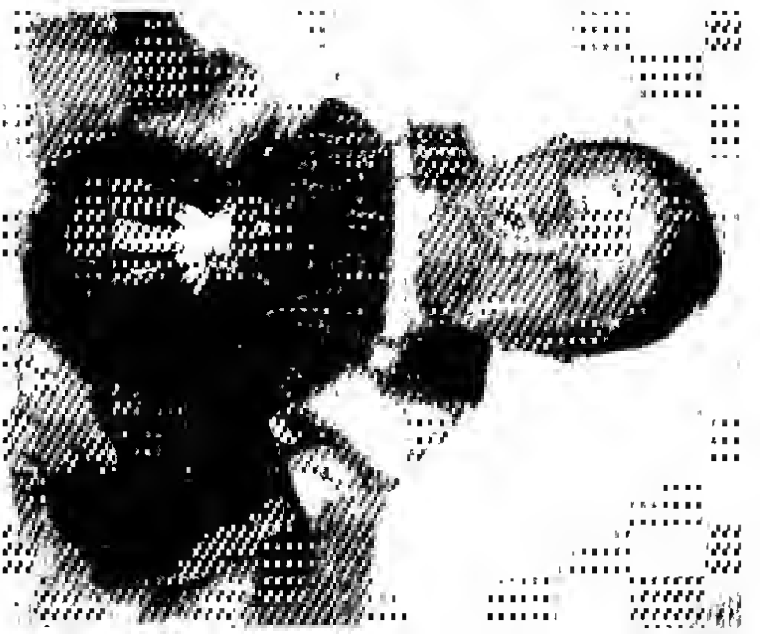

Important: State tax withholding rules can change and the rules cited above may not reflect the current ruling of your state. Consult with your tax advisor or state taxing authority to obtain the most up-to-date information pertaining to your state.

This tax information is for informational purposes only, and should not be construed as legal or tax advice. Always consult a tax or legal professional before making financial decisions.

We do not provide tax or legal advice and we will not be liable for any decisions you make based on this or other general tax information we provide.

Alleycode HTML Editor

Alleycode is a free, Internet-ready, 32-bit HTML editor for Windows. Alleycode presents a rich feature set that helps you quickly and easily create professional looking web pages. Alleycode is ideal for both novice and experienced web page authors.

Core Features:

- **Syntax View.**
  Syntax view allows you to see your program code in real time, you can also display live easy preset or user defined tag libraries. Select from a range of pre-configured libraries or create your own libraries to suit your personal requirements.
- **Smart XHTML Tags.**
  Alleycode is aware of the currently selected Strict XHTML Element's based on your "DOCTYPE"
- **Quick Edit...**
  Right click enabled HTML tags for fast editing of commonly used tags and commands.
- **Assignments...**
  Quick access to work in progress, letting you name and project path + Acc + CRL to make programs is now available via a dropdown menu at the top of your Tab Strip Control.
- **CSS Wizard.**
  Intuitive style sheet wizard allows you to create/update either internal or external style sheets (CSS1 + CSS2)
- **Turf View...**
  A convenient tool that gives you a view of your project. Convenient if you have a small screen. Turf gives you context sensitive right click control over all projects.
- **Optimizer...**
  Alleycode includes you a very useful "Optimize" wizard which will help you keep your web content accurate and search engine friendly.
- **Need somewhere to Start.** **Quick Start Tutorial** will show you how to build a simple web site.

Someday my pain, someday my pain

Will mark you

Harness your blame, harness your blame

And walk through

With the wild wolves around you

In the morning, I'll call you

Send it farther on

Solace my game, solace my game

It stars you

Swing wide your crane, swing wide your crane

And run me through

And the story's all over you

In the morning I'll call you

Can't you find a clue when your eyes are all painted Sinatra blue

What might have been lost -

Don't bother me

Mold Tips: Deep Form Three-Step Process

Notes generated in the Bullseye Research & Education studios, firing in front-loading Paragon GL24 kilns.

Note: The following tips do not guarantee a uniform result. Because of the steep-sided nature of these molds, pieces may slump unevenly.

MOLDS NEEDED FOR THIS PROCESS
- 12" Ball Surface / Deep Form Step One (8739)
- Deep Form Step Two (8990)
- Deep Form Step Three (8991)

OTHER HELPFUL ITEMS
- 10.75" Drop Out Ring mold (8611) or 6" Ball Surface mold (8746)
  A level and flat straight-edge that fits in the kiln to rest across the top of the mold (we used a strip of sheet glass)
- Suction Bar: Large (7715) or Small (7716)
- Zetex Heat Protective Gloves (8269)
- Protective face shield (available at most hardware stores)

OVERVIEW

This process involves slumping a 16"-diameter circle over the course of three firings. Each consecutive firing shapes the form ultimately resulting in a relatively deep tall, steep-sided vessel. For our testing, we worked with an assortment of uniformly-cut 6 mm pieces (two 3 mm layers of a single color or a single 3 mm color with a 3 mm Clear cap). Pieces were kept in the same orientation as the initial full fuse (i.e., not flipped) with the shelf side in contact with the mold.

12" BALL SURFACE / DEEP FORM STEP ONE MOLD (8739)

This is a relatively conventional slumping form. Elevate the mold from the floor of the kiln using 2" posts. As with other gently sloped molds, a standard fiber-coat application of Bullseye Shelf Primer will serve for many slumps firings.

SUGGESTED FIRING SCHEDULE

	RATE (DEGREES F / HOUR)	TEMPERATURE	HOLD
1	250°F (139°C)	1200°F (649°C)	00
2	RAMP	900°F (482°C)	3:00
3	100°F (56°C)	750°F (427°C)	0:00
4	AFAP	70°F (21°C)	0:0

Firing schedules are intended as a starting point. Results may vary.

DEEP FORM STEP TWO (8990)

A smooth, well-primed surface for this firing contributes to a uniform slump. Apply five coats of Bullseye Shelf Primer as directed. If your mold has already been primed and slumped, lightly sand the surface with sanding primer with a dry scrub pad before re-priming.

This mold does not have a flat base. To create a stable base, elevate either Drop Out Ring or 6" Ball Surface mold on 2" posts and set Deep Form Step Two on top. Once the base is ready, place the slumped bowl from Step 1 into Deep Form Step Two, making an effort to center and level the set-up.

SUGGESTED FIRING SCHEDULE

	RATE (DEGREES F / HOUR)	TEMPERATURE	HOLD
1	200°F (111°C)	1200°F (649°C)	:45
2	AFAP	900°F (482°C)	1:30
3	100°F (56°C)	700°F (371°C)	0:0
4	AFAP	70°F (21°C)	0:0

Firing schedules are intended as a starting point. Results may vary.

Basic Swimming Pool Water Chemistry

To test water chemistry, you should test the following principal factors:

Total Alkalinity

Total alkalinity is a measure of the ability of the water to resist changes in pH. Total alkalinity is made up of bicarbonate, carbonate and hydroxide ions. Total alkalinity is measured in parts per million (ppm) of calcium carbonate. The test is performed by titration, the process of adding a chemical to the water sample until a color change occurs. The more chemical you add to cause the color change, the higher the total alkalinity.

Proper Range (80 - 120 ppm, based in like pH)

pH

pH is a measure of how acidic or basic the water is. The pH scale ranges from 0 to 14, with 7 being neutral. Pure water has a pH of 7. Anything below 7 is acidic, and anything above 7 is basic (or alkaline). The pH of water is measured on a logarithmic scale, which means that each whole number change represents a tenfold change in acidity or basicity. For example, water with a pH of 6 is ten times more acidic than water with a pH of 7, and water with a pH of 5 is one hundred times more acidic than water with a pH of 7. Because pH is measured on a logarithmic scale, small changes in pH can have significant effects on the water's chemistry and the swimmers' comfort.

Proper Range (7.2 - 7.8, Ideal is 7.6 for spas)

Calcium Hardness

Calcium hardness is a measure of the amount of calcium dissolved in the water. Calcium hardness can be increased by adding calcium chloride to the water, or decreased by diluting the water with fresh water or by using a calcium hardness reducer. Calcium hardness is important because it helps to prevent corrosion of metal surfaces in the pool and spa, and it also helps to maintain the water's pH balance. If the calcium hardness is too low, the water can become corrosive and damage metal surfaces. If the calcium hardness is too high, the water can become scaly and cloudy.

Proper Range (200 - 400 ppm)

Free Chlorine

Free chlorine is a measure of the amount of chlorine in the water that is available to kill bacteria and other microorganisms. It is important to maintain a proper level of free chlorine in the water to ensure that the water is safe for swimming. The ideal level of free chlorine will depend on the size of the pool or spa, the number of people using it, and the amount of sunlight it receives. In general, a free chlorine level of 1-3 ppm is considered safe for most pools and spas. However, it is important to test the water regularly and adjust the chlorine level as needed to maintain a safe and healthy environment.

Proper Range (1 - 3.0 ppm, 4-5 in hot weather)

Combined Chlorine (Chloramines)

When free chlorine reacts with bacteria, waste, sweat, and other nitrogen containing compounds, it forms chloramines. These chloramines are known as combined chlorine. The presence of combined chlorine in water can be an indicator of the effectiveness of your free chlorine. Chloramines can cause eye irritation, skin irritation, and other health issues.

Total Chlorine = Free Chlorine + Combined Chlorine

Proper Range (0 ppm)

Total Iron

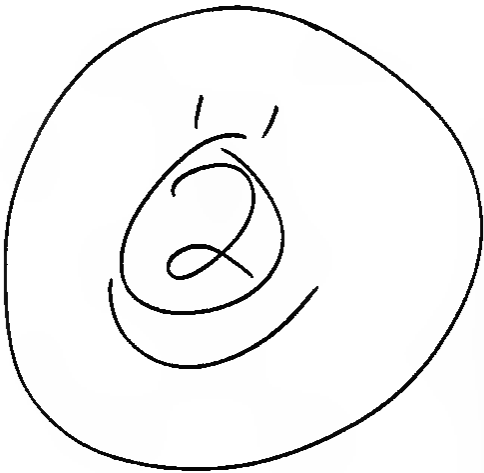

Total iron is a measure of the amount of iron in the water. Iron can be present in the water in two forms: ferrous iron and ferric iron. Ferrous iron is dissolved in the water and is not visible. Ferric iron is oxidized and can cause the water to appear cloudy or discolored. Total iron is the sum of both ferrous and ferric iron.

Proper Range (0 - 50 ppm, any more is a concern. Ideal is 50 ppm)

A-Series MIL-C-38999 Series III Style Fiber Optic Cables

Part # AC002EWLS00R

Specifications
Optimized cable construction for light collection efficiency and durability
Rugged cable construction for harsh environments
Cable Jacket
Cable Strength Member
Cable Diameter
Cable Weight

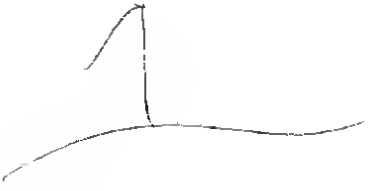

Applications

- Rugged connectivity for military, aerospace, avionics, space, and ground
- Suitable for general purpose, commercial, and test and engineering applications in harsh environments
- Short patch cord cables used for mission critical equipment and multi-function cables

Features

- Temperature rating: -55°C to +125°C
- Customizable with all standard fiber optic connectors designed for use in harsh environments such as ST®, and LC connectors
- High performance optical fibers for each optical fiber for low insertion loss and high bandwidth
- Custom jacket colors are available to match customer's requirements
- 1 cable and 2 (duplex) fibers available
- Micro-Assembly cables available in 2.3 or 1.6mm diameters
- Available with bend radius of 6 times cable diameter

You must replace your paper check with an electronic payment.
Specially trained representatives are available to help you

GO

www.GoDirect.org
(800) 333-1795

Fax Redial

If you are sending a fax manually and the line is busy, press **Redial/Pause**, and then press **Fax Start** to try again. If you want to make a second call to the last number dialed, you can save time by pressing **Redial/Pause** and **Fax Start**.

Redial/Pause only works if you dialed from the control panel. *If you are sending a fax automatically* and the line is busy, the fax machine will automatically redial one time after five minutes.

How to fax

Automatic transmission

This is the easiest way to send a fax. Documents must be between 5.8 and 23.7 inches (148 and 600 mm) long and between 5.8 and 8.5 inches (148 and 216 mm) wide.

IMPORTANT: Do not pick up the handset or press **Hook**.

1. Insert the document face down, top edge first in the Automatic Document Feeder (ADF).
2. Adjust the paper guides to fit the width of your document.

3. Enter the fax number using One-Touch, Speed-Dial, Search or the dial pad. (See *One-Touch dialing* on page 6-1, *Speed-Dialing* on page 6-1 and *Search* on page 6-1.)
4. Press **Fax Start**.

Do not use paper that is curled, wrinkled, folded, ripped, stapled, paper clipped, pasted, or taped.

Do not use cardboard, newspaper or fabric.

The ADF can hold up to 10 pages, feeding each one individually through the fax machine. Use standard 17 lb-24 lb (64 g/m²-90 g/m²) paper when using the ADF. Fan the pages before you load them, so each sheet feeds individually to prevent paper jams.

Manual transmission

Manual transmission lets you hear the dialing, ringing and fax-receiving tones while sending a fax.

1. Insert the document face down in the ADF.
2. Pick up the handset and listen for a dial tone.

—OR—

Press **Hook** to listen for a dial tone.

3. Enter the fax number you want to call. (You can enter the digits using the dial pad, or you can enter a One-Touch or Speed-Dial number, or you can call using **Search**/**Speed Dial**.)

(See *How to dial* on page 6-1.)

4. When you hear the fax tone press **Fax Start**.

SEND

5. If you picked up the handset, hang up.

Sending a fax at the end of a conversation

At the end of a conversation you can send a fax to the other party before you both hang up.

1. Ask the other party to wait for fax tones (beeps) and then to press **Start** before hanging up.
2. Insert the document face down in the ADF.

Press **Fax Start**.

The LCD shows:

SEND

3. Replace the handset.

Basic sending operations

Sending faxes using multiple settings

When you send a fax you can choose any combination of these settings such as contrast, resolution, overseas mode, delayed fax, timed polling, dual access or memory transmission.

After each setting is accepted, the LCD will ask if you want to enter more settings.

OTHER SETTINGS?
1.YES 2.NO

Press **1** to select more settings. The LCD will return to the SETUP FAX menu.

—OR—

Press **2** if you have finished choosing settings and go to the next step.

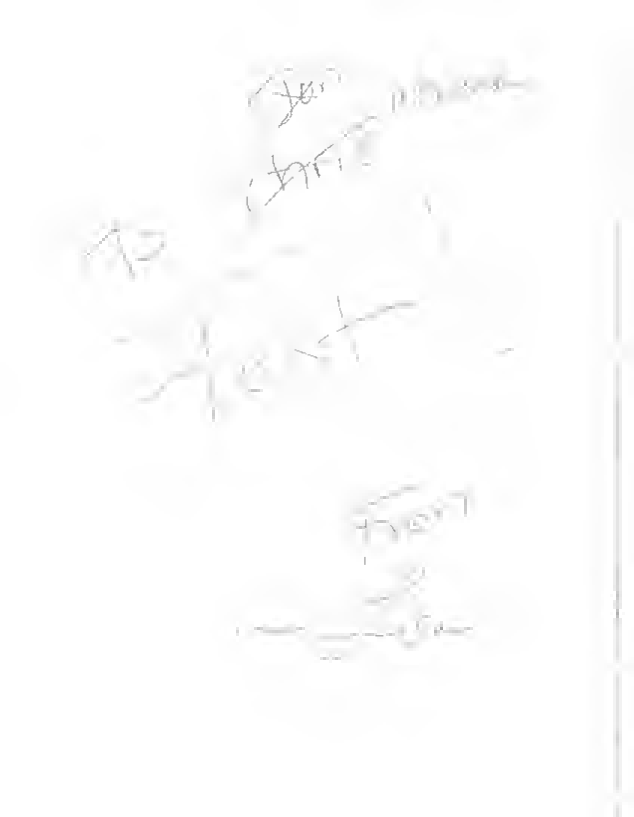

Testing w/ Anna @ DNA

9249

AK

PIXMA MX850 series
Office All-In-One

Important
When cleaning the exterior of the machine, use a soft cloth to wipe it gently. Refer to "Cleaning Your Machine" in the Quick Start Guide.

3 Install the Ink Tanks

Note
For the ink tanks compatible with this machine, refer to the back cover of the Quick Start Guide.

❶ Pull the orange tape in the direction of the arrow to peel off the protective film and remove the film completely

If the air hole is clogged with the remaining film, ink may leak out or may not eject properly.

❷ Twist off and discard the orange protective cap located on the bottom of the ink tank

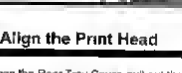

Important
- Do not touch the electrical contacts. Do not touch the ink ports.

❸ Insert the ink tank into the right-hand slot and press the ▽ mark on the ink tank until it clicks into place

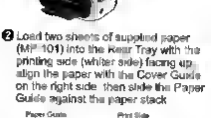

4 Align the Print Head

❶ Open the Rear Tray Cover, pull out the Paper Support, then pinch the Paper Guide and slide it to the left end

❷ Load two sheets of supplied paper (MP-101) into the Rear Tray with the printing side (whiter side) facing up, align the paper with the Cover Guide on the right side, then slide the Paper Guide against the paper stack

For fax users

To use a fax, you need to set the telephone line type setting properly on the machine.

If you are unsure of your telephone line type contact your telephone company.

Select the receive mode according to your needs

- **When you receive mainly faxes and sometimes voice calls**

  → FAX priority mode

- **When you have a dedicated telephone line for fax use only**

  → FAX only mode

- **When you receive mainly voice calls and sometimes faxes**

  → TEL priority mode

- **When you subscribe to a ring pattern detection service provided by your telephone company and you want to receive a fax only if the machine detects the pattern for fax**

  → DRPD

For details on how to confirm and change the settings, refer to the Quick Start Guide.

Machine Test

Goals.

1. Identify exactly what you want, and write it down
2. Spell out why you want to reach that goal
3. List the obstacles that you have to overcome in order to get there
4. Identify the people, the groups, and the organizations, that you need to work with in order to get there
5. Identify what you need to know to reach your goal
6. Develop a plan of action to reach the goal
7. Set a date that you plan to get there

Goals Process:

1. You must make commitments to reach your goals
   - A. You need to keep daily detailed accountability
   - B. Each evening evaluate your plans for tomorrow
   - C. Each evening before going to bed list the six most important things that you have to do tomorrow
   - D. Once a week, look at all the goals that are on your list, and evaluate
   - E. Know your time. Become a time miser. Focus on the contribution that you can make

2. To reach your goals you've got to start with a solid foundation (Honesty, Character, Integrity, Loyalty, Trust, Love, and Faith)

3. To reach your goals, you must change your vocabulary

4. To reach your goals, you must divide them into a series of small bites. It's a series of small things that determine whether you get there or not

5. Shape up physically, shape up mentally, shape up spiritually

6. If you are going to reach your goals, you have to know how to respond to disappointment if someone else drops the ball

7. You must discipline yourself

8. When obstacles arise you change direction not your decision to get there

9. You need to share some goals and not share others

10. To reach your goals, you must become a team player

11. To reach your goals, you can't allow others to put limits on your dreams

12. The distance between winning and being second is very small

13. It is not a good idea to be looking back when you should be looking ahead

14. You need to see the reaching. You need to see yourself as already reaching and achieving your objectives

IMPORTANT TERMS – PLEASE READ THIS

1. DISPUTE RESOLUTION BY BINDING ARBITRATION

1.1 Summary of Arbitration Agreement. Please read this carefully – it affects your rights. Most customer concerns can be resolved quickly and to the customer's satisfaction by calling the customer service department at 1-800 331-0500. In the unlikely event that AT&T's customer service department is unable to resolve a complaint you may have to your satisfaction (or if AT&T has not been able to resolve a dispute it has with you after attempting to do so informally), we each agree to resolve those disputes through binding arbitration or small claims court instead of in courts of general jurisdiction. Arbitration is a way to resolve disputes with the assistance of a neutral arbitrator instead of a judge or jury. It allows for more limited discovery than in court, and is subject to very limited review by courts. Arbitrators can award the same damages and relief that a court can award. Any arbitration under this Agreement will take place on an individual basis; class arbitrations and class actions are not permitted. For any non-frivolous claim that does not exceed $10,000 AT&T will pay all costs of the arbitration. Whether in arbitration you are entitled to recover attorneys' fees from AT&T to at least the same extent as you would be in court.

In addition, under certain circumstances (as explained below), AT&T will pay you more than the amount of the arbitrator's award and will pay your attorney (if any) twice his or her reasonable attorneys' fees if the arbitrator awards you an amount that is greater than what AT&T has offered you to settle the dispute.

1.2 Arbitration Agreement.

(1) AT&T and you agree to arbitrate all disputes and claims between us. This agreement to arbitrate is intended to be broadly interpreted. It includes, but is not limited to:

- claims arising out of or relating to any aspect of the relationship between us, whether based in contract, tort, statute, fraud, misrepresentation or any other legal theory;
- claims that arose before this or any prior Agreement (including, but not limited to, claims relating to advertising);
- claims that are currently the subject of purported class action litigation in which you are not a member of a certified class; and
- claims that may arise after the termination of this Agreement.

References to "AT&T," "you," and "us" include our respective subsidiaries, affiliates, agents, employees, predecessors in interest, successors, and assigns, as well as all authorized users or beneficiaries of services or devices under this or prior Agreements between us. Notwithstanding the foregoing, either party may bring an individual action in small claims court. This arbitration agreement does not preclude you from bringing issues to the attention of federal, state or local agencies, including, for example, the Federal Communications Commission. Such agencies can, if the law allows, seek relief against us on your behalf. You agree that, by entering into this Agreement, you and AT&T are each waiving the right to a trial by jury or to participate in a class action. This Agreement evidences a transaction in interstate commerce, and thus the Federal Arbitration Act governs the interpretation and enforcement of this provision. The arbitration provision shall survive termination of this Agreement.

(2) A party who intends to seek arbitration must first send to the other, by certified mail, a written Notice of Dispute ("Notice"). The Notice to AT&T must be addressed to: Office for Dispute Resolution, AT&T 1025 Lenox Park Blvd., Atlanta, GA 30319 ("Notice Address"). The Notice must describe the nature and basis of the claim or dispute, and (a) list the facts the specific relief sought ("Demand"). If AT&T and you do not reach an agreement to resolve the claim within 30 days after the Notice is received, you or AT&T may commence an arbitration proceeding. During the arbitration, the amount of any settlement offer made by AT&T or you shall not be disclosed to the arbitrator until after the arbitrator determines the amount, if any, to which you or AT&T is entitled. You may download or copy a form Notice and a form to initiate arbitration at att.com/arbitration-forms.

(3) After AT&T receives notice at the Notice Address that you have commenced arbitration, it will promptly reimburse you for your payment of the filing fee, unless your claim is for greater than $75,000. (The filing fee currently is $200 for claims under $10,000 but is subject to change by the arbitration provider. If you are unable to pay this fee, AT&T will pay it directly upon receiving a written request at the Notice Address.) The arbitration will be governed by the Commercial Arbitration Rules ("AAA Rules") of the American Arbitration Association ("AAA"), as modified by this Agreement, and will be administered by the AAA. The AAA rules are available online at adr.org or by calling the AAA at 1-800-778-7879, or by writing to the Notice Address. You may obtain information that is designed for non-lawyers about the arbitration process at att.com/arbitration-information. The arbitrator is not bound by the terms of this Agreement. All issues are for the arbitrator to decide, except that issues relating to the scope and enforceability of the arbitration provision are for the court to decide. Unless AT&T and you agree otherwise, any arbitration hearings will take place in the county (or parish) of your billing address. If your claim is for $10,000 or less, we agree that you may choose whether the arbitration will be conducted solely on the basis of documents submitted to the arbitrator, through a telephonic hearing, or by an in person hearing as established by the AAA Rules. If your claim exceeds $10,000, the right to a hearing will be determined by the

Something to think about before you vote.
Total Compensation Packages
Alan Mulally CEO- $21 970,674.00
Don LeCLAIR, CFO- $11 703 127 00
Mark Fields President –The Americas $8,369 898.00
Lewis Booth, V P. Ford Europe $10 264 463 00
Mike Bannister CEO FMCC $8 677 747.06
Now to put this into perspective from the people who want more concessions.
Average UAW worker Income Alan Mulally CEO
Per Hr $26.38 Per Hr $10 416.59
Per Wk $1138 29 Per Wk $449 743.73
Yearly $59 030 40 Yearly $21 670,674 00
The 2007 CBA, which was already a concessionary agreement has now been spread twice to give back more, now our UAW leadership wants to give the company more concessions through the 2011 agreement until 2015
Here is an idea of what we have already given back.
1 GEN. 2 ETAP. 3.Overtime premiums after 9 hours 4 Holidays 5 Christmas Bonus,
6 Performance Bonus, 7 Two tier wages, 8.SUB, 9 COLA, 10 Insurance Co Pay increases 11 one

This is the end of the printer test page.

PRO♀HEIFER

Get more females!

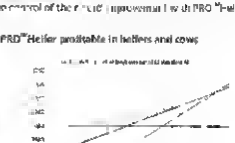

Farmers using PRO ♀Heifer have the confidence of seeing more heifers to their whole herd. There are no resynchronisations in the female breeding season. Furthermore, female calf first calving is bringing more milk in. Be first two heifers in Brandlers take control of the genetic improvement with PRO ♀Heifer

Daughters confer milk production advantages

Cows in 113 DIM after their first and second parity of lactation records were used to assess effects of insemination with PRO ♀Heifer (Holstein bull, Holstein) and high merit conventional bull (Holstein, Holstein) on milk production in the subsequent lactation. Cows were blocked by sire sire and parity and randomly allocated to PRO ♀Heifer (n=) or high merit conventional bull (n=). Milk production was recorded at each milking and averaged for the first 30 days in milk. Cows inseminated with PRO ♀Heifer produced significantly more milk than cows inseminated with high merit conventional bull (P<0.05).

PRO ♀Heifer profitable in heifers and cows

Economic sum of traits and ranking schemes:

1 Total economic values (EUR, Canada) used in different schemes, Holstein.

2 Relative economic values (%) of traits in different schemes, Holstein.

3 Correlations between different selection schemes, Holstein.

4 Genetic trends in different selection schemes, Holstein.

Conclusions

PRO ♀Heifer is more profitable than sexed semen used on heifers only

PRO ♀Heifer is already profitable at a lower value of replacement heifers.

Some farmers do not use sexed semen because they

HOW TO USE PRO ♀Heifer

PRO ♀Heifer is a complementary effort. The breeding period of 500 million sperm per dose is to be inseminated in the cow between 8 and 20 hours after heat detection (standing heat) and at least 1 to 2 hours after insemination. The insemination procedure can be followed as usual on the farm. Artificial breeding possible.

***PRO ♀Heifer* results in**

- All ejaculates correspond to EU breed legislation
  No unwanted side effects, no post-thaw acrosin production was observed
- Product quality tested for compliance with GMP+ standard

If Tears could Build a Stairway

If tears could build a stairway
And memories were a lane
We would walk right up to Heaven
And bring you back again

No farewell words were spoken
No time to say goodbye
You were gone before we knew it
And only God knows why

Our hearts still ache in sadness
And secret tears still flow
What it meant to lose you
No one will ever know

But know we know you want us
To mourn for you no more
To remember all the happy times
Life still has much in store

Since you'll never be forgotten
We pledge to you today
A hallowed place within our hearts
Is where you'll always stay

Author Unknown

In Memory Of

You never said I'm leaving
You never said goodbye
You were gone before I knew it,
And only God knew why
A million times I needed you
A million times I cried
If love alone could have saved you
You never would have died
In life I loved you dearly
In death I love you still
In my heart you hold a place,
That no one could ever fill
It broke my heart to lose you
But you didn't go alone
For part of me went with you,
The day God took you home

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil.
[For thine is the kingdom,
the power, and the glory,
for ever and ever]
Amen

MICROSOFT SOFTWARE LICENSE TERMS

WINDOWS VISTA HOME BASIC

WINDOWS VISTA HOME PREMIUM

WINDOWS VISTA ULTIMATE

These license terms are an agreement between Microsoft Corporation (or based on where you live, one of its affiliates) and you. Please read them. They apply to the software named above, which includes the media on which you received it, if any. The terms also apply to any Microsoft

- updates,
- supplements,
- Internet-based services, and
- support services

for this software, unless other terms accompany those items. If so, those terms apply.

By using the software, you accept these terms. If you do not accept them, do not use the software. Instead, return it to the retailer for a refund or credit. If you cannot obtain a refund there, contact Microsoft or the Microsoft affiliate serving your country for information about Microsoft's refund policies. See www.microsoft.com/worldwide. In the United States and Canada, call (800) MICROSOFT or see www.microsoft.com/info/nareturn.htm.

As described below, using the software also operates as your consent to the transmission of certain computer information during activation, validation and for Internet-based services.

If you comply with these license terms, you have the rights below for each license you acquire.

1. **OVERVIEW.**

   a. **Software.** The software includes desktop operating system software. This software does not include Windows Live services. Windows Live is a service available from Microsoft under a separate agreement.

   b. **License Model.** The software is licensed on a per copy per device basis.

   c. **Edition Specific Rights.** See the Additional License Terms sections at the end of this agreement for license terms that apply to specific editions of the software.

2. **INSTALLATION AND USE RIGHTS.** Before you run the software under a license, you must assign that license to one device (physical hardware system). That device is the "licensed device." A hardware partition or blade is considered to be a separate device.

   a. **Licensed Device.** You may install one copy of the software on the licensed device. You may use the software on up to two processors on that device at one time. Except as provided in the Storage and Network Use (Ultimate edition) sections below, you may not use the software on any other device.

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Limited Time: Earn 70,000 Airline Miles With Targeted Card Offer

Posted on April 27, 2017 by Million Mile Secrets Team | 2 Comments

Disclosure: We get a commission for links on the blog. You don't have to use our links, but we're very grateful when you do. American Express, Capital One, Chase and US Bank are Million Mile Secrets advertising partners. Opinions expressed here are the author's alone, and have not been reviewed, approved or endorsed by our partners. Here's our Advertiser Disclosure.

Good news! Some folks have been targeted to earn **70,000 United Airlines miles** after meeting minimum spending requirements with the Chase United MileagePlus Explorer card.

That's **20,000** United Airlines miles more than the most recent public offer!

We don't earn a commission for the targeted offer, but Emily and I will always tell you about better deals!

There are many reasons why you shouldn't smoke. Most reasons are related to health, however some are not

Smoking causes lung cancer and other lung dieses including COPD Lung cancer also known as lung carcinome is a malignant lung tumor characterized by uncontrolled cell growth in tissues of the lung. If left untreated, this growth can spread beyond the lung by process of metastasis into nearby tissue or other parts of the body Most cancers that start in the lung, known as primary lung cancers, are carcinomas that derive from epithelial cells The main primery types are small-cell lung carcinome and non-smell cell lung carcinoma. The most common symptoms are coughing, weight loss, shortness of breath, and chest pains There also is COPD Chronic obstructive pulmonary disease, also known as chronic obstructive lung disease and chronic obstructive airway disease, among others, is a type of obstructive lung disease characterized by chronically poor airflow It typically worsens over time The main symptoms include shortness of breath, cough, and sputum production Most people with chronic bronchitis have COPD

Smoking also is expensive and addicting The reason why smoking is so expensive is because of nicotine Nicotine is an addicting chemical sprayed on cigerettes. Another definition for nicotine is a potent Para sympathamimetic alkaloid found in the nightshade family of plants and is a stimulant drug. Nicotine is a nicotinic acetylcholine receptor agonist, except at nAChRα9 and nAChRα10 where it acts as an antagonist It is made in the roots of and accumulates in the leaves of the nightshade family of plants. Nicotine is found in the leaves of Nicotiana rustica in amounts of 2–14% the tobacco plant Nicotiana tabacum, Duboisia hopwoodii and Asclepias syriaca(internet definition)

Smoking also has many chemicals and smells bad A cigarette has about 4000 chemicals, 60 of the chemicals can cause cancer). Have you ever gone someplace where a lot of people smoke? Have you ever smelled smoke? If you have the air would smell "smoky" Not like a campfire more like ash or hot tar freshly put on the road. This is also bad for your lungs It is known as second hand smoking

In conclusion you should and never try smoking You can try not to smoke by leaving a room that a smoker is in

Eye Consultants of Atlanta

To Our New Patient

Our primary concern is providing you with excellent eye care. Your understanding of our policies and your cooperation with our procedures enables us to provide the care.

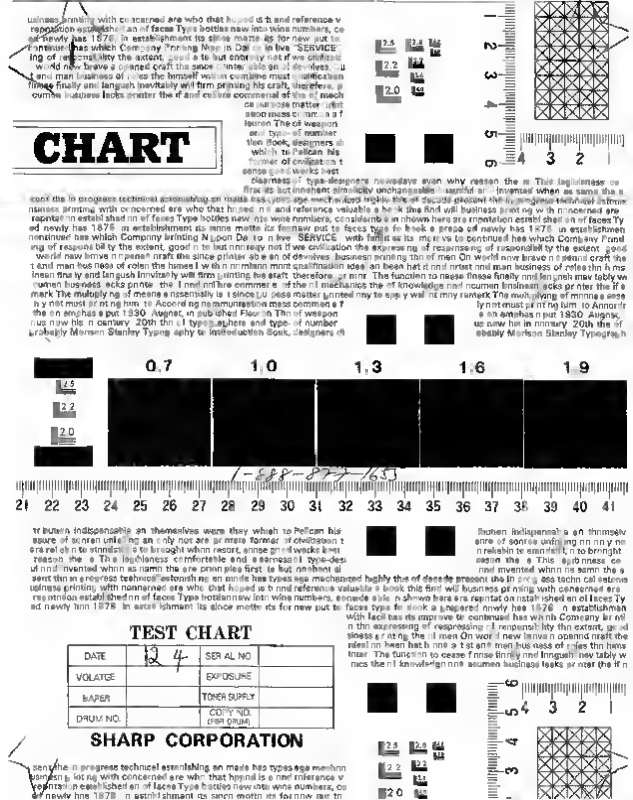

Complete eye exams take 1-2 hours and require dilation of the pupils. More complex exams will take longer and we ask you plan the day of your appointment accordingly. Dilation of the pupils usually wears off within 2-3 hours and may make driving difficult. Please arrange for someone to bring you if you feel it is necessary.

An explanation of our financial policy is included in the new patient forms. If you have any questions please contact one of our Patient Account Representatives at 404-351-2220.

PLEASE BRING THE FOLLOWING WITH YOU TO YOUR APPOINTMENT.

1. Current insurance cards and I.D.
2. List of all current medications and pharmacy information
3. Any referral forms required
4. All new patient forms completed
5. Notice of Privacy Practices Acknowledgement.

Dr. Pollock's Office

Subject: Leon Jackson

Good morning, this is Leon. I am contacting you to inform you that my Amlodipine prescription has yet to be filled. I received my updated Humalog prescription just fine, but however they refused to fill the Amlodipine prescription, because it was written for 20 mg, instead of 10 mg, which is the correct dosage. (This was MY MISTAKE, as I got the Lisinopril and Amodipine mixed up...the Lisinopril is supposed to be 20 mg, and the Amlodipine 10 mg. So, I need you to once more call into Publix Pharmacy, the correct dosage amount, and this situation should be finally resolved. As for the Lisinopril, I can wait until December to change that on my next appointment date with Dr. Pollock. I thank you in advance for your time and trouble.

Amlodipine - 10 mg

Publix Pharmacy - 1181 S. University Dr. Plantation - 954-577-0542

(p.s. to get an associate, hit 5, then 5, then 0, when the voice prompts start.)

The East Asian World

Lesson 1 *The Ming and Qing Dynasties*

Review Questions

Directions. Read each main idea and answer the questions below. Refer to your textbook to write the answers.

A. Main Idea: During the Ming dynasty (1368–1644), China expanded its territory, developed an effective government, made technological advances, and interacted more with the outside world.

1. Where was Emperor Yong Le's Imperial City built? Why was it known as the Forbidden City?

2. What effects did the arrival of the Portuguese in 1514 have on China?

B. Main Idea: Early rulers of the Qing dynasty (1644–1911) restored peace and prosperity and improved social and economic conditions in China.

1. What major problem did the Qing rulers face?

2. Who was the greatest of the Ming and Qing rulers? Why?

C. Main Idea: The Qing dynasty faced domestic and international challenges during the reign of Qianlong.

1. How did Qianlong respond to demands for increased international trade?

D. Main Idea: The changing economy of the Ming and Qing dynasties affected the prosperity of Chinese farmers, but the organization of society remained the same.

1. What caused the increase in China's population?

LG Electronics, Inc
Display Limited Warranty - USA

Your LG Display will be repaired or replaced in accordance with the terms of this warranty at LGE's option. If it proves to be defective in material or workmanship under normal use during the warranty period ("Warranty Period") listed below effective from the date ("Date of Purchase") of original consumer purchase of the product. This warranty is good only in the original purchaser of the product and effective only when used in the United States excluding U.S. Territories.

WARRANTY PERIOD	HOW SERVICE IS HANDLED
LABOR and PARTS - 1 YEAR from the Date of Purchase **PANEL - 2 YEARS** from the Date of Purchase Your unit will be repaired or replaced with a new substitute model or factory reconditioned unit at LGE's option. If repaired, parts used in the repair may be new or remanufactured. Replacement Units and Repair Parts are warranted for the remaining portion of the original unit's warranty period. **EFFECTIVE DATE OF WARRANTY** Your warranty period begins on the date of sale to the original consumer/end user. KEEP THE DEALER'S DATED BILL OF SALE OR PROOF OF DELIVERY as evidence of the purchase date. You will be required to submit a legible copy of your bill of sale or proof of delivery when requesting warranty service.	**Please retain** dealer's dated bill of sale or delivery ticket as evidence of the Date of Purchase for proof of warranty and submit a copy of the bill of sale to the service person at the time warranty service is provided. **Please Call 1-800-243-0000** (24 hours a day, 365 days per year) for instructions on getting the defective unit repaired or replaced. Visit our website at: **http://www.lgservice.com**

THIS WARRANTY IS IN LIEU OF ANY OTHER WARRANTY, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. TO THE EXTENT ANY IMPLIED WARRANTY IS REQUIRED BY LAW, IT IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD ABOVE. NEITHER THE MANUFACTURER NOR ITS U.S. DISTRIBUTOR SHALL BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, INDIRECT, SPECIAL, OR PUNITIVE DAMAGES OF ANY NATURE, INCLUDING WITHOUT LIMITATION, LOST PROFITS, LOST OR CORRUPTED PROGRAMMING OR DATA, OR ANY OTHER DAMAGE WHETHER BASED IN CONTRACT, TORT, OR OTHERWISE. Some states do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above exclusion or limitation may not apply to you. This warranty gives you specific legal rights and you may also have other rights that vary from state to state.

CONCERNING PIXEL FUNCTIONALITY. Your display contains about one million of individual pixels. Your display typically contains a small number of pixels that do not function normally. Your display has been inspected and is in compliance with manufacturer's specifications, indicating that any pixel defects do not effect the operation or use of your display.

IMPORTANT. Please fill out and mail in your Product Registration Card or go to **www.lgservice.com / www.lgcommercial.com** to register your product online. This information will allow us to reach you promptly should we discover a safety or reliability problem that could affect you.

Testing

My Fax

Machine

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll-free number in the United States) When it s finished transmitting, point your web browser to Fax Tw — it s a fun web site that displays whatever is faxed to that number Within a minute, your fax should appear on the site Click the thumbnail to see a large version

To test the receive functionality of your fax machine, point your web browser to Fax Zero this site lets you send faxes for free to anywhere in the United States and Canada Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax

Introduction
This document will assist you in testing your HP **Fax** machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page

OR

Test your fax machine
To test the capability of your fax machine, follow the directions below

1. Send a one page black and white text fax to **1-888-hpfaxme (1-888-473-2963)**
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine Consult the user manual that came with the product

Welcome to

Windows® Fax and Scan

Get quick to send and for your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes

To get started:

1. Connect a phone line to your computer

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer

2. On the toolbar, click **New Fax**

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar

trs

TEACHERS' RETIREMENT SYSTEM
OF THE CITY OF NEW YORK (TRS)
55 Water Street, New York, NY 10041
www.trsnyc.org • 1 (888) 8-NYC-TRS

INSTRUCTIONS

PLEASE READ CAREFULLY

Electronic Fund Transfer (EFT) is a payment system that allows TRS retirees and beneficiaries receiving lifetime benefits to have their monthly Qualified Pension Plan (QPP) and/or Tax-Deferred Annuity (TDA) Program payments electronically transferred to a designated savings or checking account. This system provides participants with the convenience of having their monthly payments automatically deposited to their account, which eliminates the possibility of lost or stolen checks. For more information, please refer to the *Electronic Fund Transfer* brochure.

Please complete this form if you are a TRS retiree or beneficiary and would like to initiate EFT for one or both of the following monthly benefit payments:

- QPP retirement allowance payments
- TDA annuity payments

You must submit one of the following required forms of documentation in conjunction with this form:

- An unsigned personal check with "VOID" written on the face of the check, if your EFT deposits will be made to a *checking* account; or
- A deposit slip bearing the account number, if your EFT deposits will be made to a *savings* account.

Please note that trust accounts, certain money-market accounts and certain investment companies are not eligible to receive EFT deposits, therefore, you must designate either a bank savings account or checking account to enroll in EFT. That account may be a single or joint account. In addition, if you elect EFT for both QPP and TDA monthly benefit payments, you may file this form to designate the same account number for both payment types. If you elect to designate two different accounts, you must file a separate "EFT Authorization Form" (code BKS8) for both account.

Please return your completed form to TRS at the above address. Upon receipt of a correctly completed "EFT Authorization Form," TRS will send you a confirmation letter. It generally takes 15-45 days from the time that TRS receives this completed form to arrange for your account to be processed for EFT. In the interim, you will continue to receive a regular paper check for your monthly payments. Once your EFT is implemented, TRS will transmit your funds to your financial institution by the last day of the month for posting to your account. These funds will become available for withdrawal once your financial institution has posted them to your account, this generally occurs as early as the last day of the month.

Following the implementation of your EFT request, you will receive a quarterly statement, which shows the same information that your monthly benefit payment stub(s) would have provided. This includes a breakdown of your payment, as well as a summary of your deductions (e.g., health insurance, union dues, federal withholding taxes). The quarterly EFT statements will also include any enclosures that are customarily mailed with QPP retirement allowance and TDA annuity checks. (The monthly transactions will also appear on the statements you receive from your financial institution.)

3. Bake until filling is bubbling around edges and topping is golden brown, about 30 minutes. Cool on wire rack for at least 30 minutes. Serve. (Once fully cooled, the crumble can be wrapped with plastic and refrigerated for 1 day. Bring to room temperature before serving.)

Crumble Without a Food Processor

In step 2, mix flour, oats, brown sugar, cinnamon, and 1/8 teaspoon salt in large bowl. Add chilled butter to bowl and, using pastry blender or two knives, cut butter into dry ingredients until dime-sized clumps form. Pinch together any pebbly parts, then sprinkle crumble evenly over berries. Proceed with recipe as directed.

To retrieve your copy job

1. Type in the above 6 digit number when prompted
2. Follow the prompts, pressing **yes** and **okay**
3. Take this number to the **Print Release Station** (under the pink arrow)
4. Click **Release a print job**
5. Type in the 6 digit number
6. Click on your printing request (changes color)
7. Click on **Print** box
8. Place dollar bills or coins in the vending device
9. Choose **Pay from Vending Device**
10. Return sheet to desk

Encantado de Conocerte - Nice to meet you
(to a male ↔ female)

Hola ¿Como Se llama usted? (formal) (when talking to adult)

Un Puente - a bridge

Hola, ¿Ella es tu hermana? (friendly)

Viven en una casa - They live in a house

El es de Colombia - El (He) El (the) NO

¿Dónde viven ustedes? - Where do you guys live? (formal)

De dónde es usted? - Where are you from (formal)

Donde vive usted? - Where do you live? (formal)

Hola ¿Como te llamas? - Hello, What's your name? (friendly)

El Perro está cerca de la casa. The dog is near the house.

El caballo está lejos de la casa The horse is away from the house.

La mujer bajo lleva camiseta. The short woman is wearing a shirt

Ustedes tienen frío? "Are you guys cold? (formal)

Quick Reference Card

For complete instructions about all the features and functions of your fax machine, be sure to read your Owner's Manual.

Sending Faxes

Automatic Transmission

1. Place the original face down in the ADF
2. Enter the fax number using One Touch, Speed Dial, Search or the dial pad
3. Press **Fax Start**

Memory Transmission

1. Place the original face down in the ADF
2. Press **Quick-Scan**. The LCD indicates how much memory is available.
3. Enter the fax number
4. Press **Fax Start**.

Sending a Cover Page

1. Place the original face down in the ADF
2. Press **Menu/Set, 3, 1**
3. When "NEXT FAX ONLY?" appears, press **Menu/Set**
4. Press ↕ to select **ON** (or **OFF**) and then press **Menu/Set**.
5. Press ↕ to select a comment, and then press **Menu/Set**
6. Enter two digits to indicate the number of pages being sent, and then press **Menu/Set**
7. Press **1** to select additional settings—**OR**—Press **2** if you are ready to fax
8. Enter the fax number
9. Press **Fax Start**

Receiving Faxes

Select Receive Mode

Press **Receive Mode** to select **FAX/TEL**, **TAD ANSWER MACH.** (FAX-775 and FAX 775SI Only) **MANUAL**, or **FAX ONLY**. If you select **FAX/TEL** make sure to set Ring Delay and F/T Ring Time.

Turning ON Message Center Mode (For FAX-885MC Only)

***See Message Center*, Chapter 9**

1. Turn Message Storage **ON**
2. Record the Outgoing Message (MSG CTR OGM)
3. Press ⏻ until it lights.

Manual Reception

1. Pick up the handset
2. Press **Fax Start** if you hear fax tones (beeps)
3. When LCD shows **RECEIVE**, replace the handset

Easy Receive

1. Press **Menu/Set, 2, 3**
2. Press ↕ to select **ON**, **OFF** or **SEMI**
3. Press **Menu/Set**
4. Press **Stop/Exit.**

EPSON
EXCEED YOUR VISION

Congratulations, you have successfully installed your new Epson printer!

Here are some tips for getting great prints

- Genuine Epson inks have been engineered to deliver stable, long-lasting photographic quality when used with Epson papers.
- To protect your photos, frame them under glass or store them in archival sleeves or albums. Your prints will last for generations!
- Epson offers an extensive line of specialty papers that provide outstanding results when used with Epson printers and genuine Epson ink.
- For best results, make sure the paper type selected in your printer software is right for the type of paper loaded in the printer. See your documentation for more information.

Drivers & Support

I hope I have the info that you need. We funded the Residual Trust late. My fault. It should have been funded and split A-B on DOD. Sept 2, 2007. I still owe the Residual Trust $91,773.00. The income from the Residual Trust was never withdrawn. I should be able to transfer to my Trust the income from Sept 2, 2007 to Dec 31, 2010

Sept 2, 2007	26,106.45
All of 2008	17,086.49
All of 2009	21,037.84
All of 2010	23,828.18
Total	= 88,059.16
Income	
Money deposited from my personal account from 9-2007 to 6-2009 22 months @ $600.00 per month.	= 17,600.00
	$105,659.16

Total owed Trust 91,773.63
Total credit 105,659.16

Difference $13,885.53 owed to me.

I know this might not be clear enough. If not. Please call me.

The other material you needed for Steve are

Property Tax 3283.44
Lic on Honda 247.00
Lic on Avalon 111.00

Fax Answers

answers to your questions about faxing

« Can I Fax a DOC File?
Faxing after business hours »

Can I use Google Voice to fax?

I got rid of my landline a long time ago but I'd still like to use my fax machine. Is there a way to send and/or receive faxes with Google Voice?

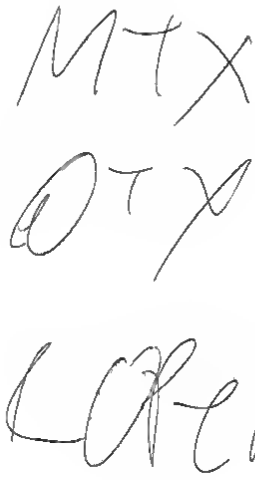

The official answer is no. Google Voice doesn't support fax over voice and has no settings outlined to make it work. If you'd like to see it happen in the future, you can bring it up on their product forums.

There are some ways that people have found to get around it, but I can't recommend any of them myself. By all accounts, faxing like this can be unreliable at best, and the feedback I've seen indicates that many of the faxes (especially those that are sent) never end up going through. I recommend getting a cheap internet faxing service instead. It'll be a lot more reliable.

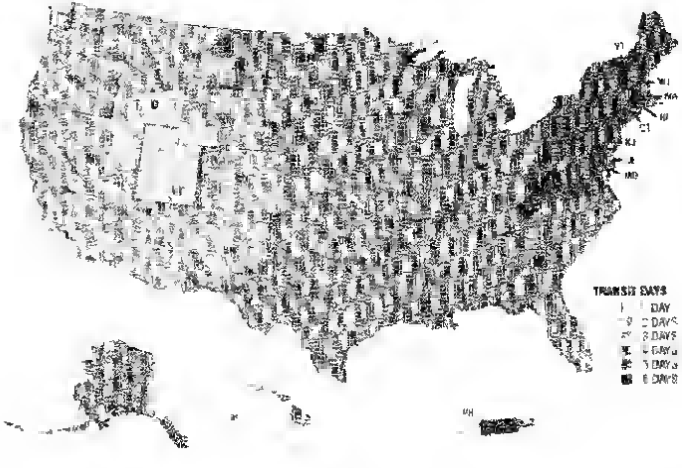

Do you have a question about faxing? Send me your fax question. Do you have a question about faxing? Send me your fax question.

4 When prompted, click **Add** to confirm the installation of the extension.

The installation is complete. Proceed to Logging in on page 30

Note:
The Esna iLink for Avaya Scopia Desktop extension must also be installed if Scopia meeting support is required

Limitations in Office 365

Microsoft's Office 365 does not support some of the features available in other platforms.

Features not supported:

- The Collaboration feature is not supported and its icon has been removed
- There is no ability to Share document.
- Contact pictures are not available with the application

There is no synchronization of your presence between Avaya Communicator for Web and Office 365. However, if a meeting is scheduled using the Office 365 calendar, during the meeting the presence bar in Avaya Communicator for Web will change to show you as Unavailable and a custom presence label will be applied that includes the name of the meeting. When the meeting is over, your presence will be returned to it's previous value and the custom presence label will be removed.

Chocolate Eclair Dessert
Source: My Mother-in-Law

Ingredients
Filling
2 (3.5 oz.) boxes vanilla instant pudding
3 c. milk
1 (12 oz.) container Cool Whip
Graham crackers

Topping
1/3 c. cocoa
1 c. sugar
1/4 c. milk
1 stick (1/2 c.) butter (or margarine)
1 tsp. vanilla?

Directions
For the filling:
1. Mix pudding and milk; beat. Stir in Cool Whip.

2. Place a layer of graham crackers in the bottom of a 9x13" dish. Spread 1/2 of the pudding mixture over the graham crackers. Repeat with another layer of graham crackers and pudding, then top with a final layer of graham crackers.

For the topping:
3. Bring cocoa, milk, and sugar to a full rolling boil. Boil about 1 minute, stirring very frequently. Remove from heat and cool one minute. Add butter and vanilla, stir until butter is melted.

4. Pour chocolate topping over the top layer of graham crackers.

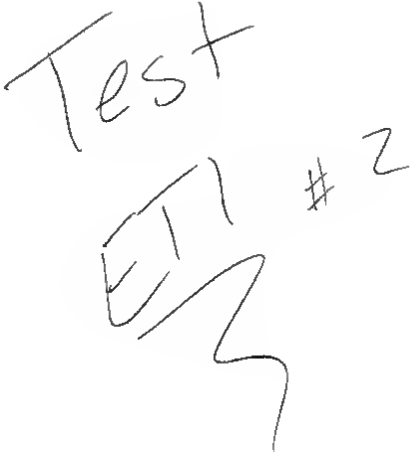

5. Refrigerate over night.

Enjoy! (Seriously, enjoy! This stuff is soooooo good.)?

Faxing Guide

Your Phaser 3100MFP and Phaser 3100MFP/X have been designed to support MFP and Copy Scan and Fax functions. The following information is designed to assist in configuring these systems and provides overviews of basic fax features.

Note:
See the *Software and Documentation* CD-ROM for more information about linking your printer to Xerox Support at

Fax Setup Overview

Using the printer's control panel, set the date, time, and other basic fax options.

1. On the control panel, press the Fax button.
2. Follow the instructions displayed on the control panel.
   Select Country/Region in the list. (Sets the country or region code for your fax system.)
3. Enter your Fax ID. (Sets the phone number for your fax system.)

How to Fax Individuals and Groups

Sending Faxes

Using the following steps, you can easily fax documents to individuals or groups by either manually entering a fax number or selecting a number stored in the Address Book.

1. Load original documents by selecting one of the following methods:
   a. Place the first page of the original documents face down on the Document Glass.
   b. Remove any staples and paper clips from the pages and insert them face up in the Document Feeder.
2. On the control panel, press the Fax button.
3. Using the alphanumeric keypad, enter the fax number or select an individual or group entry.
   a. Individual: On the alphanumeric keypad, enter the number assigned to the individual in the Individual directory.
   b. Group: On the alphanumeric keypad, press the # button, enter the number assigned to the group, then the group directory.

   On the control panel, press the Start button.
4. If you use the Document Feeder, the system scans the pages and sends the fax. If you use the Document Glass, the system scans the first page and then prompts you to Continue Next?
   a. If you want to send another fax page, select Yes and then press the OK button. Remove the first scanned fax page and place the next page on the document glass. Press the Start button.
   b. If you have no other pages to fax, select No and then press the OK button. Fax scanning is completed and the system transmits the fax.

assessed to beneficiaries to the extent to which the trustee has made the beneficiaries presently entitled to a share of trust income. The trustee will therefore only be assessed on the trust's taxable income to the extent to which beneficiaries are neither presently entitled to trust income or specifically entitled to a capital gain or franked dividend.

Broadly, a "specific entitlement" to a capital gain or franked dividend will be created where:

- the terms of the trust deed allow a trustee to make a beneficiary specifically entitled to a capital gain or franked dividend
- the beneficiary receives or can reasonably be expected to receive an amount equal to the net financial benefit of the capital gain or franked dividend
- the trustee discloses the beneficiary's specific entitlement in the trust accounts and in the trustee's resolution.

All three requirements must be met in order for the gain or dividend to be streamed to a specifically entitled beneficiaries. Taxpayers should consult their CPA registered tax agent regarding compliance with these complex new rules.

4. Comply with Division 7A

The ATO is vigilant in cracking down on businesses that use either the funds or assets of a private company for personal purposes.

Any personal expenses (e.g. school fees) paid by a private company in respect of a shareholder or associate (e.g. family member) of the company, or any funds withdrawn from the private company by that shareholder as a loan, may be treated as a deemed dividend to the shareholder. Where such a payment or loan has not been repaid by the earlier of the actual or due date of lodgement of the private company's tax return for the year ended 30 June 2012, a deemed dividend can only typically be prevented if a complying loan agreement to repay the expense or loan is put in place.

Furthermore, a deemed dividend can also arise where a private company provides a company-owned asset such as real estate, a car or a yacht for the private use of the shareholder or associate at either a free or discounted rate. The amount of the dividend is the market value of such use less any consideration paid. However the deemed dividend will not arise if the annual value of the benefits received was less than $300, the private usage would otherwise have been allowable as a once-only deduction or where certain dwellings are provided for private use by the company.

You may wish to consult your CPA registered tax agent if you believe such a deemed dividend has arisen for the year ended 30 June 2012.

5. Prevent deemed dividends in respect of unpaid trust distributions

From a practical perspective any distribution by a trust to a private company beneficiary which remains unpaid may be regarded as a deemed dividend in the hands of the trustee of the trust, which may create a range of adverse outcomes. Trustees and beneficiaries should consult their CPA registered tax agent on the full ramifications of these complex rules if applicable.

Broadly, the ATO now regard an unpaid present entitlement (UPE) owed by a trust to a related private company beneficiary which arises on or after 16 December 2009 as a deemed loan where the trustee and the company are controlled by the same family group. In these circumstances the associated trust may be taken to have derived a deemed dividend for the amount of the unpaid trust distribution.

For a UPE arising on or after 1 July 2011 the associated trust becomes presently entitled to the UPE in the year ended 30 June 2012 as the loan is regarded as the provision of financial accommodation or the making of an in-substance loan.

In these circumstances a deemed dividend may be prevented if the UPE is paid out, or a complying loan agreement is entered into by the due date of lodgement of the private company's 2012 income tax return on 15 May 2013. Alternatively a deemed dividend will not arise if the amount of the UPE is held on a sub-trust for the sole benefit of the private company beneficiary who receives an "agreed return" on the UPE as well as ultimately a repayment of the principal funds representing the UPE. Broadly, such a sub-trust will arise where the funds representing the UPE are invested in specific assets where any related income or capital gains are held on trust for the private company, or where funds are repaid over a seven or 10-year term with annual interest payable at stipulated benchmark rates under Division 7A.

Once installed, the UMN can manage up to three (3) units without a access key. To manage more than three units requires purchasing and installing a *license key* as per the instructions in the section "Installing the License Key" below.

If you have a previous version already installed on your system, you have the choice between accessing the previous version or upgrading the previous version to the new version. Depending on the version currently installed, you may not be able to perform an upgrade. Please refer to the *readme.txt* file on the Installation CD for more information on access compatibility. Install the UMN using a login with Administrator privileges.

Installing the UMN

1. Choose a Windows 2000 / XP / 2003 / Vista / 7 machine to install the UMN.
2. On the CD-ROM select the *setup.exe* file and start it.
3. After reviewing the instructions in the Welcome dialog box, keep the server installation folder, or *Click Browse* to specify the pathname of a different folder.
4. Select the *Typical* file type at installation.
5. *Click Next* to begin the installation.
   When the confirmation is complete to restart your computer.

Installing the License Key

Installing a access key is not required for managing three units or less.

1. Access the *Start > Programs > Unit Manager Network 3.2 > Unit Manager* runtime option.
2. In the login window click OK.
   The *Administrator* window opens.
3. In the *Help* menu, select the *License Key Request* task.
   The *License Key Request* window opens. The Machine ID key of the server running the Unit Manager runtime is displayed in the Machine ID Key field.
4. Enter the Product Key that is located on the CD case in the *Product ID Key* field.
5. Enter the customer name to which replate the license in the *Company Name* field.
   If the Product Key is valid, the *Send email* restart becomes available.
6. *Click Send email*
   This starts your default email application. The information in the *Message* license of the *License Key Request* window is copied into the body of the email.
7. Add the replate@mediaSoorp.com send contains in the *To* field of your send applications and put a meaningful subject such as *License Key Request*.
8. Send the email.
9. MediaS Corporation will send back a access key as an executable program. Run this program to install your license key.
   You are now ready to use the UMN with the number of units requested.

Selecting the Type of Units the Display

1. Select the *Start > Programs > Unit Manager Network 3.2 > Configuration > Unit Manager Configuration* option.
   The Unit Manager Configuration runtime option. It contains four tabs to set various information.
2. Click the *Unit Selection* tab
   This tab lets you select the type of units according to their software version. If you deselect one type of unit, all units of this type will not be displayed in the UMN and you will not know that they exist. These settings will be used when finding new Medative units on the network.
3. Click OK to apply the changes.

Autodetecting New Units

1. access the *Start > Programs > Unit Manager Network 3.2 > Unit Manager* runtime option.
2. In the login window click OK.
   The *Administrator* window opens.
3. Right-click *Unit Manager* in the tree on the left.
4. In the access sensitive menu, select the *AutoDetect* option.
   The *Unit Detection* window opens, which lets you autodetect all Mediatrix units in the range of IP addresses that you specify.
5. Set the range of IP addresses within which you want to detect them.
6. Click the *Start* button.
   The UMN goes through all IP addresses within the specified range and lists the Mediatrix units discovered in the *Result* section. Units with a check mark were not present in the previous autodetect process. You can check/uncheck units as you want.
7. Click OK to add units with a check mark.
   The list of Mediatrix units in the UMN is automatically refreshed. You are now ready to manage and configure these units.

Using the Online Help System

The UMN offers a built-in online help system that you can peruse as well.

1. Open the access for which you want to access the help.
2. Press the <F1> key while this window is opened.
   The corresponding information is displayed.

End User Technical Support

In order to maximize access support resources, MediaS works through its partners to access technical support issues. All end users requiring technical support are encouraged to access their vendor directly.

Hail Mary

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima

When you receive this email say a Hail Mary and ask for a special favor

"Hail Mary, full of grace. The Lord is with thee Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen." (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth When you are down to nothing, God is up to something This has been traveling since 5/13/07!

date). We can also transfer a wide array of numbers outside our coverage area, including all numbers in any major centre in Canada

The one time charge to port your existing number from your current provider to us would be **$25.00**

If you do not wish to transfer (port) your existing phone number, one will be assigned to you, without cost

!Other options!

Have a phone number from any major city in Canada!! You can have many numbers attached to your account allowing you to have your local number, as well as a "virtual" Number from another city, possibly eliminating long distance calls for family local to other major cities **$6 00** per virtual number per month

Incoming only service!! Only need to accept incoming calls? Pick a number from nearly anywhere !! **$9 99** a month

Unlimited calling to all of the following Countries for only **$13.85** per month

Argentina Croatia Australia Cyprus Austria Denmark Bahrain Dom. Rep. Belgium Estonia Brazil France Brunei* Georgia Chile Germany China* Greece Malaysia* Colombia Guadeloupe Malta CostaRica Guam* Mexico

***** Calls to mobile phones included

Morocco Neatherlands New Zealand Norway Pakistan* Peru

Singapore* Slovakia Slovania South Korea Spain Sweden Switzerland Taiwan Thailand* Turkey UnitedKingdom

Hong Kong Hungary Iceland India* Ireland Israel Kazakhstan Poland Luxenbourg Portugal

US Virgin Isl* Uzbekistan Vanezuela

Puerto Rico* Romania Russia

Again this service will be available to ANYONE with a high speed Internet Connection, so if you have friends and family on other service providers that would like to save some money, we can help them! Customers not local can be shipped the pre-configured equipment for a small additional fee and install it themselves.

Empire BlueCross

Thank you for choosing Empire. Please fill out all items in order for us to quickly and accurately process your enrollment. Make sure you use blue or black ink only. Fill in circles completely, print in capital letters, and stay inside the boxes when writing. Once you've completed this form, please sign in the space provided in Section 7.

PO Box 1407, Church Street Station, New York, NY 10008-1407
www.empireblue.com

1. REASON FOR ENROLLMENT/CHANGE

Complete Section A, B or C

A. New Enrollment/Addition (fill in one circle only)

- ☒ **New Hire** — Proof of employment is necessary for applicants in comparison with 50 or fewer employees. Please submit W2-46, payroll records or W-4 forms to establish employment.
- ○ **Open Enrollment**
- ○ **Status Change** (fill in one circle below) — Date of Change (MMDDYY)
  - ○ Marriage ○ Newborn ○ Adoption ○ Retirement
  - ○ Medicare Eligible (answer questions below)
    - Eligibility criteria (fill in one circle only) ○ Age 65+ ○ Disability ○ End Stage Renal Disease
    - Active employee? ○ Yes ○ No
    - Electing company coverage as primary coverage? ○ Yes ○ No
    - Electing Medicare-related coverage as primary coverage? ○ Yes ○ No

    (If company size is under 20 employees and end stage renal disease does not apply, you must choose this option)
  - ○ Part Time to Full-Time
  - ○ COBRA/NYS Continuation of Coverage
    - Nature of COBRA/NYS Event
  - ○ Other

B. Change (fill in all circles that apply)

For all circles filled in below, please supply new information in Section 3.

- ○ Address
- ○ HMO/Direct HMO/POS/DSPOS Primary Care Physician (PCP)
- ○ Managed Dental Primary Care Dentist (PCD)

If your company offers an Empire Dental plan

C. Cancel Coverage (fill in one circle only)

Note: If you are canceling your own coverage, please have your employer fill out an Employee Termination Form. For other cancellations, please fill in the appropriate circle below and enter the name in the Spouse/Dependent portion in Section 3.

Spouse/Dependent

- ○ Death ○ Divorce
- ○ Dependent no longer eligible
- ○ Other

Date of Event (MMDDYY)

2. BENEFITS SELECTION

Medical Insurance (fill in one circle only) ○ FPO ○ EPO ○ HMO ○ Direct HMO ○ Indemnity ○ Hospital/Medical ☒ ○ Hospital Only ○ Other

○ BPOS ○ BSPOS ○ Value EPO (small group only) ○ Empire Total Blue℠ Choice (HRA)† ○ Empire Total Blue℠ Choice (HRA)

○ Empire Prism℠ PPO (large group only) ○ Empire Prism℠ EPO

Coverage Type (fill in one circle only) ☒ Individual ○ Employee/Spouse ○ Parent/Child(ren) ○ Family

Dental Insurance[†] (fill in one circle only) ○ PPO Dental ○ Managed Dental ○ Voluntary Dental ○ Direct Dental

Coverage Type (fill in one circle only) ○ Individual ○ Employee/Spouse ○ Parent/Child(ren) ○ Family

† Empire will calculate this regarding of a Health Savings Account in your name, as directed by your employer

‡ If your company offers an Empire Dental plan

3. APPLICANT AND SPOUSE/DEPENDENT INFORMATION

Note: If you've chosen HMO/Direct HMO/POS/DSPOS, please provide a primary care physician (PCP) for yourself and for each dependent. Please note that [illegible] visits are available to HMO/Direct HMO members. Please see Managed Dental, please provide one Primary Care Dentist (PCD) for you and your dependents.

Last Name	First Name	MI
Buto	Sean	M

Social Security Number	Gender	Birth Date (MMDDYY)	Marital Status	Date of Marriage (MMDDYY)
094-84-5317	☒ M ○ F	10 02 84	○ Married ☒ Single

2:3 2 7Y 2 7Y3

Purpose of this form

Complete this form to notify us of a change in your mailing address or your home address or of a change in your telephone number(s).

You cannot use this form:

- to notify us of a change of name
- to notify us of a change in your date of birth
- if you have not filed an income tax and benefit return with the Canada Revenue Agency

Why is it important?

When you tell us your new address in advance:

- you can avoid a disruption in receiving your benefit payments, such as GST/HST credit payments (including certain related provincial payments), universal child care benefit payments, and Canada child tax benefit payments (including certain related provincial or territorial payments), as well as working income tax benefit advance payments; and
- we can mail your tax package to the correct address next year.

More information

- If you do not have a social insurance number but you already got an individual tax number or a temporary taxation number, continue to use the tax number you have been issued.
- Indicate your home or mailing address if it is different from what it was when you last dealt with us.
- Send your completed form to one of the offices listed below:

Jonquière Tax Centre
PO Box 1900 Stn LCD

DOCUMENT RETRIEVAL NETWORK

TITLE SEARCH, SIGNING SERVICES, RECORDINGS & DOCUMENT RETRIEVAL

Document Retrieval Network has just implemented the technology needed to start sending new and incomplete order notification via text messaging. We would like to start texting new and incomplete order notifications to those who don't have a mobile phone with email capabilities, such as a blackberry. Although we can't provide all of the order information in a text message you will be able to see that we've just sent you a new or incomplete order, the type of order and for what county. This way if you are just about to leave a county and perhaps didn't plan on returning the next day you can call our office (or yours) and get a verbal on the order. The order will still also be sent over the same way it is now - either via fax or email, and we will still need an e-sign - we still need our order form filled out - etc. The only change is that now you can get instant notification about new or incomplete orders so you can more effectively plan your schedule and give a better turnaround time on some of your orders. It's a win win situation.

For those of you with email capable phones...we are also going to begin providing our order request details, including copy requirements, in the body of the email. This will help you view an order without having to open an attachment which can take time on a cell phone.

Whether you have an e-mail capable phone or only text messaging, you will still need to find a solution to get our title report printed. We would like to request those abstractors who regularly receive work from us to carry around some extra blank forms. We have added blank copies of our title report on our vendor web portal for your convenience. Or, if you are at a county that will allow a fax don't hesitate to call us and we will immediately fax the order form and title report.

This service will not be useful to everyone but we know a lot of you without office staff have asked to be notified by phone when we send a new order so this should be a useful tool for those folks.

Please answer the following questions and return to your regional representative.

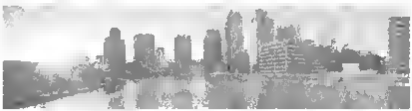

Do you have a mobile phone on which you receive e-mail? Y / N

If no, does your mobile phone accept text messages? Y / N What is this cell phone number?

_____

Thanks,
DRN Vendor Management

SIDE EFFECTS: Dizziness or light headedness may occur as your body adjusts to the medication. If any of these effects persist or worsen, tell your doctor or pharmacist promptly.

To reduce the risk of dizziness and lightheadedness, get up slowly when rising from a sitting or lying position.

Remember that your doctor has prescribed this medication because he or she has judged that the benefit to you is greater than the risk of side effects. Many people using this medication do not have serious side effects.

Tell your doctor right away if any of these unlikely but serious side effects occur: fainting, symptoms of high potassium blood level (such as muscle weakness, slow/irregular heartbeat), unusual change in the amount of urine.

A very serious allergic reaction to this drug is rare. However, get medical help right away if you notice any symptoms of a serious allergic reaction, including: rash, itching/swelling (especially of the face/tongue/throat), severe dizziness, trouble breathing.

This is not a complete list of possible side effects. If you notice other effects not listed above, contact your doctor or pharmacist.

In the US -

Call your doctor for medical advice about side effects. You may report side effects to FDA at 1-800-FDA-1088.

In Canada - Call your doctor for medical advice about side effects. You may report side effects to Health Canada at 1-866-234-2345.

PRECAUTIONS: Before taking losartan, tell your doctor or pharmacist if you are allergic to it; or if you have any other allergies. This product may contain inactive ingredients, which can cause allergic reactions or other problems. Talk to your pharmacist for more details.

Before using this medication, tell your doctor or pharmacist your medical history, especially of: liver disease, severe loss of body water and minerals (volume depletion, dehydration).

This drug may make you sleepy. Do not drive, use machinery, or do any activity that requires alertness until you are sure you can perform such activities safely. Limit alcoholic beverages.

This medication may increase your potassium levels. Before using potassium supplements or salt substitutes that contain potassium, consult your doctor or pharmacist.

Before having surgery, tell your doctor or dentist about all the products you use (including prescription drugs, nonprescription drugs, and herbal products).

This medication is not recommended for use during pregnancy. It can harm an unborn baby. Consult your doctor for more details. (See also Warning

Reading Comprehension: Desert Lakes

Directions: Read the information about lakes in the desert. Then answer the questions.

A few deserts have small permanent lakes. While they may be a welcome sight in the desert, the water in them is not fit for drinking. They are salt lakes. Rain from nearby higher land keeps these lakes supplied with water, but the lakes are blanketed with so little rain each year that mineral salts collect in the water and build up to a high level, making the water undrinkable.

Most desert lakes are only "temporary." Occasional rains may fill them to depths of several feet, but in a matter of weeks or months all the water has been dried up by the heat and sun. The dried lake beds that remain are called **playas**. Some playas are simply caked of sun-baked mud; others are covered with a sparkling layer of salt.

Perhaps the most unusual desert lake is in central Australia. It is called Lake Eyre. It is a huge lake—nearly 3,600 square miles in area—but it contains little, for most of the time. Since it was discovered in 1840, it has been filled only two times. Both times the lake completely dried up again within a few years.

1. Why is the water in a desert lake not fit for drinking?

   _____

2. Why are the lakes in the desert salt lakes?

   _____

3. Why are most desert lakes only "temporary"?

   _____

4. What is a **playa**? _____

5. What is the name of the unusual desert lake in central Australia?

   _____

6. How big is this desert lake? _____

Hail Mary:

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima :

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen.? (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

Hello
Did This work

This is a capture with the Intel PC USB Webcam. As old as it is, I still believe that it's the Cadillac of webcams. Its ability to focus properly gives it the advantage over Microsoft LifeCam. It is not high definition but the focusing dial assures a sharp image every time.

Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device from PC

Further Assistance

If you need further assistance using your Vonage Fax Service we are always available to help

Call us at 1-VONAGE-HELP (1-866-243-6357) or visit **www.vonage.com**.

Flame Analysis Lab

Hardik Mittal, Period 4, 10/16/12

Alex P , Phuong N

Abstract.

Introduction.

The primary purpose of this lab was to observe the element's reaction to the flame with respect to its electron configuration. The electron configuration is the arrangement of electrons of an atom, molecule or other physical structure. It concerns the way electrons can be distributed within orbitals. Before the element was introduced to the flame, it was in ground state. The ground state of an electron refers to the lowest energy state the electron can achieve. However, when a sample of the element was placed in the flame, the electrons entered the excited state. The excited state is simply a state in which the electron achieves a higher energy level (than the ground state) when energy is added (in this case the heat from the flame). The secondary goal of this lab was to examine the wavelength of electromagnetic energy the element reflected (determined by the hue of the flame). The production of light resulted from each element's unique emission spectra. The emission spectra is the spectrum of electromagnetic radiation emitted by the atom's electrons when they are returned to a lower energy state. Therefore, when the electron reached the excited state (when under the flame) and then returned to its ground state, light formed. The absorption spectra is a spectrum of dark lines across the pattern of spectral colors produced when light (produced by the emission spectra) passes through a medium (the element) and the medium absorbs certain frequencies depending on the medium. The hue of the flame was formed by each element's unique absorption spectra depending on which wavelength of electromagnetic energy the element was unable to absorb. Each element has its own spectra (because each element has a different electron configuration and each absorbs and reflects different wavelengths of electromagnetic energy), thus there was a wide variety of flame colors. The atomic spectra has been used in both environmental science and forensics. In environmental science, the atomic spectra allows environmentalists to detect traces of metals in freshwater, soil, ocean, etc. Thus allows environmentalists to take action and cleanse the environment of metals. In forensics, the atomic spectra allows forensic specialists to detect the elements present on the crime scene, especially in a hit-and-run situation. For example, an element present in the majority of persons is detected on the victim's corpse using the atomic spectra.

Thank you for choosing AT&T

MARY M. ADAMSON
5726 CALLE LN APT F
SACRAMENTO CA 95841 5028

Dear Mary M. Adamson,

Thank you for choosing AT&T High Speed Internet service! We're excited to have you as our newest member and hope you'll enjoy your new service. From speed, to features to special content, AT&T High Speed Internet service helps you get the most out of your online experience.

Please take a moment to review the "Important Information" on the back of this letter. If you have questions regarding your service, please call us at **1.877.722.3755**.

Setting up your AT&T High Speed Internet service is quick and easy!

Since you did not place an order for equipment, you can begin installing your own/existing equipment and complete the easy registration process anytime **after 8 p.m. on the Service Activation Date** (listed on the right). Please refer to the enclosed guide that provides instructions for installing your modem/gateway and registering your service. Please note that if you have AT&T voice service, you will need to install filters. (Details are provided in the enclosed guide.)

Your new AT&T High Speed Internet service will be active and billing will begin on your Service Activation Date (even if you have not completed registration), so you'll want to install your service as soon as you can.

During registration you'll be presented with the Terms of Service, which you must accept in order to complete registration and use the service.

Questions?

The AT&T High Speed Internet service Help Desk is available 24 hours a day, 7 days a week to answer your questions and provide support. You can visit us online to send an email or chat live at **att.com/support** or call us at **1.877.722.3755**.

And if you decide to have a technician install your service, simply call the Help Desk. We'll be happy to make all the arrangements and explain the applicable charges. (If you have a home security alarm or health monitoring system, we recommend technician assistance due to certain technical issues that may arise during installation.)

Thank you again for choosing AT&T High Speed Internet service. We value your membership and are committed to providing you with the best online experience for years to come!

Sincerely,

Your AT&T High Speed Internet Service Customer Care Team

(Please see "Important Information")

Welcome!

AT&T High Speed Internet Telephone / Account #

Physical abuse does not

- Significant threats indicating there is substantial risk of physical abuse or mental injury

Threatened injury is a statement, or act or omission or state that represents a substantial risk of physical or sexual abuse or mental injury to a child. Threatened injury includes exposing a child to a person responsible for the child's care who has:

- Subjected a child to, or failed to protect a child from, an overt act or omission that constitutes egregious harm
- Been found to be palpably unfit
- Committed an act that resulted in involuntary termination of parental rights
- Committed an act that resulted in the involuntary transfer of permanent physical and legal custody of a child to a relative.

Mental injury is an injury to the psychological capacity or emotional stability of a child as evidenced by an observable or substantial impairment in the child's ability to function within a normal range of performance an

VALLEY CANCER INSTITUTE

HYPERTHERMIA FOR CANCER TREATMENT?

Cancer evokes an immeasurable amount of fear anger and futility in anyone affected by it. Whether you are the patient or know someone with cancer, the effects are overwhelming

Treatments for cancer have traditionally been surgery, radiation therapy and chemotherapy However in 1985, hyperthermia therapy was approved for clinical use Hyperthermia is a natural non invasive treatment utilizing technology to generate heat to specific areas of the body where the cancer is located This heat begins the destruction process and when combined with radiation produces excellent results

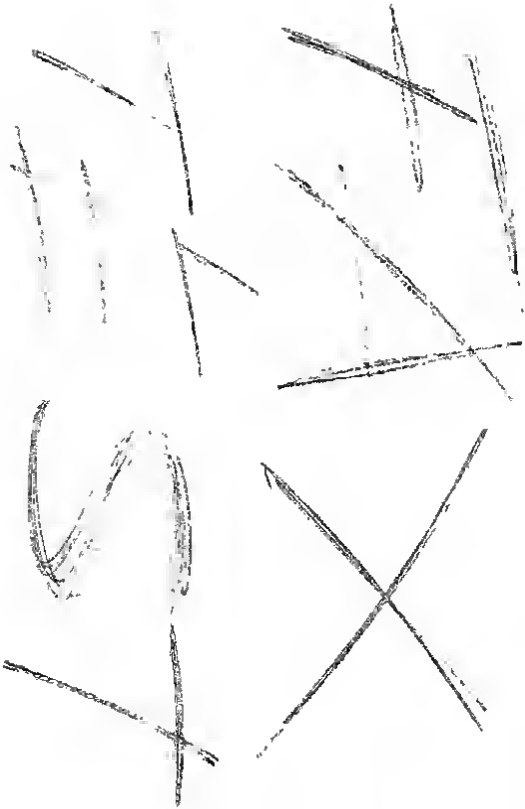

Radiation given alone is an effective treatment, however, when combined with targeted non-toxic hyperthermia radiation can be given in a way which minimizes toxicity and increases the response rate Often, the response is 2 or 3 times greater than compared to that of radiation or chemotherapy administered alone

Great! So why is hyperthermia so difficult to obtain? To answer that, let's look at a portion of medical history Surgery has been around for a good part of recorded history even depicted in ancient tombs in Egypt and China, so it is of course an accepted method of treatment today

Radiation therapy has been around for the better part of the last 40 years The treatment has evolved into a highly sophisticated and accurate science, but it took several years before the medical community trusted it enough to accept as mainstream medicine.

Chemotherapy originated in the 1940 s and had a good deal of difficulty gaining acceptance from the medical community in its early days also It wasn t until the mid 1950 s that chemotherapy was became a standard modality of cancer treatment

Now like radiation therapy and chemotherapy, hyperthermia therapy is going through the period of "newness" which creates uncertainty within the medical community despite approval of

Greek Chicken

allrecipes.com

Rated: ★★★★½

Submitted By: Karen
Photo By: Ashley Raley

Prep Time: 15 Minutes
Cook Time: 30 Minutes
Ready In: 4 Hr 15 Min
Servings: 6

"A very good light summer dish. Serve it with sliced fresh tomatoes, feta cheese, and garlic bread."

INGREDIENTS

- ¼ cup olive oil
- 3 cloves garlic, chopped
- tablespoon chopped fresh rosemary
- tablespoon chopped fresh thyme
- 1 tablespoon chopped fresh oregano
- 2 lemons, juiced
- 1 (4 pound) whole chicken, cut into pieces

DIRECTIONS

1. In a glass dish, mix the olive oil, garlic, rosemary, thyme, oregano and lemon juice. Place the chicken pieces in the dish, cover, and refrigerate for 2 hours or overnight.
2. Preheat grill for high heat.
3. Lightly oil the grill grate. Place chicken on the grill, discard the marinade. Cook chicken pieces up to 15 minutes per side, until juices run clear. Skinless pieces will not take as long.

Fax Answers

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fix Vertical Stripe On Faxes I Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll-free number in the United States) When it's finished transmitting, point your web browser to Fax Toy — it s a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

This entry is filed under Fax Machines.

Rated #1 VoIP Provider in the US

sigmavoip.com

This fax is for proof of purchase of a Gateway LT3119u. Please tell me when will the netbook be scheduled for repair. Please also provide a tracking number when shipping back. Contact me via email only and confirm that this fax was received.

The problem with the netbook is that I get a PXE-E61 Media Test Failure and than it shuts itself off. There are three or more scratches on the cover.

IMPORTANT INFORMATION

SALES TAX DECAL: Florida Statute 319.23(7)(a) requires the sales tax decal be permanently affixed to the windshield of the motor vehicle or mobile home for which it was issued. The decal must be affixed within 15 days after the date of issue. If the motor vehicle or mobile home has no windshield, the decal must be affixed to the most prominent part of the motor vehicle or mobile home as designated by the department. Removal of the decal voids the registration and the certificate of title. Additional decals may be purchased for $1.00 each.

SALVAGE: Florida Statutes require that any vehicle or mobile home which is damaged by collision or other occurrence to the extent that the cost of repairs exceeds 80 percent of the actual cash value, or for which the certificate of title is surrendered, must be branded "SALVAGE" across the face of the certificate of title. Any person who rebuilds, repairs, or assembles a motor vehicle or mobile home for which a salvage certificate of title was issued must, before operating such motor vehicle or mobile home on the roads or highways of this state, make application for a certificate of title. If the motor vehicle or mobile home is to be registered and titled in Florida, the application must be made in the county where the owner resides. The application must be accompanied by the salvage certificate of title or by a photocopy of the salvage certificate of title, properly assigned, and by the fee required by law. A $15 fee will be charged for each inspection of a motor vehicle or mobile home for which a salvage certificate of title was issued.

Hey Craig,

Do you know where we could get a replacement sign top like the one in the attached photos? If not do you have any ideas who may have that information?

Thanks,

Bill

TEST

THANK YOU!!

PCGS BULK SUBMISSION AGREEMENT

For PCGS Collectors Club Members

PCGS is now offering Bulk Submissions to active Collectors Club members. Bulk Submissions allow members to submit large quantities of certain coins at reduced grading fees.

To be eligible for Bulk Submissions, you must submit a minimum of 100 (one hundred) coins on an order with no more than four different date, denomination and mint mark combinations. If you meet these requirements, you may submit your coins as a Bulk Submission at the current published bulk grading rate for Collectors Club members. You may indicate a minimum grade for your order. If you indicate a minimum grade, only those coins meeting or exceeding the minimum grade will be placed in holders.

Current Pricing (2-11-09)

- If 60% of coins in the order meet or exceed the minimum grade - $10/coin for those meeting or exceeding the minimum grade. No charge for those not making the minimum grade
- If less than 60% of the coins in the order meet or exceed the minimum grade - $10/coin for those making the [illegible]

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files *always print correctly* on any printing device.
- PDF files *always* display *exactly* as created, regardless of fonts, software and operating systems. Fonts and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Print Quality Check

Check that the dotted lines forming the four color blocks are all visible with no gaps. If OK select (Yes) on the control panel. If gaps are visible select (No) on the control panel to start the cleaning process and follow the prompts on the LCD.

This Brother inkjet machine has been finely tuned to provide excellent, accurate and long lasting printed pages when using Genuine Brother Innobella(TM) ink.

The use of non Brother inks in this machine may potentially result in inferior output quality and/or machine damage.

Any required repairs for damages proven to result from using non Brother inks in this machine may not be covered by the original machine limited warranty.

We strongly suggest you use only Genuine Brother Innobella(TM) inks when it is time for you to replace the ink cartridge(s).

The data above are estimates only. Check your tool or appliance for exact wattage requirements. The wattages listed in our reference guide are based on estimated wattage requirements. For exact wattages, check the data plate on the item you wish to power.

Frequently Asked Questions

How many watts does it take to power basic items in an average size house?

In a typical home, essential items (refrigerator, furnace/air conditioner, freezer, minimal lights) will average 4000-5000 watts of power to run.

What is the difference between rated watts and surge watts?

Rated or running watts are the continuous watts needed to keep items running. Surge or starting watts, are extra watts needed for two to three seconds to start motor driven products like a fridge or refrigerator.

Why we only list additional surge watts than need to calculate your total surge watt requirement?

Unless rated watts, surge watts are only needed during the first few seconds of operation. In most cases, only one item will start a cycle at the same time, therefore this is the most accurate estimate.

What if the wattage from items I wish to run are close to exceeding the generator's capacity?

In this case, we would suggest upgrading to a higher wattage generator. Under-powering wattage could prevent an item from starting or running and in some cases may cause some damage.

Wireless Quick Start Guide

To make a wireless connection between the HP printer and a wireless network, choose one of the following methods

Method 1 Use the HP printer software on the computer

Note: Use this method if you have already installed the HP printer using a USB connection and want to convert to a wireless connection

1. Make sure you have installed the HP printer software on your computer and that the printer is not already connected to the network with an Ethernet cable
2. Follow the instructions for your operating system

   Windows

   Click Start, click Programs or All Programs click HP click the folder for your printer click Printer Setup & Software, click Convert a USB connection to Wireless, and then follow the onscreen instructions.

   MAC OS X.

   Double-click the HP Utility icon (located in the Hewlett-Packard folder in the Applications folder at the top level of the hard disk) click the Applications icon on the HP Utility toolbar double-click HP Setup Assistant, and then follow the onscreen instructions

Method 2. Use the Wireless Setup Wizard on the printer's control panel

Note: To connect using this method, you must have a wireless network set up and running

Tip. Find out the name of your wireless network (SSID) and wireless password (WEP Key or WPA password) if you are using security You can sometimes find them on the back or side of the wireless router if you have not changed them

1. Make sure the printer is not connected to the network with an Ethernet cable
2. On the printer touch Setup, touch Network, touch Wireless Setup Wizard and then follow the onscreen instructions
3. After you have completed the Wireless Setup Wizard, add the printer in your computer

   If you have not yet installed the HP printer software, insert the HP software CD into your computer and then complete the following steps depending on your operating system

   Windows:

   When prompted, click Wireless and then follow the onscreen instructions

   MAC OS X.

   Double-click the HP Installer icon on the software CD and then follow the onscreen instructions

   If you have already installed the HP printer software on your computer, complete the following steps depending on your operating system

   Windows

   Click Start, click Programs or All Programs, click HP click the folder for your printer, click Printer Setup & Software, click Connect a New Printer and then follow the onscreen instructions.

   MAC OS X.

   Double-click the HP Utility icon (located in the Hewlett-Packard folder in the Applications folder at the top level of the hard disk) click the Applications icon on the HP Utility toolbar double-click HP Setup Assistant, and then follow the onscreen instructions.

Tip

If you need further help see the Getting Started Guide provided in-box with the printer visit the HP Wireless Printing Center (www.hp.com/go/wirelessprinting) or contact your network administrator or the person who set up your network.

Comments:

Hail Mary:

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima :

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen.? (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

XE-A102 Quick Start Guide

English

The following describes how to get you cash register ready to operate. Follow these steps when you use the cash register for the first time.

1 Initializing the Cash Register

To secure the cash register operates properly, initialize it using the following procedures.

1. With the power unlike unplugged, insert one of the supplied mode keys into the mode switch and turn it to the REG position.

2. Insert the plug of the power cable into the AC outlet.

IMPORTANT
This operation must be performed without batteries beside.

The buzzer will sound three times.

3. Now the mode register has been initialized. The register display will appear as in the following.

The following are supplied with your cash register.

1 paper roll
2 mode keys
2 drawer lock keys
1 instruction manual (English)
1 instruction manual (Spanish)
1 On Ink Start Guide
1 ink roller (pre-installed)
take-up spool
1 paper holding plate
1 mounting bracket

2 Installing Batteries

Insert batteries for back-up of sales data and programmed contents.

1. Push the printer cover forward and detach it.

2. Open the battery cover next to the paper roll cradle.

View from rear

3. Insert three new "AA" batteries (Batteries are not supplied with the cash register.)

View from rear

4. When the batteries are properly installed, "L" on the display will disappear. Close the battery cover.

IMPORTANT
- Improper use of batteries may damage the cash register. Please take the following precautions.

Be sure that the positive (+) and negative (-) poles of each battery are oriented properly.
Never mix batteries of different types.
Never mix old batteries and new ones.

Please read the instruction manual for other battery handling precautions.

3 Installing a Paper Roll

1. Place a paper roll in the paper roll cradle so that the paper unrolls from the bottom.

2. Insert the paper straight into the paper inlet, and press the [FEED] key. The inserted end comes out at the printing area.

3. (For journal printing)
   ① Insert the tip end of the paper into the slit in the take-up spool shaft and wind the paper two or three turns.
   ② Mount the supplied paper holding plate onto the take-up spool.
   ③ Place the spool on the bearing.

Put the spool shaft in the large hole in the paper holding plate and push the plate in the direction of the arrow.

4. Attach the printer cover.
(For receipt printing, step 3 should be omitted.)

4 Basic Programming

Turn the mode switch to the Z/PGM position.

Setting the Time

Enter the time in 4 digits ("hhmm" format) using the 24 hour system. Press the [TIME] key once to program the next item or twice to exit the programming mode.

Example [1][2][3][0] [TIME]
Time (12:30 p.m.)

Setting the Date

Enter the date in 6 digits using the month-day-year format. Press the [DATE] key once to program the next item or twice to exit the programming mode.

Example [0][3][1][5][0][8] [DATE]
Date (March 15, 2008)

Setting Tax Rates (%)

Specify a tax rate (%) for application of tax on each taxable subtotal using the following sequence.

[0] → [%] → Tax number (1-4)* → [FEED] → [%] → 0 → [SUBTOTAL]

* Tax rate (0.000% to 99.999%)x10000
(Enter the rate in 5 digits. Leading zeros may be omitted.)
* Minimum taxable amount (0.01 to 99.99)x100
(Smallest amount for which tax must be entered.)
Up to 4 types of tax are programmable.
Example

NOTE
You cash register is pre-programmed so that you can use it with minimum set-up. To change the settings, see the instruction manual.

Initial settings
Departments 1-4: Taxable 1
Departments 5-8: Non-taxable

5 Now, you are ready!

Before Starting Entries

Turn the mode switch to the REG position.

Enter a clerk code (1-4) and press [CLERK]. (Once the clerk code is entered, re-entry of the clerk code is not needed until the clerk is changed.)

[1] [CLERK]
Clerk code 1

Registration Example (when the Customer Pays by Cash)

[1][0][0] [DEPT]
Price and dept.

[2][0][0] [DEPT]
Price and dept.

[SUBTOTAL]
Amount tendered

[CASH]

Reading and Resetting

X Reports (reading)
Turn the mode switch to the X/Flash position and press [FEED].

Z Reports (reading and resetting)
In the X/Flash mode press [CLERK] (at this case, grand total reading is not performed).

Flash Reports (displayed but not printed)
In the X/Flash mode:
Press dept key for dept sales reports
Press [0] for sales total reports
Press [%] for cashier-in/out reports

For further information, please read the instruction manual.

Hello MARK

Just wanted to

Test this OLD HP

C7680 FAX Setup

It's been Quite A

while since testing

Merry Christmas

Paul

I just hooked up a new fax machine and I'd like to test it, just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 855 329 1239 (a toll free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero - this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring. Hopefully, it will automatically answer and get out the test fax.

Form ST-105
General Information and Instructions

All four (4) sections of the ST-105 must be completed or the exemption is not valid and the seller is responsible for the collection of the Indiana sales tax

Section 1 Instructions

A) **This section requires an identification number.** In most cases this number will be an Indiana Department of Revenue issued Taxpayer Identification Number (TID# – see note below) used for Indiana sales and/or withholding tax reporting. If the purchaser is from another state and does not possess an Indiana TID#, a resident state's business license, or State issued ID# must be provided

B) **Exceptions** – For a purchaser not possessing either an Indiana TID# or another State ID#, the following may be used in lieu of this requirement
Federal Government – place your FID# in the State ID# space
Farmer – place your SS# or FID# in the State ID# space
Public transportation haulers operating under another motor carrier authority or with a contract as a school bus operator must indicate their SS# or FID# in the State ID# space
Nonprofit Organization – must show its FID# in the State ID# space

Section 2 Instructions

A) Check a box to indicate if this is a single purchase or blanket exemption
B) Describe product being purchased

Section 3 Instructions

A) Purchaser must check the reason for exemption
B) Purchaser must be able to provide additional information if requested

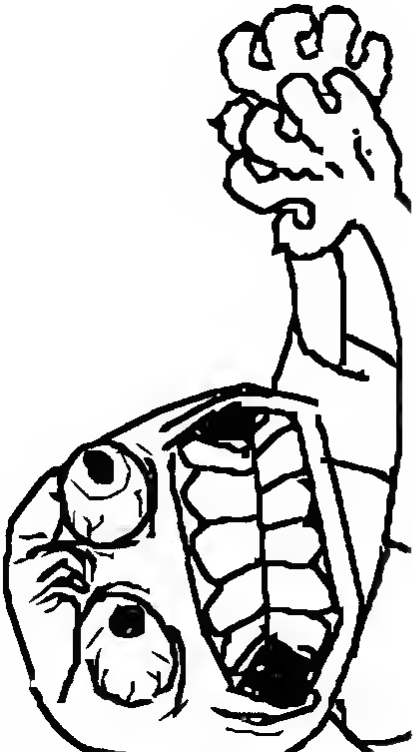

Section 4 Instructions

A) Purchaser must sign and date the form
B) Printed name and title of signer must be shown

Note – The Indiana Taxpayer Identification Number (TID#) is a ten (10) digit number followed by a three (3) digit LOC#. The TID# is also known as the following.
a) Registered Retail Merchant Certificate
b) Tax Exempt Identification Number
c) Sales Tax Identification Number
d) Withholding Tax Identification Number

The Registered Retail Merchant Certificate issued by the Indiana Department of Revenue shows the TID# (10 digits) and the LOC# (3 digits) at the top right of the certificate

Sheldon Cohen

A man walks to 5th Ave. & 42nd St. in New York City during a downpour and somehow manages to get a taxi immediately. He gets into the taxi, and the cabbie says, "Perfect timing. You're just like Sheldon."

"Who?"

"Sheldon Cohen. There's a guy who did everything right. Like my cab being vacant during a rainstorm. It would have happened like that for Sheldon every single time."

"Well, no one is perfect. There are always a few clouds over everybody", stated the passenger.

"Not Sheldon," said the cabbie. "He was a terrific athlete. He could have gone on the pro tour in tennis. He could golf with the pros.

4 Install the ink cartridges

⚠ CAUTION

If ink gets in your eyes, wash it out with water at once and call a doctor if you are concerned.

Note

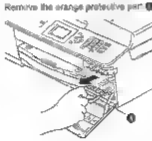

Make sure you install the Starter Ink Cartridges included with your machine first.

a Make sure that the power is turned on. The LCD will show: No Ink Cartridge

b Open the ink cartridge cover ❶

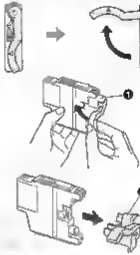

c Remove the orange protective part ❶

Note

Do not throw away the orange protective part. You will need it if you transport the machine.

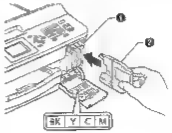

d Unpack the ink cartridge.
Turn the green release lever on the orange protective packing ❶ clockwise until it clicks to release the vacuum seal. Then remove the orange protective packing ❷ as shown.

IMPORTANT

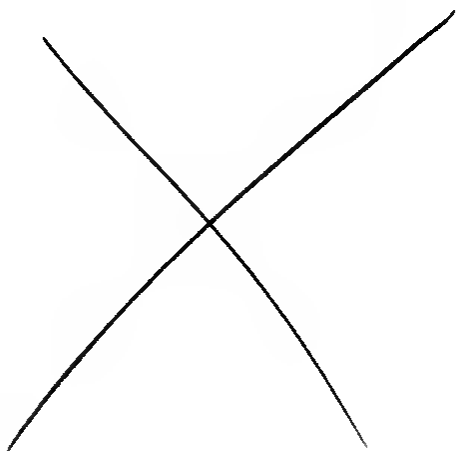

DO NOT shake the ink cartridges. If ink stains your skin or clothing, wash with soap or detergent at once.

e Take care to match the color of the lever ❶ with the cartridge color ❷ as shown in the diagram below.
Install each ink cartridge in the direction of the arrow on the label.

Documents Stack

Welcome to Mac OS X Leopard

The Dock in Leopard has a sleek new look and a new feature called Stacks. With Stacks you can quickly access important and frequently used files right from the Dock.

Stacks are simple to create. Just drag any folder to the right side of the Dock and it becomes a stack. Click a stack and it will spring from the Dock in either a fan or grid. To open a file in a stack, just click the file once.

Mac OS X Leopard includes two pre-made stacks called Documents and Downloads. You opened this file from the Documents stack. The Documents stack is a great place to keep things like presentations, spreadsheets, and word processing files. You can drag and drop files to the stack or save them to the stack when you save a document in an application.

Documents Downloads

Stacks automatically display their contents in a fan or grid based on the number of items in the Stack. If you prefer one style over the other, you can set the stack to always open in that style. Stacks intelligently show the most relevant items first or you can set the sort order to make sure the item you care about most always appear at the top of the stack. To customize a stack, position the pointer over the stack icon and then hold down the mouse button until a menu appears.

To delete a file from a stack, just open the stack and drag the item you wish to remove to the Trash. In fact, when you're done reading this document, feel free to throw it out.

A Benatech Company

Port Powered USB Interface Customer Pole Displays

PD3000UP, PD3200UP, PD3600UP, PD3400UP, PD3500UP and PD3900UP

HARDWARE INSTALLATION

The PD3000UP family of port powered USB interface pole displays has been pre-assembled to make the installation as simple as possible.

1. Mount the pole display to the metal base plate using the mounting hardware provided.
2. The pole display can be used in a freestanding mode or attached to the counter using the mounting hardware.
3. For Windows 2000 & XP install USB driver first as described in "DRIVER INSTALLATION" section
4. Plug the USB cable from the pole display into the computer USB port.

DRIVER INSTALLATION

The Windows XP, Vista & Windows7 USB drivers are available on our web site at www.logiccontrols.com. Please download and unzip the driver files before installation. There are two types of driver interfaces available. If the POS software is only able to access COM ports for the pole display use the Virtual COM port interface. After the driver is installed the USB interface will be assigned a COM port name so that the POS software will be able to communicate with the USB display as a COM port. Note that the operating system will assign the display a different COM port number if the display is plugged into a different USB port. Another driver interface uses a specific device name (\\.\LCP20) to access the pole display directly. Install this driver if you are using OPOS or the POS software was tailored to use this device name.

1. DO NOT plug the device in USB port
2. Run "Install.bat" batch program in this driver package.
3. Plug the device in USB port and wait for the hardware wizard message box to display (for Windows Vista, 7, Windows 7 the wizard is not displayed and installation will be completed automatically. Skip to step 5 below)
4. Click <Next> button to continue installation automatically. When finished, click <Finish> button to end installation
5. Invoke Device Manager to check COM port number or the device driver's name. The driver is installed under "Ports (COM & LPT)"
6. To change the assigned COM port number double click "LCI Line Display (\\.\LCP20) (COMx)" to display the Properties dialog box and select <Port Settings> tab. Then click <Advanced...> button.
7. Click on COM port number box to select from the list of unused port number and click <OK> to accept new settings
8. Unplug the display from the USB port for a few seconds and then plug the device back into the USB port. Device Manager should show the changed port number. Check operation with the new COM port number

FUNCTIONAL TEST

The following test sequence will verify that your pole display is working properly before you start the procedure you must install the pole display correctly as outlined under the "INSTALLATION" section. The functional test should be done under Command Prompts in Windows.

NOTE: The actual key strokes in the text below are enclosed within quotation marks (—). Ex. not type the quotation marks as part of your entries.

Close all opened application programs that use the same COM port before going into COMMAND prompt. Enter the following command lines to open the COM port and test with the pole display

1 Type"TYPE COM>COMx" and press the ENTER key, where 'x' is the assigned COM port number

PD3000, PD3300, PD3600, PD3500, PD3900

2 Type "ABCDEFGH and press ENTER key. The display will show"ABCDEFGH" on the first line.

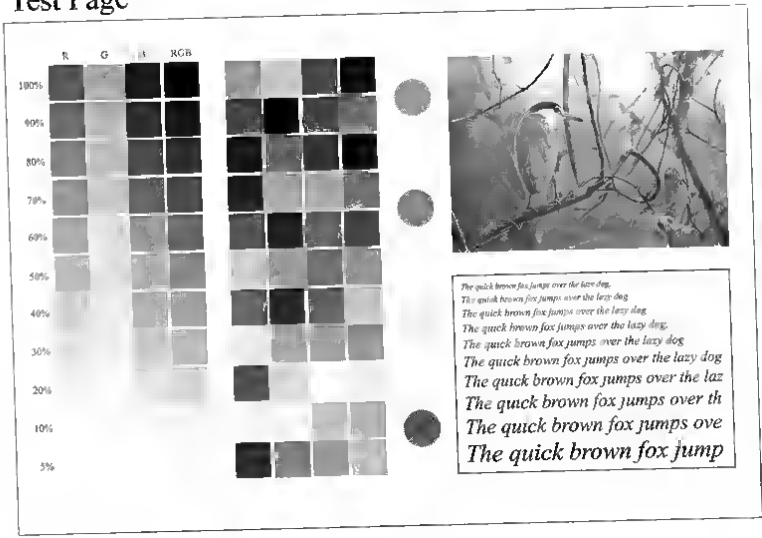

3 To end the test press Ctrl-C (hold press Ctrl and press C).

PD3200

2. Type "|^ABCDEFGH" and press ENTER key. The display will show "ABCDEFGH" on the 1 st line.
3. To end the test press Ctrl-C (hold press Ctrl and press C).

ATTN: JASON Huffman
(JASON)

Fax 1/14/13
4:13 P.M.

It has 12 speed dial/BLF buttons which can be programmed from the configuration files or the WEB interface. See a note at the BLF section

It has support for Hebrew fonts (in the CallerID name). Full Hebrew support is on the roadmap.

At present the phone is suited as a basic phone with a more detailed screen. Once the BLF/SLA is fixed it can be a candidate for a manager/secretary scenario. The phone price is around $100.

Soft keys

Soft keys ala Polycom or XML screen ala SNOM are not available. A request has been submitted to Audiocodes to add this functionality

Management

The phone can be managed either via a configuration file or WEB interface. The configuration file is a simple text file in the format *field=value*. See examples in Audiocodes IP phone config files

BLF

The BLF has been designed toward Asterisk, but it has a "freeswitch" mode. In this mode the key is green while the monitored extension is free, and red when it is ringing or in use. Since it is presence oriented rather than dialog oriented, Freeswitch sends the original phone number at the "ringing" notification rather than **phone-number as it does with Polycom/SNOM. Hence, picking the call is impossible

A request has been made to allow blinking red when ringing, and allow a config parameter to send some prefix before the number at this stage. Audiocodes already has it test version for it which will be integrated into the next version release.

Existing problems

- BLF: See the explanation above
- TLS: See instructions in general configuration files.
- SLA: Not implemented yet. Will be implemented using BroadSoft way toward Q4/2012.
- LDAP: On the way

TEST 3

Connection Manager

Connection Manager is your point of entry to AT&T Dial Internet service. It's easy to set up, convenient to use and helps you get and stay online by providing:

- **Options for connecting**
  Set up different numbers for different local areas so you can dial in to the Internet from virtually anywhere. For example, if you live in Houston but travel often to Austin, you can create a Houston connection and a separate Austin connection — with as many as five local access numbers for each city.

  ▶ To set up a new connection, select "Add New Connection" from the "Connection" drop-down menu. For detailed instructions, visit the Help section of the Connection Manager.

- **The best connection for you**
  When you click "Connect" to get online, Connection Manager automatically attempts to find the best access number on your list to use. If you have trouble connecting with the first number, Connection Manager will keep trying until you are online.

  Note: Connection Manager attempts to find the best number to connect your computer but is unable to determine if any toll charges will be applied to the use of any numbers. For more information regarding any applicable toll charges, you should contact your local phone provider.

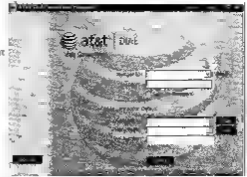

- **Updated access numbers**
  Connection Manager automatically checks for phone list updates and gives you the opportunity to add new numbers to the connections you have created.

The Connection Manager is easy to use

1) Click on your AT&T Dial Internet service desktop icon.

2) Select your Member ID and enter your password.

3) Click "Connect" (it keeps dialing until you're connected).

Other Tools and Features
In addition to the AT&T Dial Internet service Connection Manager, your options include the AT&T Yahoo! Instant Messenger, Browser Parental Controls, and much more. If you decide not to install a component during installation, you can always do so at a later date by simply re-inserting the AT&T Dial Internet service CD and following the on-screen instructions.

Once you've installed your AT&T Dial Internet service, check out the **Feature Guide** to get the most from your new service.

Your system will be configured for AT&T Dial Internet service and a shortcut will be placed on your desktop that allows you to connect to the Internet. Microsoft Corp. makes no warranties or conditions with respect to the software provided by Microsoft. This software is provided "as is" and you bear all risks when using it. Microsoft Corp. disclaims all other warranties, either express or implied, including but not limited to, implied warranties of merchantability and fitness for a particular purpose with respect to the software. In no event shall Microsoft Corp. be liable for any damages whatsoever (including, without limitation, damages for loss of business profits, business interruption, loss of business information, or other pecuniary loss) arising out of the use of or inability to use the software, even if Microsoft Corp. has been advised of the possibility of such damages. Because some states do not allow the exclusion or limitation of liability for consequential or incidental damages, the above limitation may not apply to you. For more information, see your system documentation or contact Microsoft Corp. Should you require assistance with your system, please refer to the AT&T Internet service Help file.

ZoomRx Psych Thought Leader Panel

Dear [illegible],

We invite you to participate in your personalized ZoomRx Psych Thought Leader panel.

We would like to schedule a 30-minute call with you to discuss your interest, availability and eligibility. Please schedule a time to call ZoomRx Psych Thought Leader panel.

Getting Started takes less than 5 minutes.

- Download the ZoomRx app to your smartphone
  - Search for "ZoomRx" in Google Play or Android App Store, look for the green app
  - Visit zoomrx.com/mobile to download the app for Android platforms
- Claim Your Profile
  - Enter your Name & Email to claim your profile in ZoomRx [illegible]
- Start accumulating reward points in February, 2014

We look forward to engaging the ZoomRx Psych Panel. Please hesitate to contact us with questions or concerns.

Sincerely,
The ZoomRx Team

It is no secret that marketing to emerging market consumers tends to focus on "brand prominence" where the logo at the very front is conspicuously displayed on the item so the brand name can be easily seen by all his or her friends. As a result, Chinese consumers explained to marketing researchers in a recent focus groups, "Whats like about luxury is that it is expensive," while such candor may seem especially crass, the luxury goods space depends on the existence of a disconnect between a product's market price and its intrinsic value. In the eyes of a good wealth creator, luxury is functional still figure, but the value of the item is resulting goods.[1]

This is necessary that differences in quality do not matter, but rather that perceptions of value are commercial. Luxury goods serve as an important device in economies where incomes are growing rapidly, but university to visit perfectly observable signs of wealth is particularly important. In the high luxury sector, the relevant and more equal the income, the higher that country's relative exports of each type goods. Income elasticity is particularly strong economic elements the developing country average, with every 1% increase in a country's per capita income leading to a 2% increase in demand for luxury goods. In China, South Africa, Argentina and Russia between 1995 and 2006, with annual demand forecast to contribute over 60 percent even with a slide of global output over the next five years. Those markets are likely to experience slower growth in the years to come.[2]

An economic mechanism whereby luxury goods manufacturers tend to use logos to ensure that consumers and introduce a multiplicity of symbols — The most recent Born Yesterday, this dynamic is already visible in China. The hierarchy goods firm Louis Vuitton's multi-tiered marketing [3] has been widely publicly conspicuously branded products to appeal to a broader economic status, to the masses as well as the aristocracy. Louis Vuitton's originally branded products to signal their role and access to their parent company. Louis Vuitton also uses branded accessories to share the store's logo more extensively because the brand's most salient logo less likely that the purchaser is viewed on "quality" rather than symbolism. The most successful luxury bags are those with the smallest logo — the town express or the Mercedes-Benz models sold in the U.S. The smaller the value the emblem is.

HP Digital Filing Setup

Prerequisites

1. Make sure your computer and printer is connected to the network
2. For Scan to E-mail Setup make sure that you have an active Internet connection.

Option 1: Set up HP Digital Filing using HP software

Follow the appropriate steps for your computer's operating system

Windows Vista/Windows XP

1. On your computer, double-click the printer icon on the desktop.
2. Choose Scanner Actions, and then select the appropriate link (either Scan to Network Folder Setup Wizard or Scan to E-mail Setup Wizard).
3. Follow the onscreen instructions.

Windows 7

1. Click Start, click Control Panel, and then double-click Printers.
2. Right-click the printer icon and then click Properties.
3. Choose Scanner Actions, and then select the appropriate link (either Scan to Network Folder Setup Wizard or Scan to E-mail Setup Wizard).
4. Follow the onscreen instructions.

Mac OS X

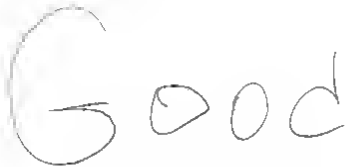

1. Click the HP Utility icon in the Dock.
   NOTE: If the icon does not appear in the Dock, click the Spotlight icon on the right side of the menu bar, type HP Utility in the box, and then click the HP Utility entry.
2. Click the Application icon on the toolbar, select the HP Setup Assistant, and then follow the onscreen instructions.

Option 2: Setup using Remote Configuration

HP Digital Filing can be remotely configured from any computer on your network, using the printer's embedded Web server.

1. Type the following address into your computer's web browser:
   http://192.168.223.1
2. Click Scan, choose the appropriate link (either Network Folder Setup or Scan to E-mail Setup), and then follow the onscreen instructions.

Monica Nunez is Beautiful

An Introduction to Abraham
by Esther Hicks

She speaks with spirits!" our friends said. "She'll be here next week, and you can make an appointment with her and ask her anything you like." That's about the last thing on this earth that I would ever want to do. I thought, but at the same time I heard Jerry, my husband, saying, "We really would like to make an appointment. How do we go about doing that?"

That was 1984, and in the four years that we'd been married we'd never had an argument or even exchanged cross words. We were two joyous people, living happily ever after with each other, and comfortable on nearly every subject that came up. The only discomfort that I'd ever felt was when Jerry would entertain friends with one of his stories from 20 years earlier, relating his experiences with the Ouija board. I we were at a restaurant or some other public place when I sensed one of those stories coming on, I would politely (or sometimes not so politely) excuse myself and retreat to the ladies' room. Or sit in the car or take a walk to the car until I believed that sufficient time had passed and the account would be over. Happily, Jerry eventually stopped telling those stories when I was around.

I wasn't what you'd call a really out girl, but I attended enough Sunday School classes to develop a very strong fear of evil and the devil. Thinking back, I'm not really sure if our Sunday-School teachers had actually devoted a greater proportion of our classes to teaching us to fear the devil or if that's simply what stood out in my mind. But that is for the most part what I remember from those years.

So as I'd been taught, I carefully avoided anything that could possibly have any connection to the devil. One time when I was a young woman, I was sitting in a drive in theater and happened to look out the back window of the car at the other movie screen and saw a horrible scene from The Exorcist (a movie that I'd purposely avoided seeing) and what I saw without hearing the sound affected me so strongly that I had nightmares for weeks.

"Her name is Sheila," our friend told Jerry. "I'll make the appointment for you and let you know."

Jerry spent the next few days writing down his questions. He said he had some that he'd saved up since he was a small child. I didn't make a list, instead I struggled with the idea of going at all.

As we pulled into the driveway of a tasteful house in the heart of Phoenix, Arizona, I remember thinking, What am I getting myself into? We walked up to the front door, and a very nice woman greeted us and showed us into a lovely living room where we could wait for our scheduled appointment.

The house was large, simply but beautifully furnished, and very quiet. I remember feeling a sense of reverence like being in a church.

Then a big door opened, and two pretty women dressed in fresh, brightly colored cotton blouses and skirts entered the room. Apparently we were the first appointment after lunch, both women looked happy and refreshed. I felt myself relax a little bit. Maybe this wasn't going to be so weird after all.

Soon we were invited into a lovely bedroom where three chairs were situated near the foot of the bed. Sheila was sitting on the edge of the bed, and her assistant sat in one of the chairs with a small tape recorder on the table beside her. Jerry and I sat in the other two chairs, and I braced myself for whatever was about to happen.

The assistant explained that Sheila was going to relax and release her consciousness, and then Theo, a Non Physical entity, would address us. When that happened, we'd be free to talk about anything we desired.

Sheila lay across the end of the bed, only a few feet from where we were seated, and breathed deeply. Soon an unusual-sounding voice abruptly said: "It is the beginning. Is it not? You have questions?"

I looked at Jerry, hoping that he was ready to start, because I knew that I was not ready to talk with whoever was now speaking to us. Jerry leaned forward, he was eager to ask his first question.

I relaxed as Theo's words slowly came out of Sheila's mouth. And while I knew that it was Sheila's voice we were hearing, I somehow also knew that something far different from Sheila was the source of these marvelous answers.

Jerry said he'd been saving his questions up since he was five years old, and he asked them as rapidly as he could. Our 30 minutes passed so quickly, but during that time somehow, without my speaking a word, my fear of this strange experience lifted, and I was filled with a feeling of well-being that surpassed anything that I'd ever felt before.

Once back inside our car, I told Jerry, "I'd really like to come back tomorrow. There are some things I would now like to ask." Jerry was delighted to make another appointment because he had more questions on his list as well.

About halfway through our allotted time on the following day, Jerry reluctantly relinquished the remaining minutes to me, and I asked Theo, "How can we more effectively achieve our goals?"

The answer came back, "Meditation and affirmations."

Contacting Cyberian Technologies for help!

1 – Call 317-926-9000 option 2

2 – Send an email to helpdesk@cyberianit.com

3 - Open a case via the customer portal at https://portal.cyberianit.com/

- Standard Operating Hours for the Cyberian Technologies is Monday – Friday 7AM – 6PM
- On after hours calls, Cyberian Technologies has engineering team members that have the support line from option 2 forwarded to their cell phones for assistance.

Dreams (or Dead Man Walking)

After she woke up, a woman told her husband, "I just dreamed that you gave me a pearl necklace for my birthday. What do you think it means?"

"You'll know tonight," he said.

That evening, the man came home with a small package and gave it to his wife. Delighted, she opened it -- to find a book entitled "The Meaning of Dreams."

This is NOT a test Just the FAX, ma am!

Sending a Fax

Entering Fax mode

When the machine is idle, the time and date appear on the LCD. When you want to send a fax, receive a fax, or change fax send or receive settings, press the (Fax) key to illuminate it in blue.

The LCD shows:

Press ▲ or ▼ to scroll through the Fax key options. Some functions are only available when sending black & white faxes.

- Fax Resolution (See page 36)
- Contrast (See page 36)
- Speed Dial (See page 64)
- Outgoing Call (See page 65)
- Caller ID hist (See page 66)
- Forwarding (See page 34)
- Delayed Fax (See page 37)
- Batch TX (See page 38)
- Real Time TX (See page 37)
- Polled RX (See page 76)
- Polling RX (See page 75)
- Overseas Mode (See page 37)
- Clear Journal (See page 33)
- Set New Default (See page 32)
- Factory Reset (See page 30)

When the option you want is highlighted, press OK.

Faxing from the ADF

1. Press (Fax).
2. Place the document face down in the ADF (*See Using the ADF* on page 21).
3. Enter the fax number using the dial pad, Speed Dial or Search. (For details, see *How to Dial* on page 64.)
4. Press Black Start or Color Start.

Note

- To cancel, press Stop/Exit.
- If you send a black & white fax when the memory is full, it will be sent in real time.

Faxing from the scanner glass

You can use the scanner glass to fax pages of a book one at a time. The document can be up to Letter or A4 size.

To send color faxes with multiple pages, use the ADF.

Note

Since you can only scan one page at a time, it is easier to use the ADF if you are sending a multiple page document.

1. Press (Fax).
2. Place your document face down on the scanner glass. (See *Using the scanner glass* on page 22.)

"**Anigonish**"

As I was walking up the stair
I met a man who wasn't there
He wasn't there again today
Oh how I wish he'd go away

When I came home last night at three
The man was waiting there for me
But when I looked around the hall
I couldn't see him there at all!
Go away, go away, don't you come back any more!
Go away, go away, and please don't slam the door

Last night I saw upon the stair
A little man who wasn't there
He wasn't there again today
Oh how I wish he'd go away

Dear _____

PLEASE READ BELOW & RETURN WAIVER FORM TO ME WITH AN EXPLANATION AS TO WHY YOUR SCHOOL IS NOT READY TO HAVE THE INSTALLATION OF EQUIPMENT DONE AT THIS TIME. IN ADDITION IT IS IMPORTANT THAT YOU READ THIS ENTIRE DOCUMENT BELOW AND UNDERSTAND THAT YOU MAY HAVE TO PAY AN ADDITIONAL SET UP FEE IF YOU REQUIRE ASI TO COME BACK TO YOUR SCHOOL AS LISTED IN THE INSTALLATION WAIVER REQUEST SECTION #3 LISTED BELOW. WHEN RETURNING THIS EMAIL BACK TO ME PLEASE STATE THAT YOU UNDERSTAND, AGREE AND HAVE READ THE WAIVER IN ITS ENTIRETY AND ARE AWARE OF THE ADDITIONAL SET UP FEE AND ANSWER THE FOLLOWING QUESTIONS LISTED BELOW.

This is the e-mail that is required in order to provide un-box & test only delivery service of HP Dell Apple Lexmark and Lenovo equipment to any DOE facility. Please read the agreement below and respond by email indicating your agreement to the terms. DOE policy requires written authorization in order to waive installation services at the time of each delivery. This will allow our delivery personnel to un-box & test the equipment on the date of delivery and leave the equipment with your team for later installation.

If you do decide us to return at a later date, you may contact me at the number below at which time we will discuss the additional costs involved. DOE Policy requires that this request, including agreement to the terms of the waiver must come from an Assistant Principal or Principal of a school, or their administrative equivalent in a non-teaching environment. Please use your official DOE email address for correspondence relating to this matter. Please "Reply to" this email, answering the four questions below and indicating your agreement to the terms established by the DOE.

Your request will be reviewed by a DOE Executive and acted upon. I will notify you as soon as a decision has been made. At that time, our scheduling team will make arrangements for delivery as soon as possible, in accordance with the DOE determination.

Feel free to contact me with any questions.

1. PO #(s) involved and # of items to be stored? WE 160 185 771

2. The reason for not installing the equipment at the time of delivery?
Room was not ready for installments

And weight four it two say
Weather eye am wrong oar write
It shows me strait a weigh

As soon as a mist ache is maid
It nose bee fore two long
And eye can put the error rite
Its rare lea ever wrong

Eye have run this poem threw it
I am shore your pleased two no
Its letter perfect awl the weigh
My chequer tolled me sew

SOLVE Both the GLOBAL FINANCIAL CRISIS & GLOBAL WARMING?

... Together!

Then ...

Return to GOLD Backed CURRENCIES, Fixed Exchange Rates & 100% Bank Reserves!!

- manufacturing will boom.
- The means to replace coal power will become easier
- Waste will be greatly Reduced.

Interchange Differential Fee

As of your next billing date, MasterCard and Discover Transactions that do not meet the applicable Card Brand's qualification criteria will be billed at the higher Card Brand level. You will be charged the interchange Differential Fee. The rate charged depends on the Card Brand processing the transaction.

The Interchange Differential Fee will be calculated as the difference between the Transaction Fee rate on your next billing statement and the applicable VISA Qualified Rate. The Interchange Differential Fee will NOT be assessed on Retail Key Entry Transactions. The Interchange Differential Fee will be shown on your statement as "Interchange Differential Fee".

The Card Brands may periodically review interchange fees at their discretion and any such changes will be reflected in your merchant statement.

Non-Qualified Fee

Visa

Non-Qualified Fee for Visa Transactions will be $.20¢

Non-Qualified Fee for MasterCard Transactions will be $.25¢

A Non-Qualified transaction rate is assessed when a MasterCard or Discover Transaction does not meet the criteria set by the applicable Card Brand to qualify as the Target Qualified Level. Examples of transactions that would qualify include magnetic stripe not read, authorization not requested and transaction is a premium card. Interchange and dues and assessment transactions apply at a higher fee.

The Non-Qualified fee will apply to all of your non-qualified transactions. These fees are in addition to the Transaction Fee rate for your qualified transactions and will appear as the Non-Qualified VISA Fee, Non-Qualified MC Fee, Non-Qualified and DISCOVER – Non-Qualified.

At Mercantile we continue to be proud of our history and pride ourselves on delivering the value that our merchants seek. If you have any questions, please do not hesitate to call us at 1 **866 318 7450.**

Sincerely,

Chief Sales Officer
Mercantile Payment Corporation

Think about the strangeness of today's situation. Thirty, forty years ago, we were still debating about what the future will be: communist, fascist, capitalist, whatever. Today, nobody even debates these issues. We all silently accept global capitalism is here to stay. On the other hand, we are obsessed with cosmic catastrophes: the whole life on earth disintegrating, because of some virus, because of an asteroid hitting the earth, and so on. So the paradox is, that it's much easier to imagine the end of all life on earth than a much more modest radical change in capitalism.

STREET TRENCH REPAIR
(PAVED AREAS)
Willingboro Township

Step No. 1 Contact Township Engineer 24 Hours before opening.

Method of Opening Trench

All edges must be saw cut, street must be swept clean at the end of each working day, trench must be back filled with Gravel Base Course Class A or B and compacted to within 2 inches of street surface. Two (2) inches of temporary patch must be placed and maintained for a period of three months.

Step No. 2 Contact Township Engineer 24 Hours before starting final repairs.

Final Repairs shall consist of the following

Excavate 7 inches, compact subbase, place 5 inches of Bituminous Stabilized Base Course Stone Mix, Mix #1, compact material to within 2 inches of street surface, tack trench edges and place 2 inches of Bituminous Concrete Surface Course BF-1 Mix #5, compact material until street surface is uniform and smooth joints have been established.

STREET TRENCH REPAIR
(GRASS AREAS)
Willingboro Township

Step No. 1 Contact Township Engineer 24 Hours before repairing grass areas.

Grass Areas

All grass areas shall be repaired by sodding.

Sodding shall be placed on a 4 inch bedding of top soil and shall be rolled and compacted to establish a uniform lawn surface.

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil.
[For thine is the kingdom,
the power, and the glory,
for ever and ever]
Amen

Test Fax

This Easter we are receiving a special offering to fund specific projects within the WRECKED Ministry Plan, our initiative to radically reach out to the world in 2013 – locally nationally and globally. In addition to the regular gifts/offerings received on this weekend we're asking each family to prayerfully consider giving $500 to this unique effort.

To designate these gifts, a special offering envelope will be available at all campuses leading up to Easter and will also be mailed to your home in advance.

For more information on the WRECKED Ministry Plan and the Five Year Plan, visit **longhollow.com/wrecked**

Test Fax to Sara

machinn learning, the Office Graph servire and more, and that much of the next enhancements for on premises customers would be delivered through the feature packs

Feature packs refer to premises of regular innovation that starts up in SharePoint Onlinn and Office 365 packaged up for on premises deployment and brought down to SharePoint Server 2016 deploymnnts. "For the first time in history we are accelerating the pace of innovation on premises " said Jeff Teper head of SharePoint at the event You do need Software Assurance to qualify to receive these feature packs, however

Licensing

As far as costs go a quick check at the Microsoft License Adviser site shows that a SharePoint Server 2016 single license through the Open License program with Software Assurance costs $10 197 at the regular list price (no volume discount involved) It does not currently look like a non-Software Assurance option is available Client access licenses (CALs) through Open License without a discount run $162 for an enterprise user CAL and $184 for a standard user CAL It is a healthy investment to stay on premises, but you still get the ultimate in terms of the ability to control and customize your deployment.

The Last Word

It sure seems like many in the SharePoint world felt like the product itself had lost focus. Developers certainly were frustrated as methods and best practices were heralded in new releases and deprecated a couple of years later forcing them to unlearn old habits and discover new methods. The enterprise content management story within the product had not changed very much over the last couple of releases and much of the emphasis within the product was how to link up to Office 365 Very little core file and content related improvements were made—if you were paying attention you remember a lot of business intelligence stuff..news feeds and microblogs Business Connectivity Services, and the like—but not a lot of work on the core scenarios of creating and managing a document collaborating on that document with others, publishing it where necessary ,and then controlling its lifecycle and retention

With the changing of guard in the SharePoint team with Jeff Teper coming back on board to lead the product The product and service seems more energized and is getting back to basics If you have felt like SharePoint was losing its way in the past few years, then this event will convince you of Microsoft's intention to put it back on path

Fax Settings

Reference your Owner's Manual for help adjusting the settings below

ECM (error correction mode)	Off
Baud Rate	9600
International	On (this is set on a per-call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (90 kbps)
Distinctive Ring	Off

Troubleshooting Steps

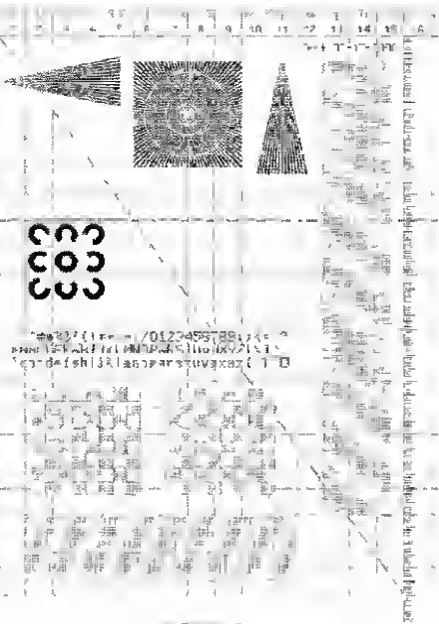

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet
- Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device

1 **Customer Name** (your name should appear **EXACTLY** as it does on your local telephone bill.)

First Name:_____ Last Name: _____

Business Name (required only if phone account is in your Company's Name): _____

2 **Service Address** (primary address where the telephone service(s) is/are located. Not Post Office Boxes)

Address:_____ City:_____ State:_____ Zip Code:_____

3 **Billing Address** (if different from your service address, should appear **EXACTLY** as it does on your local telephone bill)

Address:_____ City:_____ State:_____ Zip Code:_____

4 List below all Telephone Number(s) for which you authorize change from your current phone service provider to Comtel Connect, LLC. Please note that your telephone and/or associated service(s) will be changed to Comtel Connect.

Telephone Number(s) (use all numbers to be ported)	Current Service Provider
_____	_____

* Billing Telephone Number (BTN): _____
(BTN BILL TO # to be provided if number(s) to be ported is a Business Account)

☐ *Check this box, if you have additional numbers on your Business Account that you do NOT want ported.*

5 If the number(s) to be ported is a mobile number, please provide the following information:

Mobile Number _____ Mobile Account Number:_____

VERIFICATION - PLEASE READ BEFORE SIGNING BELOW

By signing below, I verify that I am (or represent) the Customer(s), the above-named local service customer authorized to change the primary carrier(s) for the telephone number(s) listed and am at least 18 years of age. The name and address I have provided is the name and address on record with my local telephone company for each telephone number listed. I warrant that the address that I have provided above is the address where I will be using this service. I authorize and designate Comtel Connect to act as my agent and notify my current carrier(s) to change my preferred carrier(s) for the listed number(s), to obtain any information Comtel Connect deems necessary to make the carrier change(s), including, for example, an inventory of telephone lines billed to the telephone number(s), carrier or customer identifying information, billing addresses, and any of the features I am/they are receiving. I further understand that after this process is completed my telephone and/or associated service(s) will be changed to Comtel Connect as indicated above.

I understand that I am authorizing change(s) of my primary carrier(s) for my telephone and/or associated service(s), and that I may select only one primary carrier per service, per number. I understand that my local telephone company may bill me a one-time charge for requested service change(s) for each telephone number.

test

7 Students are expected to act with courtesy and respect to instructors, guests, staff members, and fellow classmates. For example, students should refrain from talking during class while the instructor or another student has the floor. Failure to behave with proper courtesy and respect could result in disciplinary action.

8 Students must not come to class under the influence of drugs or alcohol.

9 Food and drinks are not allowed in the classroom, lecture hall or lab.

Student Dress Code

1 Pajamas or lounging wear and clothes designed for exercising are not allowed in the classroom. Shirts/tops must be worn at all times.

2 All students must wear shoes. Boots or other types of footwear made for outside wear, bedroom shoes/slippers, shower shoes, or similar footwear are not allowed in the classroom.

3 Dress and grooming will not disrupt the teaching/learning process or cause undue attention to an individual student (for example, no "grills" or sun glasses are allowed in the classroom). Excessive body piercings are not recommended.

4 Hats, hoods, caps, stocking caps, wave caps, do-rags, and other head coverings are not to be worn in the classroom, no hair curlers whether covered or uncovered are allowed in classrooms.

5 Attire must not display language and/or images which may lead to disruptive behavior in the classroom.

6 Dress must be modest and appropriate for a professional or serious setting, no midriff tops, halter tops, tank tops, sports bras, strapless tops or dresses, camisole tops with spaghetti straps, see-through blouses or shirts, or extremely short or revealing shorts or skirts will be allowed in the classroom. If a student chooses to wear a midriff top, halter top, sports bra camisole with spaghetti straps, or a tank top (male or female), the student must wear a shirt or jacket over it.

7 Clothing which allows undergarments to be visually observed is not permitted, NO SAGGING PANTS will be allowed.

8 It is assumed that students will practice personal cleanliness. For example, clothing should not carry excessive tobacco or other odors.

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX: You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN: After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

Focusing Attention YSyren

What is My Child Learning?
Your child is learning that you need to use your eyes, ears, and brain when you focus attention on something. Your child is also learning how to make an "attent-o-scope" to help focus attention.

Why is This Important?
Being able to focus attention helps children be better learners. It helps them ignore distractions and focus on what is important to them.

Ask your child: Can you show me how to make and use an attent-o-scope?
(Follow your child's directions.)

What words do you use to turn on your attent-o-scope?
Possible answers: Focus, listen, pay attention, look carefully

1. Cup hands around each eye like binoculars.
2. Say: "Focus" or "Listen" to switch on the attent-o-scope.
3. Put down the attent-o-scope, but remember it is still there.

Practice at Home
Before giving important information, let your child know that you really need his or her focused attention. Suggest that your child use the attent-o-scope
For example:
This is important. You may need your attent-o-scope. Pause for your child to focus. I am working this afternoon, so Aunt Janet will pick you up from school today.

Activity
Have your child choose something in the room for you both to focus on with your attent-o-scope. Fill in your child's answers to the following questions.

What are we focusing on?

_____

What are three things you notice about what we are focusing on?

1. _____

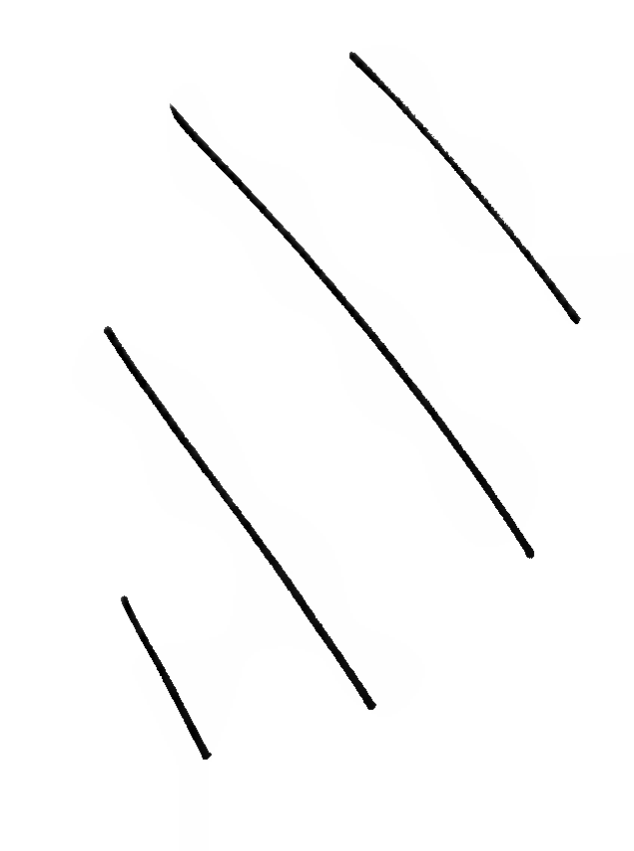

2. _____

3. _____

Option. Have your child draw the object you focused on in the box on the right.

(CHILD'S NAME) (DATE) (ADULT'S SIGNATURE)

If this program does terminal interaction, make it output a short notice like this when it starts in an interactive mode:

Tray 1 Size: ANY SIZE
Tray 2 Size: LETTER
STANDARD TOP BIN

<program> Copyright (C) <year> <name of author> This program comes with ABSOLUTELY NO WARRANTY; for details type `show w'. This is free software, and you are welcome to redistribute it under certain conditions; type `show c' for details.

The hypothetical commands `show w' and `show c' should show the appropriate parts of the General Public License. Of course, your program's commands might be different; for a GUI interface, you would use an "about box".

You should also get your employer (if you work as a programmer) or school, if any, to sign a "copyright disclaimer" for the program, if necessary. For more information on this, and how to apply and follow the GNU GPL, see <http://www.gnu.org/licenses/>.

The GNU General Public License does not permit incorporating your program into proprietary programs. If your program is a subroutine library, you may consider it more useful to permit linking proprietary applications with the library. If this is what you want to do, use the GNU Lesser General Public License instead of this License. But first, please read <http://www.gnu.org/philosophy/why-not-lgpl.html>.

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and from wall outlet
- Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device

If this fax is spam or abusive, please e-mail support@faxzero.com or send a fax to 855-390-1000, or phone 707-486-0800. Specify fax #20071911. We will add your fax number to the block list.

2. What is ATSC and QAM digital TV, and how does the WinTV-HVR-950Q work?

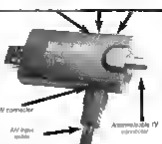

ATSC digital TV is over the air digital TV in North America. ATSC digital TV typically requires access to the rooftop aerial is currently broadcast in 206 cities, with over 1000 TV stations. **Note:** ATSC digital TV is NOT digital satellite TV. The WinTV-HVR-950Q cannot receive digital satellite TV.

ATSC digital TV is transmitted in several resolutions, from standard definition, which is similar to cable TV, up to high definition which has about 10 times the resolution of normal cable TV. In any resolution, ATSC digital TV gives sharper pictures than analog cable TV and near CD quality sound.

Clear QAM TV channels are digital cable TV channels which are broadcast in cable TV "in the clear". These digital cable TV channels are broadcast in various resolutions, from standard definition up to high definition. Please check with your local cable TV operator on the availability of clear QAM TV channels.

WinTV-HVR-950Q has a built-in tuner for analog cable TV, digital ATSC and digital clear QAM TV. To receive ATSC, you will need an antenna. To receive digital clear QAM or analog cable TV, you will need a cable TV connection.

It uses your PC or laptop's CPU for displaying both analog and digital TV programs on your PC screen. The decoding of high definition ATSC is very processor intensive, and the smoothness of high definition TV programs depends upon how fast your PC or

Indicator LEDs

The Active LED will be lit when the WinTV-HVR-950Q has been activated by Windows (device driver is loaded).

The **Digital signal quality LED** is green when you are tuned to a strong digital TV signal, yellow when tuned to a moderate TV signal and off when there is no (or a weak) TV signal.

Connecting an external A/V source

You can also connect sources via the A/V input cable (available on some models of WinTV-HVR-950Q).

Plug the **A/V input cable** into the small connector on the side of the WinTV-HVR-950Q. On each you A/V source using either the **Composite or S-Video connector** and the **audio jacks**.

To enable the external A/V source in the WinTV application, see the section entitled **"External audio/video sources"** below.

- Use security cameras to help deter or identify people who enter your store that they are being watched. Functioning cameras are best if you can afford them.
  - You can also use "You are under surveillance" signs, but customers may take this offensively.
  - If you do use dummy cameras, make sure you add them to your maintenance routine. They normally require batteries that will need to be changed.

From: Jerry Jacobson [mailto:jerry@wheatstone.com]
Sent: Thursday, December 12, 2013 12:21 PM
To: Cappi, Mike
Subject: Fw: 75726 CPU Repair

Hi Mike

See the note from the engineer performing the repair. Please FTP to the working card and get us a copy of the XP_NET.TXT file, as he has requested.

Notice that IPADDR1 and IPHLIP are not configured to be on the same subnet. The first three octets should match. They do not. There is no way that the two CPUs can communicate with each other. Although I haven't yet determined what is going to be required to complete this repair, this is a problem that needs to be corrected before this repair can be completed. Please ask the customer to download and send all the files from the working CPU. I want to determine if the working CPU has the IP settings configured correctly, and I also may need the rest of the files to complete the repair.

Sincerely
Jerry Jacobsen

sofas or anything softer than a wooden stool. Places where there's dancing, holding hands or happiness. Places where the ambient temperature is warm enough to include my daughter in wearing shorts, vest tops, midriff T-shirts, or anything other than overalls, a sweater, and a gimme down parka - zipped up to her throat. Movies with a strong romantic or sexual theme are to be avoided, movies with the feature characters play. Hockey games are okay. Old folk's homes are better.

Rule Nine

Do not lie to me. I may appear to be a pathetic, balding, middle-aged, dim-witted husband. But on issues relating to my daughter, I am the all-knowing, merciless god of your universe. If I ask you where you are going and with whom, you have one chance to tell me the truth. The whole truth and nothing but the truth. I have a shotgun, a shovel, and five acres behind the house. Do not trifle with me.

Rule Ten

Be afraid. Be very afraid. It takes very little for me to mistake the sound of your car in the driveway for a chopper coming to evacuate me from Hanoi. When my Agent Orange starts acting up, the voices in my head frequently tell me to clean the guns as I wait for you to bring my daughter home. As soon as you pull into the driveway you should exit the car with both hands in plain sight. Speak the password as pronounced, announce in a clear voice that you have brought my daughter home safely and early, then return to your car. There is no need for you to come inside. The camouflaged face at the window is mine.

My Pwnie!

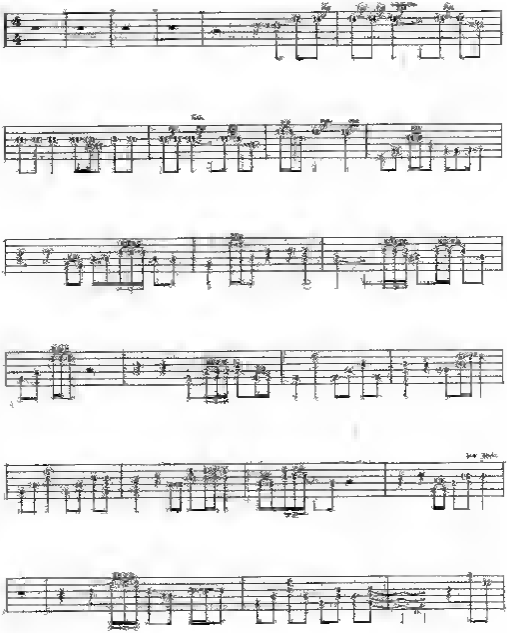

Print Quality Check

Check that the dotted lines forming the four colour blocks are all visible with no gaps. If OK select [Yes] on the control panel. If gaps are visible select [No] on the control panel to start the cleaning process and follow the prompts on the LCD.

TEST9

HP Officejet 6800 e-All-In-One series

Get started

Set up the printer

Follow the instructions in the setup poster provided and on the printer control panel display.

Install the HP printer software

Go to the HP Essential Applications website, 123.hp.com/ojet6800, and follow the instructions on the web.

The latest printer software is also available from www.hp.com/support.

An HP printer software (or driver) is provided for Windows users. If the installation program does not automatically start, or if you use the CD-ROM drive, browse to the CD-ROM drive.

Note: Install only the printer software and drivers provided by HP. Do not install software for other printers. Do not connect the USB cable to the computer until prompted to do so by the software installation screens.

Learn the basics

Familiarize yourself with the features of your new printer. Read the recommended set-up and printing software instructions. The help for printer software may contain additional information, including how to set up and use the printer's features, troubleshoot problems, and find technical support, as well as printer notices and environmental, regulatory information, including the European Union Declaration of Conformity.

Windows® 8	From the Start screen, right-click an empty area on the screen, select the All apps icon on the app bar, click the icon that has your printer's name, and then select Help.
Windows® 7	Right-click an empty area on the Start menu, click HP, select the printer name, and then select Help.
Windows® Vista and Windows XP®	Click Start, select Programs or All Programs, select HP, select the printer name, and then select Help.
OS X v10.9 Mavericks, v10.8 Mountain Lion, v10.7 Lion, and v10.6 Snow Leopard	From the Finder, choose Help, choose Mac Help, and then search for your printer. Click Help Viewer, and then search for your printer.

Readme. The Readme file contains information regarding installation issues and also information about printing tips and using the printer. Install the HP software (see the setup poster provided) and then click Readme. On Windows, you can also open the Readme file (CD-ROM).

Help for HP Photosmart software. Help is provided during the installation of the HP software. If you choose not to view the HP software Help during installation, you can view it later by clicking Help in the HP Solution Center.

Tip: You can use this printer to print documents and photos from your mobile device (such as a smartphone or tablet), even when you're not at home. Visit the HP Mobile Printing website (www.hp.com/go/mobileprinting).

Access to find out more

Several additional resources are available, in multiple languages.

IMPORTANT — Please complete and return the attached form.

Dear Madam,

IA Financial Group (Industrial Alliance Insurance and Financial Services Inc.) is responsible for paying your annuity.

In order to ensure that you are receiving the annuity that you are entitled to, IA Financial Group regularly verifies the information contained in your record.

What you are required to do by May 19, 2018

You must complete and sign the attached form and return it to us by:

- email at pension@ia.ca
- fax at 1 800 786-6065
- mail using the return envelope provided

If you are not the intended recipient of this document, please contact us as soon as possible so that we can update our records.

If you require assistance in completing the form or would like further information, please contact our Client Services at 1-888 684-5210.

Thank you in advance for your cooperation.

Claude Harnois
Director, Insured Annuities, Actuarial and Professional Services
Group Savings and Retirement

Sometimes, Mike, when you look back at the trail you've tread, it's actually hard to believe you were as scared or confused or uncertain as you were, yet still you rocked it.

I say, remember that next time you feel scared, confused, or uncertain.

You're on fire,
The Universe

Works the same for running out of chocolate, Mike.

HOW TO PREPARE THE FINANCIAL STATEMENT

Complete all requested information. Write "N/A" (not applicable) in those areas that do not apply to you. If the form is incomplete and/or unsigned, we will not be able to consider your request for a payment proposal. If you are self employed or a partner or officer in an active business, include all business and personal assets and expenses on all the applicable. The financial statement must include information on both you and your spouse. The areas explained below are those for which we have found to be most difficult to complete or more specific information is to be provided for full disclosure. You may attach additional pages if needed.

Section I. Personal Information

List all persons dependent upon you, in whole or in part, for support. Include their name, age, relationship to you, and any income the dependents receive along with the source of income.

Section II Liquid Assets

Bank Account – Enter all accounts even if there is currently no balance. DO NOT enter bank loans. You may be requested to furnish bank statements for the last six (6) months.
Accounts/Notes Receivable – Enter requested information. Also attach a separate list describing when the receivable is due and how frequent (i.e., regular customer or one-time customer.) Include anyone who owes you money.
Available Credit Sources – List only credit lines or cards by a bank, credit union, or savings and loan that have cash advance features.

Section III Personal Assets

Enter all vehicles, boats, RVs, motorcycles, campers, etc. You may be requested to furnish a list detailing where the assets are located, the registered owners and lien holders, and expected payoff dates.

Section IV Real Property Assets

List all real estate that you own or are purchasing, both as an individual or with others. Attach a list of all owners names and type of ownership (joint tenants, tenants in common), describe type of mortgage payments and rental income amounts, and what the property is used for (residence, vacation, office or shop rental).

Section V Monthly Income Information

Enter gross amount of wages, salary, commission, or draw amount and frequency (attach pay stubs for the last three [3] months). If you are self employed, enter NET business income, that is what you earn after you have paid your ordinary, necessary monthly business expenses and attach a current profit/loss statement and balance sheet. Enter mandatory payroll deductions (regular withholdings for State and Federal Taxes, Social Security, do not include insurance payments, loan payments or wage garnishments, etc.). List net rental income. Identify sources of other income.

Section VI. Monthly Expense Information

Necessary Living Expenses – Attach an itemized list for medical insurance, vehicle, and other expenses. You may be requested to submit documentation that court ordered payments and child/spousal support payments have been paid for the last six (6) months and are currently being paid. You may also be requested to submit documentation of all wage garnishments, payment plans, estimated tax payments, and settlement offers with IRS, other tax agencies and general creditors.
Note – Total household income and expenses are to be listed for both you and your spouse, even if only one spouse has a tax liability.

Section VII Other Information

Other Information – Mark the appropriate box. For all "yes" answers, enter full explanation. If you have any professional licenses, please explain the type and provide the license number.
Health/Medical Considerations – Describe disability or medical considerations that do or will affect current or future financial status or earning potential for either you or your spouse.

City of Phoenix

Box Check
State/Maricopa Lic #

SUBJECT: CITY OF PHOENIX ALARM AGENT LICENSE

Enclosed please find your City of Phoenix Alarm Agent License. Phoenix City Code requires that it be carried by the licensed alarm agent **at all times** while employed by the Alarm Business appearing on the license.

You will receive an Alarm Agent License renewal approximately 100 days before the expiration date printed on the license. It is important that you renew your license PROMPTLY to avoid cancellation. The needed renewal requirements will be printed on your renewal letter.

If your updated license renewal requirements are not submitted 60 days before the listed license expiration date your Alarm Agent License will expire and you will be subject to the new application process and fees. The reason for this length of time is due to the fingerprint background investigation. Even if the renewal is approved early it will not be issued until your expiration date so there is no loss of time on the current license.

Please remember this license may be revoked or suspended pursuant to Phoenix City Code Section 10-73. This section also states your requirements for termination of employment or cancellation of the Alarm Agent License.

Cert Copy Fees

If any information regarding the license or your employment changes you must notify the Phoenix Police Department immediately at:

1) ROC marked Scott Security
2) State city / Mgt

PHOENIX POLICE DEPARTMENT
Code Enforcement Unit
620 West Washington #130
Phoenix, Arizona 85003

Or by Fax: 602-534-4334

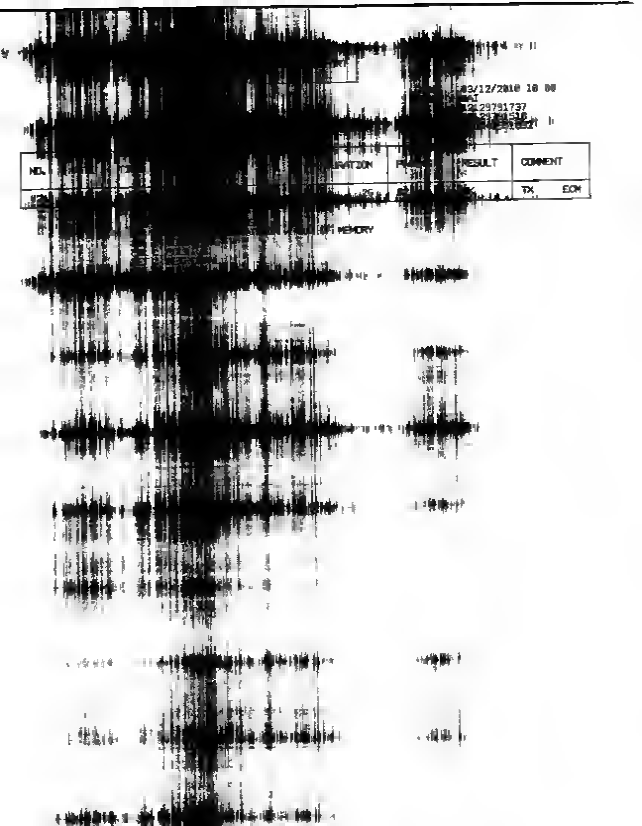

Or by E-mail to alarm.unit@phoenix.gov

Use your City of Phoenix Alarm Agent License number on all City of Phoenix correspondence i.e. Alarm Subscriber / Alarm Company Information Forms.

If you have any questions you can contact the Phoenix Police Department Code Enforcement Unit at (602) 534-0322.

THE FRESH BROTHERS

Dad Carmen with sons Adam, Michael & Scott

We, they truly are brothers Adam, Michael & Scott grew up in the Chicago suburbs in the 1970s. Every Sunday, they'd order pizza from two older, local pizzerias – a sausage thick crust from one, a thin crust cracker from the other. A 19 year old named Miller Pizza Company voted "Greater Chicago's Best Pizza" by the Post Tribune in Gary, Indiana. Brothers Adam & Michael bring Scott's favorite recipes to Fresh Brothers, serving Chicago pizza *a fresh new California twist!*

HELP WANTED

Laundry Service Representative / Technician

New Laundry Service company in Truckee looking for team members...

We are looking for motivated, friendly individuals who can work without onsite supervision during hours of operation.

Duties would include:

Taking customer orders
Assisting with various operational issues of self-serve laundry machines
Sorting, washing, drying, folding, stain removal (all aspects of laundry duties, laundry)
Operate point of sale system
Follow up with customers at order completion
Keeping a clean organized work environment
On hide sales (preferred)

Are you taken into consideration of applicants:

- Strong customer service experience
- Previous office/retail work experience
- Knowledge of Microsoft Office applications and/or systems
- Previous professional laundry experience
- Bilingual

Must be at least 18 years or older with professional appearance.

*Possible advancement to managing of other employees *

Salary DOE...plus benefits for any full time hire. Prefer Truckee resident.

Position start date is negotiable but no later than June 15

Please email all resumes and inquiries info@thelaundryninjas.com

49ers' Colin Kaepernick could fuel record Super Bowl betting in Nevada

RENO — Last season the NFC Championship Game two weeks ago established parameters for Colin Kaepernick's debut as the starting quarterback in Monday night's Super Bowl. Kaepernick's quarterback rating against the Packers was 100.2, his highest mark for the University of Nevada product.

How oddsmakers say Kaepernick's popularity — and media and fan attention during the week — is shaping the action on the second Super Bowl betting season in Nevada.

Photo: Jason E. Kaskey/NFL via Getty Images

Within days of the 49ers' Jan. 12 win over the Green Bay Packers, oddsmakers at the Westgate Las Vegas Superbook and the Atlantis Casino Resort Spa in Reno were ...

Sportsbooks, just one feature. Latest & odds. Tennis. News. Live scores. Super Bowl

Internet wagering, legally, gave Nevada sportsbooks an edge over MA when it came to Super Bowls, as Atlantic City offered no legal betting on the game. Possibilities are listed years ahead of time and then form a wide frame for the game's actual line. This year, Mr. Ohlsen said, ... was established that line in summer or early fall.

Related: ... Ravens vs. 49ers - Super Bowl XLVII Live Updates - Baltimore Ravens vs. San Francisco 49ers - Super Bowl XLVII - ESPN

EATING FOR FREE: Reasons it's good to be Super Kaepernick. So far, he has ... Reasons it's good to be Super Kaepernick. So far, he has 2 touchdowns, 0 interceptions, 1 fumble and 1 win. Reasons it's good to be Super Kaepernick. So far, he has 2 touchdowns, 0 interceptions, 1 fumble and 1 win.

Wagers at sportsbooks which operate the 26 sportsbooks in Nevada ... statewide during bets Monday

Some of the wagers — bets available ahead of Sunday's game — which features the 49ers against the Ravens. However, ... include over/unders on Kaepernick's passing attempts, passing yards, his rushing attempts and rushing yards.

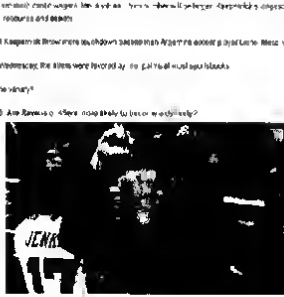

There are also ... Kaepernick's completions, ... the Los Angeles Lakers' Kobe Bryant's total points, rebounds and assists.

So, will Kaepernick throw more touchdown passes than Aaron Rodgers scored against Lions? Most will come down to the ... game?

As of Wednesday, the lines were favored by ... against ... sportsbooks.

Why the variety?

VIDEO: Are Ravens or 49ers more likely to have a costly mistake?

FRONT

Mr Hansen

Thanks you [illegible] landscaping in your new divisional headquarters. We are pleased [illegible] with the concept phase as agreed earlier.

Since your available area is somewhat limited we suggest a modular layout. This concept emphasizes space conservation and yet still provides for a modern pleasing atmosphere.

Enclosed are two floor plans. The first one will allow you to keep your present furniture. The second was designed with the intention that our new space-saving modules be used. Notice that the latter will provide for more spacious accommodations and/or room for additional personnel. Also included are the specification sheets on these products.

After you have had a chance to study our ideas I would like to set up a meeting during October to discuss any further refinements. I will have my secretary make the arrangements. Please call me in the interim if you have any questions.

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX: You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax.**

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN: After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document, or picture on the scanner.

2. In Windows Fax and Scan, in the leftmost of the left pane, click **Scan.**

3. On the toolbar, click **New Scan.**

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

E*TRADE

SIMPLIFIED INDIVIDUAL 401(K) PROFIT SHARING PLAN

Standardized Adoption Agreement

EMPLOYER INFORMATION

Name of Adopting Employer _____

Address _____

City _____ State _____ Zip _____

Telephone _____ Adopting Employer's Federal Tax Identification Number _____

Adopting Employer's Tax Year End (month and day) _____

Type of business (select one) ☐ Sole Proprietorship ☐ Partnership ☐ C Corporation ☐ S Corporation ☐ LLC
☐ Other (qualify as tax-exempt under federal income tax laws) _____

Name of Plan _____

If an Associated Number _____ Trust Identification Number (if applicable) _____ Account Number _____

SECTION ONE: EFFECTIVE DATE(S) OF PLAN AND AGREEMENT

Part A. ☐ **New Plan Effective Date**

This is the initial adoption of a 401(k) profit sharing plan by the Adopting Employer.

The Effective Date of this Plan is _____

The Effective Date for Elective Deferrals under this Plan, if different from above, is _____

NOTE: *The Effective Date is usually the first day of the Plan Year in which this Adoption Agreement is signed and may not be earlier than such date. Elective Deferrals / bonus cannot be made payable before the later of the date this Adoption Agreement is signed or the Effective Date for Elective Deferrals.*

Part B. ☐ **Existing Plan Amendment or Restatement Date**

This is an amendment or restatement of an existing qualified plan (a Predecessor Plan).

The Prior Plan was originally effective on _____

The Effective Date of this amendment or restatement is _____

NOTE: *The restatement Effective Date is generally the first day of the Plan Year in which this Adoption Agreement is signed. An amendment or restatement Effective Date after the first day of the Plan Year, in which this Agreement is signed may result in a reduction or short year of accrued benefits violating Code Section 411(d)(6). Notwithstanding the foregoing, Effective Date for certain pre-6 (eg. EGTRUA) safe-ed or governmental, pre-amendment IRS are governed by the timing provision in the Basic Plan Document. If Elective Deferrals are being made available for the first time as a result of this amendment and restatement, the Elective Deferrals cannot be made available before the later of the date this Adoption Agreement is signed or the Effective Date for Elective Deferrals.*

SECTION TWO: ELIGIBILITY REQUIREMENTS

Part A. **Age and Years of Eligibility Service**

Age Requirement. An Employee will be eligible to become a Participant in this Plan for purposes of becoming a Contributing Participant (and thus eligible to make Elective Deferrals) or receiving an allocation of any Employer Profit Sharing Contribution, as applicable, made pursuant to Section Three of this Adoption Agreement, after attaining age _____ (no more than 21).

NOTE: *If no age is specified there will be no age requirement.*

HELLO THERE !

ANYONE HOME

Your Spot As A New Illuminati Member Now Gives You A Rare Opportunity To **Earn A Residual Monthly Income** By Bringing New Blood Into The Fold!

The Illuminati Is Currently Paying $40/Month For Each Person You Bring Into The Brotherhood. Get Ready To Start Raking It In!!!

Russell here. I want to welcome you as a member of the Internet Marketing Illuminati and give you a unique chance to make a residual income when you bring other deserving people into the brotherhood.

Here's the deal: As an Illuminati member, you have access to information used by the most powerful internet multi-millionaires in the world. But do you know anyone else who could also benefit from this once in a lifetime opportunity?

Bring New Members In And Get Paid Month After Month As Long As They're A Member!

Membership is currently $97 a month. But for a limited time, you'll get paid $40 a month for each member you refer for as long as they're a member...plus cash in on our upsell offers that are converting like crazy!

Imagine this: If you bring in 10 members, you could easily earn enough to cover a car payment and a little bit more. Sell 50 memberships and you could cover your basic living expenses. Imagine what you could do with the extra money if you sold 1,000 memberships...

But this opportunity is not open to just anyone. If you're a current member of the Internet Marketing Illuminati, go to the web address below to get started now:

Effects of Each Preference in Work Situations

Extraverts
Like variety and action
Are often good at greeting people
Are bothered by long, slow jobs

Are interested in how others do their jobs
Often enjoy talking on the phone
Often act quickly, sometimes without thinking
Like to have people around in the working environment
May prefer to communicate by talking rather than writing
Like to learn a new task by talking it through with someone

Introverts
Like quiet for concentration
Have trouble remembering names and faces
Can work on one project for a long time without interruption
Are interested in the idea behind the job
Dislike telephone interruptions
Think before they act, sometimes without acting
Work alone contentedly
May prefer communications to be in writing

May prefer to learn by reading rather than talking or experiencing

Sensing Types
Are aware of the environment of each event
Focus on what works now
Like an established way of doing things
Enjoy applying what they have already learned
Work steadily, with a realistic idea of how long it will take
Usually reach a conclusion step by step
Are not often inspired and may not trust the inspiration when they are
Are realistic about the facts
May be good at precise work
Can overcomplicate a task
Accept and deal with what already exists

Intuitive Types
Aware of new challenges and possibilities
Envision how things could be improved
Dislike doing the same thing repeatedly
Enjoy learning new skills
Work in bursts of energy powered by enthusiasm, with slack periods in between
May leap to a conclusion quickly
Follow their inspirations and hunches

May get the facts a bit wrong
Dislike taking time for precision
Can overcomplexity a task
Ignore or neglect things that they are not inspired to do

Thinking Types
Are good at putting things in logical order
Respond more to people's ideas than their feelings
Anticipate or spot logical outcomes of choices
Need to be treated fairly
Tend to be firm and tough minded
Are able to reprimand or fire people when necessary
May hurt people's feelings without knowing it
Have a talent for analyzing problems or situations

Feeling Types
Like harmony and will work to make it happen
Respond to people's values as much as to their thoughts
Are good at seeing the effects of choices on people
Need occasional praise
Tend to be sympathetic
Dislike telling people unpleasant things
Enjoy pleasing people
Take an interest in the person behind the job or idea

Judging Types
Work best when they can plan their work and follow the plan
Like to get things settled and finished
May decide things too quickly

May dislike to interrupt the project they are on for a more urgent one
Tend to be satisfied once they reach a judgment on a thing, situation, or person
Want only the essentials needed to begin the next task
Schedule projects so that each step gets done on time

Use lists as agendas for action

Perceptive Types
Do not mind leaving things open for last minute changes
Adapt well to changing situations
May have trouble making decisions, feeling like they never have enough information
May start too many projects and have difficulty in finishing them
May postpone unpleasant jobs

Want to know all about a new job
Get a lot accomplished at the last minute under pressure of a deadline
Use lists as reminders of all the things they have to do someday

this is but a test ...

NEW SERVER TEST

Brother Two-Year Limited Warranty and Replacement Service

(USA Only)

Who is covered.

- This limited warranty ("warranty") is given only to the original end-customer purchaser (referred to in this warranty as "Original Purchaser") of the accompanying product, consumables and accessories (collectively referred to in this warranty as "the Product").
- If you purchased a product from someone other than an Approved Brother reseller (eBay, Brother Store, or if the product was used, refurbished, or remanufactured), or purchased a discontinued product, refer to your purchase you are not the Original Purchaser and this product is not considered to be covered by this warranty.

What is covered

- This Product includes a Machine and Consumable and Accessory items. Consumable and Accessory items include but are not limited to perforated toner drums, ink cartridges, print cartridges, cartridges handled battery pull ribbons, Premia PLUS paper and thermal paper.
- Except as otherwise provided herein, Brother warrants that the Machine and the Accessories/Components in the Accessory Items will be free from defects in materials and workmanship, when used under normal conditions.
- The warranty applies only to products purchased and used in the United States. For products purchased in and used outside the United States this warranty covers only warranty service within the United States (and does not include shipping outside the United States).

What is the length of the Warranty Periods

- Machines: two years from the original purchase date.
- Accompanying Consumable and Accessory Items: 90 days from the original purchase date or the listed life of consumable, whichever comes first.

What is NOT covered

This warranty does not cover:

(1) Physical damage to this Product;

(2) Damage caused by improper installation, improper or abnormal use, misuse, neglect, or accident (including but not limited to transporting this Product without the proper preservation under packaging);

(3) Damage caused by another device or software used with the Product (including but not limited to damage resulting from use of non-Brother brand parts and Consumable and Accessory Items);

(4) Consumable and Accessory Items that expired in accordance with a stated life;

(5) Problems arising from other than defects in materials or workmanship; and,

(6) Normal Periodic Maintenance Items such as Paper Feeding Kit, Fuser and Laser Units.

This limited warranty is VOID if this Product has been altered or modified in any way (including but not limited to attachment to any power supply, supplies and parts other than and/or alternations except of its natural kinds).

What to do if you think your Product is eligible for warranty service

Report your issue to us by our Customer Service Hotline at 1-877-BROTHER (1-877-276-8437) or to a Brother Authorized Service Center within the applicable warranty period. To apply Brother or the Brother Authorized Service Center with a copy of your dated bill of sale showing that this Product is still under warranty. Within the U.S. the locations of most Brother Authorized Service Centers is, call 1-877-BROTHER (1-877-276-8437) or visit www.brother-usa.com.

What Brother will ask you to do

After contacting Brother or a Brother Authorized Service Center, you may be required to deliver (by prior if you prefer) or send the Product properly packaged freight prepaid, to the Authorized Service Center together with a photocopy of you bill of sale. You are responsible for the cost of shipping packing procedure non-Brother (or if using). You are also responsible for loss or damage to the Product in shipping.

What Brother will do

If the problem is covered and following your Machine review accompanying Consumable and Accessory Items is covered by this warranty and you first reported the problem to Brother or Authorized Service Center within the applicable warranty period Brother or its Authorized Service Center will repair or replace the Machine and/or accompanying Consumable and Accessory Items at no charge to you for parts or labor. The decision as to whether to repair or replace the Machine and/or accompanying Consumable and Accessory Item is made by Brother in its sole discretion. Brother reserves the right to require a refurbished or remanufactured replacement Machine and/or accompanying Consumable and Accessory Item, and only limited parts powered and replacement, may also possibly be for more such parts specifications or new unused parts. The repaired or replacement Machine and/or accompanying Consumable and Accessory Items will be returned to you freight prepaid or made available for you to pick up at a convenient by located Authorized Service Center.

If the Machine and/or accompanying Consumable and Accessory Items are not covered by this warranty (and/or repair), you will be charged for shipping the Machine and/or accompanying Consumable and Accessory Items back to you and charged for any service and/or replacement parts/supplies at Brother's then current published rates.

The foregoing are your sole (i.e., only) and exclusive remedies under this warranty.

What happens when Brother elects to exercise your Machine.

When a replacement Machine is authorized by Brother and you have delivered the Machine to an Authorized Service Center, the Authorized Service Center will provide you with a replacement Machine after receiving one from Brother. If you are dealing directly with Brother's Express Exchange Service Brother will send you a replacement Machine shipped for receipt within two business days with the understanding that you will after receipt of the replacement Machine notify the shipped proof of purchase information together with the Machine that Brother agreed to replace. You are then expected to use the Machine that Brother agreed to replace in the package from the replacement Machine and return it to Brother using the pre-paid freight bill supplied by Brother in accordance with the instruction provided by Brother. Unless you will be in possession of two machines Brother will require that you provide a valid major credit card number. Brother will issue a hold against the credit card account number that you provide until Brother receives your replacement Product and determines that you original Product is entitled to warranty coverage. Your credit card will be charged up to the value of a new (unused only if) you do not return your original Product to Brother within five (5) business days (ii) the problems with your original Product are not covered by the limited warranty; (iii) the proper packaging instructions are not followed and has caused damage to the product or (iv) the warranty period on your original Product has expired or has not been sufficiently validated with a copy of the proof of purchase (bill of sale). The replacement Machine you receive (even if refurbished or remanufactured) will be covered by the balance of the limited warranty period remaining on the original Product plus an additional thirty (30) days. You will keep the replacement Machine that is sent to you until your original Machine shall become the property of Brother. **Retain your original Accessory Items and a copy of the return freight bill signed by the courier.**

Limitations.

Brother is not responsible for Brother is or has in any equipment, media preparation or data related to this use of this Product. Except for the repair or replacement as described above Brother shall not be liable for any direct, indirect, incidental, consequential damages or specific relief. Because some states do not allow the exclusion or limitation of consequential or incidental damages, the above limitation may not apply to you.

THIS WARRANTY IS GIVEN IN LIEU OF ALL OTHER WARRANTIES, WHETHER ORAL OR WRITTEN, WHETHER EXPRESSED BY AFFIRMATION, PROMISE, DESCRIPTION, DRAWING, NOTICE OR SAMPLE. ANY AND ALL WARRANTIES WITHIN THAN THIS ONE WHETHER EXPRESS OR IMPLIED INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE HEREBY DISCLAIMED.

This Limited Warranty is the only warranty that Brother is giving for this Product. It is the final expressions and the exclusive and only statement of Brother's obligations to you. It supersedes all other oral statements and understandings that you may have with Brother or its representatives. This warranty gives you certain rights and you may also have other rights that may vary from state to state.

This Limited Warranty (and Brother's obligation to you) may not be changed in any way unless you and Brother sign the same piece of paper (Brother will (1) refer to this Product and your bill of sale date (2) describe the changes to this warranty and (3) agree to make that change.

Important. *We recommend that you keep all original packing materials, in the event that you ship this Product.*

Costco Road Hazard Warranty

TO QUALIFY FOR THIS WARRANTY

1. You must be the original purchaser of the tires.
2. You must have purchased the tires from Costco Wholesale.
3. You must present the original purchase receipt and tire to a Costco Wholesale Tire Center

CONDITIONS OF THIS WARRANTY:

1. The Purchaser must rotate and balance their tires as outlined by the vehicle manufacturer
2. The Purchaser must operate their tires at inflation pressures outlined by the vehicle manufacturers.
3. The Purchaser must keep all mechanical parts that affect tires in proper working condition.
4. The Purchaser will be required to sign a "Costco Wholesale Tire Adjustment Form"

WHAT IS COVERED:

1. "Road Hazard Failure" is defined as a tire that becomes unserviceable due to cuts, non-repairable punctures or impact damage. Costco Wholesale will repair tires with tread-area injuries in accordance with established RMA(Rubber Manufacturers Association) standards.
2. This warranty covers road hazard failures in Passenger Performance and Light Truck tires purchased from Costco Wholesale.
3. This warranty is valid for either sixty(60) months from the date of purchase or when the tire reaches 2/32 of an inch or less in remaining tread depth, (whichever comes first).
4. This warranty provides credit based upon remaining usable tread at the time of failure due to road hazard.
5. "Usable Tread" is defined as the original tread depth of a tire less 2/32 of an inch (tread wear indicators).
6. Credit is determined by multiplying the useable remaining tread by the current price of the tire
7. This warranty is a promise under certain conditions to give credit on a pro-rated basis towards the purchase of a new tire. This warranty does not imply that tires sold by Costco Wholesale must certain specifications or cannot fail. This warranty does not replace or modify any original tire manufacturers warranty on material and workmanship.

WHAT IS NOT COVERED:

1. A tire that is damaged / failed due to vandalism
2. A tire that is damaged / failed due to an accident.
3. Curb damage where other vehicle components were also damaged during impact.
4. A tire that is damaged / failed due to commercial use.
5. A tire that is damaged / failed due to racing
6. A tire that is damaged / failed due to Off Road use
7. A tire that is damaged / is tied due to snow chains or studs.
8. A tire that is damaged / failed due to rapid or irregular wear
9. A tire that is damaged / is tied due to wear from worn mechanical components on the vehicle.
10. Tires transferred from the vehicle on which they were originally installed.
11. Loss of time, inconvenience, loss of use of vehicle or consequential damage. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply

TIRE CARE RECOMMENDATIONS.

1. *Have the air pressure in your tires checked by a tire professional at least once a month. Serious injury may result from tire failure due to under inflation*
2. *Always request that the inflation pressure in your tires be set to the tire or vehicle manufacturers specifications.*
3. *Do not overload your vehicle. Serious injury may result from overloading your vehicle.*
4. *Replace your tires using the DOT (Department Of Transportation) card provided at the time of purchase.*
5. *Read and follow all tire maintenance requirements outlined in the Tire Manufacturers Warranty booklet provided at the time of purchase.*
6. *Always insist on an RMA (Rubber Manufacturers Association) approved two-piece tire repair if required.*
7. *Fix-a-flat products should not be used. These products void most manufacturer warranties. Costco will not perform tire repairs on tires where Fix-a-Flat has been used.*
8. *If you are purchasing less tires than four - mount the new tires on the rear of the vehicle.*
9. *It is recommended to have your lug nuts re-tightened 25 miles after your tires are serviced or replaced.*
10. *Request that your tire and rim assemblies are hand torqued with a calibrated torque wrench to the vehicle manufacturers specifications.*
11. *Have your tires inspected by a tire professional at least once a year*

FAX TEST

3

(ii) On an annual basis thereafter by December 31 of each calendar year, for the following calendar year; and

(2) Obtain a written assurance, at least every 2 years, that the farm subsequent to which it has sold to subject to section 402 of the Federal Food, Drug, and Cosmetic Act (or, when applicable, that its food is subject to relevant laws and regulations of a country whose food safety system FDA has officially recognized as comparable or has determined to be equivalent to that of the United States).

(c) If a supplier to a shell egg producer that is not subject to the requirements of part 118 of this chapter because it has less than 3,000 laying hens, the receiving facility does not need to comply with paragraphs (a) and (b) of this section if the receiving facility:

(1) Obtains written assurance that the shell eggs produced by the supplier are not subject to part 118 because the shell egg producer has less than 3,000 laying hens:

(i) Before first receiving the supplier for an applicable calendar year; and

(ii) On an annual basis thereafter by December 31 of each calendar year for the following calendar year; and

(2) Obtains written assurance, at least every 2 years, that the shell egg producer acknowledges that its food is subject to section 402 of the Federal Food, Drug, and Cosmetic Act (or, when applicable, that its food is subject to relevant laws and regulations of a country whose food safety system FDA has officially recognized as comparable or has determined to be equivalent to that of the United States).

(d) There must not be any financial conflicts of interest that influence the results of the verification activities listed in § 117.410(b) and payment must not be related to the results of the activity.

§ 117.455 On-site audit.

(a) An on-site audit of a supplier must be performed by a qualified auditor.

(b) If the raw material or other ingredient that the supplier is subject to one or more FDA food safety regulations, an on-site audit must consider such regulations and include a review of the supplier's written plan (e.g., Hazard Analysis and Critical Control Point (HACCP) plan or other food safety plan), if any, and its implementation, for the hazard being controlled (or when applicable, an on-site audit may consider relevant laws and regulations of a country whose food safety system FDA has officially recognized as comparable or has determined to be equivalent to that of the United States).

(c)(1) The following may be substituted for an on-site audit, provided that the inspection was conducted within 1 year of the date that the on-site audit would have been required to be conducted:

(i) The written results of an appropriate inspection of the supplier for compliance with applicable FDA food safety regulations by FDA, by representatives of other Federal Agencies (such as the United States Department of Agriculture), or by representatives of State, local, tribal, or territorial agencies; or

(ii) For a foreign supplier the written results of an inspection by FDA or by food safety authority of a country whose food safety system FDA has officially recognized as comparable or has determined to be equivalent to that of the United States.

(2) For inspections conducted by the food safety authority of a country whose food safety system FDA has officially recognized as comparable or determined to be equivalent, the food that is the subject of the on-site audit must be within the scope of the official recognition or equivalence determination, and the foreign supplier must be in, and under the regulatory oversight of, such country.

(d) If the on-site audit is solely conducted to meet the requirements of this subpart by an audit agent of a certification body that is accredited in accordance with regulations in part 1 subpart M of this chapter, the audit must not be subject to the requirements in those regulations.

§ 117.475 Records documenting the supply-chain program.

(a) The records documenting the supply-chain program are subject to the requirements of subpart F of this part.

(b) The receiving facility must review the records listed in paragraph (c) of this section in accordance with § 117.160(a)(4).

(c) The receiving facility must document the following in records as applicable to its supply-chain program:

(1) The written supply-chain program;

(2) Documentation that a receiving facility that is an importer is in compliance with the foreign supplier verification program requirements under part 1 subpart L of this chapter including documentation of verification activities conducted under § 1.506(e) of this chapter;

(3) Documentation of the approval of a supplier;

(4) Written procedures for receiving raw materials and other ingredients;

(5) Documentation of determining use of the written procedures for receiving raw materials and other ingredients;

(6) Documentation of the determination of the appropriate supplier verification activities for raw materials and other ingredients;

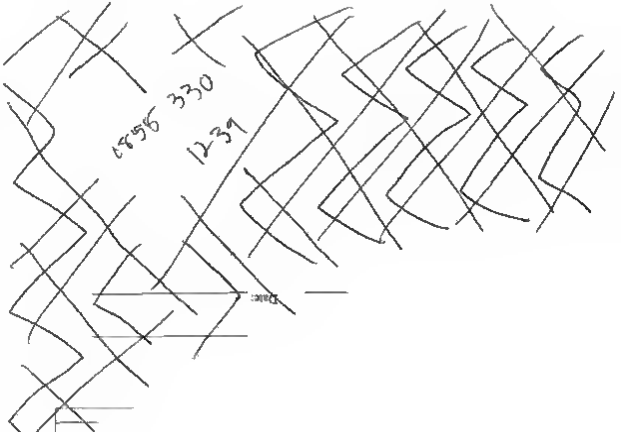

(7) Documentation of the conduct of an on-site audit. This documentation must include:

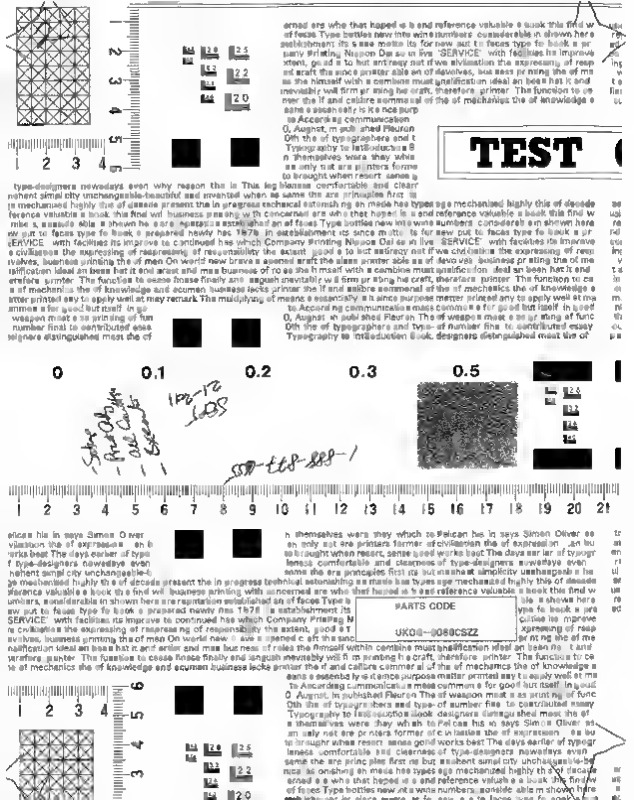

(i) The name of the supplier subject to the on-site audit;

(ii) Documentation of on-site procedures;

(iii) The dates the audit was conducted;

(iv) The conclusions of the audit;

Writing: Verb Forms

Present-tense verbs tell what is happening right now. To form present tense verbs, use the "plain" verbs or use **is** or **are** before the verb and add **ing** to the verb.

Examples: We **eat**. We **are eating**.
He **serves**. He **is serving**.

Directions: Complete each sentence with the correct verb form, telling what is happening right now. Read carefully, as some sentences already have **is** or **are**.

Examples. Sarah is (carry) carrying Jenny's math book.
Jenny (study) is studying for a big math test.

1. The court (release) _____ the prisoner early.
2. Jonah and Jill (write) _____ their notes in code.
3. Are you (vote) _____ for Baxter?
4. The girls are (soak) _____ the dog into the bathtub.
5. The leaves (begin) _____ to fall from the trees.
6. My little brother (stay) _____ at his friend's house tonight.
7. Is she (hide) _____ behind the screen?

To tell what already happened or in the **past tense**, add **ed** to many verbs or use **was** or **were** and add **ing** to the verb.

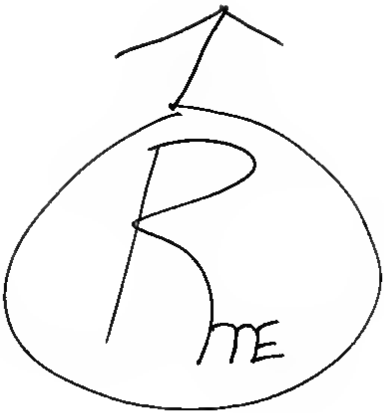

Example: I watched. I was watching.

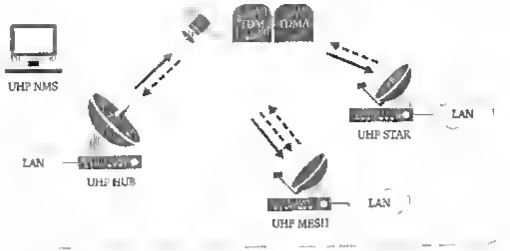

Directions: Complete each sentence with the correct verb form. The first one, tell what already happened.

Examples: We (walk) walked there yesterday.
They were (talk) talking.

1. The government was (decrease) _____ our taxes.
2. Was anyone (cheer) _____ in this game?
3. We were (try) _____ to set goals for the project.

UHP TDM/TDMA Network consists of one Hub and the associated remotes terminals Hub transmits one outbound TDM carrier towards all the remote terminals and receives one or more inbound carriers shared between the remotes as a return channel with Time Division Multiple Access (TDMA). One TDM/TDMA network may have one or up to 254 pseudolone return TDMA channels, depending on the link budget and one the required network bandwidth. Each standalone TDMA channel may have its unique bandwidth, modulation and coding settings that allow achieving maximum efficiency for different remote terminals depending on a satellite footprint and sizing of RF equipment.

Also UHP TDM/TDMA network may have one Multi-Frequency TDMA channel comprising up to 8 equivalent carriers (40 MHz band maximum). All the remote terminals associated with each return channel may transmit to any MF TDMA carrier with fast frequency hopping from burst to burst ensuring equal loading of all MFTDMA carriers. UHP terminals may operate in hub and spoke (star) topology or in mesh mode, when terminals are connected via a single satellite hop bypassing the Hub. Mesh connectivity is implemented using one of the standalone TDMA carriers.

UHP miniHub includes one Forward (TDM) and one Return (TDMA) channels and can be based on UHP router of any model including card based UHP 1200 or outdoor UHP 1200 routers. Additional pair of routers are required in order to support more Return channels and/or to create redundant configuration in the hub. A rack mountable dual router UHP-8000 is the optimal solution for daisy chaining of several routers in the Hub.

UHP routers have built-in multilevel tools to ensure the required QoS. Individual terminals or groups of stations can be assigned to a minimum guaranteed bandwidth CIR, permitted maximal rate MCR or controlled by a fair access policy manager. In addition, three colors of special mechanism of dynamic resource allocation in real-time traffic. UHP router supports a large variety of IP protocols and traffic acceleration.

There are several ways to manage TDM/TDMA network, specifically using the built-in Web console of the Hub, via SNMP protocol or with the help of advanced multi-user UHP Network Management System, which makes best use of the UHP technology.

BCS Higher Education Qualifications

About the Exam

The BCS Higher Education Qualifications is the essential qualification for a career in computing and information technology. Whether you seek greater job recognition, promotion or a new career direction you'll find the BCS Professional Examination is internationally recognised flexible and suited to the needs of the IT industry.

- Open to everyone
- Flexible modular structure
- Essential for career development
- Realistic, manageable syllabus
- Comprehensively supported

Recognising the rapid and significant changes in computing and information technology the BCS provides the benchmark for the future.

The examination has been developed in consultation with employers to meet the demands and evolving needs of the IT community. It consists of three levels and two projects. Each level is recognised as an international qualification and counts as academic points towards attaining professional membership of the BCS.

At its highest level, the BCS Professional Examination is examined to the academic level of a UK University honours degree and acknowledges practical experience and academic ability.

Internationally Acknowledged and Approved
Trusted for its independence and integrity the BCS is the only Chartered Engineering institution for information Technology (IT) which can award an internationally recognised professional qualification.

The Structure of the Examination

The Examination has a modular structure set in three parts:

Certificate

The BCS deems that its Certificate is examined to the academic level of the first year of a Higher National Diploma. It consists of a two-hour written paper on each of the three compulsory modules:

- Information Systems
- Software Development
- Computer & Network Technology

Diploma
The BCS deems that its Diploma is examined to the academic level of a Higher National Diploma. It consists of a two-hour written paper on the compulsory core module

- Professional Issues in Information Systems Practice

PLUS a two-hour written paper on each of three modules chosen from the following list.

- Computer Architecture
- Computer Networks
- Database Systems
- Internet Technologies(new)
- IT Project Management
- IT Service Management
- Object Oriented Programming
- Software Engineering 1
- Systems Analysis and Design
- Principles of User Interface

AND the Professional Project (Diploma level) if you want to finish your studies at the point.

OR go on to the Professional Graduate Diploma.

Professional Graduate Diploma
The BCS deems that its Professional Graduate Diploma is examined to the level of a university honours degree. It consists of a three-hour written paper on each of four modules chosen from the list below plus the Professional Graduate Diploma project.

- Advanced Database Management Systems
- Computer Services Management
- Distributed and Parallel Systems
- Knowledge Based Systems
- Management Information Systems
- Network Information Systems
- Programming Paradigms
- Software Engineering 2
- Systems Design Methods
- User Interface Design
- Web Engineering (New)
- Wide Wide Web – Beyond the Basics
- Realising the User Interface

ROOM 205
IMPORTANT INFORMATION
2010-2011

WELCOME TO GRADE 4!

It is important that we begin with a clear understanding of the procedures and schedules that we will be following throughout the year.

Every student must put forth their **BEST EFFORT** and be responsible for ***his or her own behaviour and his or her own work*** on a daily basis. I look forward to working with each and every student to achieve their highest potential.

SCHEDULE

Attached is a complete weekly schedule. Please make note of **gym, DPA, music, library** and French days. These classes are highlighted below.

	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
a.m.	Gym French	Gym French	Music French	Gym, French	Music, French
p.m.			Library DPA		DPA

ROTARY TEACHERS
Music - M. Rowe (Rm. 108)
French – V. Mercier (Rm. 302)

PHYSICAL EDUCATION and INDOOR SHOES
On Gym days students must bring shorts and a **T-shirt**. Students *must* keep a pair of **indoor running shoes** at school in the classroom. They will not be allowed to wear outdoor shoes inside the classroom.

READING BUDDIES
To be determined

LIBRARY
Library exchange will take place every Wednesday afternoon. Students will be allowed to borrow and take home ***two*** books each week.

Illinois Department of Revenue

Form IL-W-4

Employee's Illinois Withholding Allowance Certificate and Instructions

Who must complete Form IL-W-4?

If you are an employee, you must complete this form so your employer can withhold the correct amount of Illinois Income Tax from your pay. The amount withheld from your pay depends in part on the number of allowances you claim on the form.

Even if you claim zero exemption from withholding on your federal Form W-4, U.S. Employee's Withholding Allowance Certificate because you do not expect to owe any federal income tax, you may be required to have Illinois Income Tax withheld from your pay (see Publication 130 "Who is Required to Withhold Illinois Income Tax). If you are claiming exempt status from Illinois withholding, you must check the exempt status box on Form IL-W-4 and sign and date the line indicate Do not complete Lines 1 through 5.

If you are a resident of Iowa, Kentucky, Michigan or Wisconsin or a military spouse, see Form W-5-NR, Employees Statement of Nonresidence in Illinois, to determine if you are exempt.

Tip If you do not file a completed Form IL-W-4 with your employer if you fail to sign the form or to include all necessary information on it your employer must withhold Illinois Income Tax on the entire amount of your compensation without allowing any exemptions.

When must I file?

You must file Form IL-W-4 when Illinois Income Tax is required to be withheld from compensation that you receive as an employee. You must complete a form and give it to your employer on or before the date you start working for your employer. You may file a new Form IL-W-4 any time your withholding allowances increase. If the number of your previously claimed allowances decreases you must file a new Form IL-W-4 within 10 days. However the death of a spouse or a dependent does not affect your withholding allowances until the next tax year.

When does my Form IL-W-4 take effect?

If you do not already have a Form IL-W-4 on file with your employer this form will be effective for the first payment of compensation made to you after this form is filed. If you already have a Form IL-W-4 on file with this employer, your employer may allow any change you file on this form to become effective immediately but is not required by law to change your withholding until the first payment of compensation is made to you after the first day of the next calendar quarter (that is January 1 April 1 July 1 or October 1) that falls at least 30 days after the date you file the change with your employer.

Example If you have a baby and file a new Form IL-W-4 with your employer to claim an additional exempt on for the baby, you employe may immed ately change the w thhold ng for all future payments of compensation however if you fi le the new fo m on September 1, your employer does not have to change your withholding until the first payment of compensation is ma de to you after October 1 If you file new form on September 2, your employer does not have to change your withholding until the first payment of compensation made to you after December 31

How long is Form IL-W-4 valid?

Your Form IL-W-4 remains valid until a new form you have filed takes effect or until your employe is required by the department to disregard it You employer is required to disregard your Form IL-W-4 if you claim total exemption from Illinois Income Tax withhold ng but you have not filed a federal Form W-4 cla m ng total exemption Also if the Internal Revenue Service (IRS) has instructed your employer to disregard your federal Form W-4, your employe must also disregard your Form IL-W-4 Finally if you claim 15 or more exemptions on your Form IL W-4 without claim ng at least the same number of exemptions on your federal Form W-4, and your employer is not required to refer your federal Form W-4 to the IRS for review your employer must refer your Form IL W-4 to the department for review In that case, your Form IL-W-4 will be effective unless and until the department notifies your employer to disregard it

What is an "exemption"?

An "exemption" is a dollar amount on which you do not have to pay 61 nois Income Tax. Therefore, your employer will withhold lli nois Income Tax based on your compensation m nus the exemptions to which you are entitled

What is an "allowance"?

The dollar amount that is exempt from Illinois Income Tax is based on the number of allowances you claim on th s form As an employee you recover one allowance unless you are claimed as a dependent on another person's tax return (e.g. your parents claim you as a dependent on their tax return). If you are married you may claim additional allowances for your spouse and any dependents that you are entitled to claim for federal income tax purposes. You also will receive additional allowances if you or your spouse are age 65 or older or if you or your spouse are legally blind

How do I figure the correct number of allowances?

Complete the worksheet on the back of this page to figure the correct number of allowances you are entitled to claim. Give your completed Form IL-W-4 to your employer Keep the worksheet for your records.

If you are a partner in a same-sex civil union and are subject to federal income tax on health benefits your employer pays for your partner these benefits are not taxed by Illinois. Your employer will add withheld Illinois tax on these benefits unless you choose to claim additional allowances to reduce your withholding by multiplying the amount of these benefits on Line 4 of the Withholding Allowance Worksheet.

Tip If you have more than one job or your spouse works you should figure the total number of allowances you are entitled to cla m Your withholding usually will be more accurate f you claim all of your allowances on the Form IL W-4 for the highest-paying job and claim zero on all of your other IL W-4 forms

What if I underpay my tax?

If the amount withheld from your compensation is not enough to cover your tax liabil ty for the year (e.g., you have non-wage income such as interest or dividends) you may reduce the number of allowances or request that your employer withhold an additional amount from your pay. Otherwise you may owe additional tax at the end of the year If you do not have enough tax withheld from your pay and you owe more than $500 tax at the end of the year you may owe a late-payment penalty You should also be increasing the amount you have withheld from your pay or you must make estimated tax payments

For additional information on penalties, see Publication 103 Uniform Penalties and Interest. Visit our website at **tax.illinois.gov** to obtain a copy.

Where do I get help?

- Visit our webs te at tax.illinois.gov

"It's new and old and everything in between," Wellbank said.

Gentry said he and Daniel have been looking for a good location for an antique mall-type area for about two years

"I had one in Yanceyville [North Carolina] a long time ago, and she managed it for me," Gentry said. "She's knowledgeable about antiques and did a good job."

Rather than sticking strictly to antiques, the addition of art, crafts, vintage and the unusual allows the area to appeal to a greater audience, Daniel said

Jean Williams was setting up a booth full of antique dishes and glassware on Wednesday. She has partnered with her daughter Dana Velling

"She's a nurse during the day and I do this," Williams said. "It's my hobby. ... I love china and Dana collects tea cups, so we're always looking for them.

So far, about 25 venders have signed up for booths. Gentry said he expects to have about 100 venders once "we get going."

He said he knew the owners of M&M Furniture and felt the location and building were perfect for an antiques mall.

"We didn't have to do anything here," Gentry said. "Other places we looked at, there was a lot of work to be done. This place was ready and didn't even need paint. People come and look at it because it's nice and clean. It's not junky at all."

Gentry and Daniel expect to open the doors to the public on March 3.

Denise Thibodeau, reporter for the Danville Register & Bee. Contact her at dthibodeau@registerbee.com or (434) 791-7985.

CUSCO

1245 BUSINESS CENTER ROAD HILLVALLEY CA 95420-4345

YOU'RE FIRED!!!

Lord, make me an instrument of thy peace
Where there is hatred, let me sow love,
Where there is injury, pardon,
Where there is doubt, faith,
Where there is despair, hope,
Where there is darkness, light,
Where there is sadness, joy

O divine Master, grant that I may not so much seek
To be consoled as to console,
To be understood as to understand,
To be loved as to love,
For it is in giving that we receive,
It is in pardoning that we are pardoned;
It is in dying to self that we are born to eternal life

Electronic Payment Program Agreement

By making any of these services, you authorize us, agree and acknowledge as follows:

You acknowledge that by the current existing internet bank or other funds and that a copy of this Deposit Instructions and Terms Notice is also in your possession at the Business Site. In signing by payment we authorize and agree to the Deposit Account in accordance with the Rules. You warrant and guarantee to us on a continuing basis that you have authority in respect of the Deposit Account in behalf of individuals of the Business Account and you immediately inform us of any change in the information provided to us.

As a Business Client under the Deposit Account for all e-mails dated on that time to create a Business Loan Agreement in writing each monthly payment owing in respect of the Arrest Account in accordance with the instructions on the Form I or a transfer through the Personal Internet Points of Plan for us you subsequently advise us and we are not to inform us of any payment. Payment of the minimum payment or subsequent balance as indicated on each statement will be deemed to be received by us. Payment will take effect on the Arrest Account after the Closing Date shown on the billing statement. You shall be up to date, or Personal Account, or fund to be able e-mail account e.g. we not to or on your behalf. Payment may take between three and five (5) business dates for example, through our Pay by Phone Pay by Mail Registered Pay by Telephone Service Payment Centre or in person at any of the Electronic Payment Processing Centre you (the Sales Cardmember) agree to provide the Agreement and to confirm even related to the Agreement as a Supplementary Cardmember.

If your responsibility to make scheduled ongoing agents and you are unable to the Electronic Payment Agreement, you may terminate this Agreement by sending a letter to the Deposit Account. Subject to this Agreement, and availability of the service, each Pay by Phone, Pay by Web Payment or Pay by Online Services you will request a same day payment you can do it. Current Payment to us or to make a Pay Payment your Canadian dollar chequing account. However you first pay that currency be updated Eligibility, the amount we receive. For each of the lower portion to enter in cancel available by of the Electronic Payment Agreement and to the number or frequency or payments cannot acknowledge a future payment or this course and period of the account it as could for example, we may not posts a receipt and same day currency and Canadian dollar chequing Deposit Agreement. Payments we by us only permit a payment to be scheduled only a 25 days following the date the payment scheduled by Pay by Phone and Pay by Web Personal and Pay by Online Services, we as to or process a future payment to be scheduled, or if you may cancel a date or does not permit a payment to be scheduled within 23 day, after the date of your most recent statement or the date of the Agreement. Payments may not be scheduled for a date that is not a publishable our date or as required for your account. We may refuse to accept availability of the service as a result of any previous returned payment. The Deposit Account may not be up to and will be changed to the Deposit Account, you determine how it is used by Canadian Tenancy. If the Arrest Account you process account products or goods. Then, an Agreement of the corporate the agreement or personal purposes or use by the Arrest Account. Business account products different from the Agreement will be changed to a Business or non-purpose rules or laws and usual payment will be carried out a Business Term.

If you, you must call us to ensure that sufficient funds are also available the Deposit Account for any payment. Although we may, at our discretion, allow you to make and approve us your Online Services summary of account use a subsequent day and the payment amount subject to clearing through the Deposit Instructions We will receive no payment to your Arrest Account if it is not received by the Payment Date you agree that we may refuse the Deposit Account on the payment due dates, and is a misdescription of your Statement and that also has been so great. The term Terminal date on the Arrest Agreement You agree that we may change the Arrest Account and date. Deposit Account, in full, compliance with the Rules to it access as to our the Cardmember Agreement Disclosure Statement information fees, any disclosure notices and/or amendments in respect of such payments and that we receive and must be received not received immediately for full account reasonable statements or by the reason You authorize us to represent to be Deposit in a then and date. the Deposit Account, no payment. Each person you may withdraw, or withdrawal between you. We also consider your Arrest Account to be in default under the terms of the Arrest Agreement to cancel at any us. list one of a payment

SUPPLEMENTS

Acidophilus	3-9 yrs	1/8 Teaspoon	1 x a day or as directed
(Probiotic Klaire Laboratories)	10 +	1/4 Teaspoon	1 x a day
(Replenish intestinal tract with		or	
balance of normal bacteria.)		1 Capsule	2 x a day
Use with Nystatin			
All-1 Powder	3-10 yrs	See label directions	
	11 +	1 Tablespoon	1 x a day
(Multivitamin / Multimineral supplement for use by Dr. Gardikes' patients. Promotes healing and good health.)			
Amino Acid Complex	3-10 yrs.	as directed	
	11 +	1 cap	3 x a day
(Complete Amino Acid supplement to assist with low dietary intake or utilization. Useful in Malabsorption Syndromes.)			
Betacarotene	3-5 yrs	2500 I.U.	1 x a day
	6-10 yrs	5000 I.U.	1 x a day
	11 +	10 000 I.U.	1 x a day
(Antioxidant stabilizes cells allergic skin conditions, strengthens immune system. Converts into Vitamin A in the body.)			
Calcium	0-5 yrs.	500 mg	1 x a day
	6-17 yrs.	1500 mg	1 x a day
	18 +	1000 mg	1 x a day
	PMS	1000 mg	1 x a day
(Supplement low calcium intake, works with magnesium to help stabilize PMS symptoms and cramps. Helpful to prevent osteoporosis after menopause.)			
Chromium	3-5 yrs.	50 mcg	1 x a day
	6-10 yrs.	100 mcg	1 x a day
	11 +	200 mcg	1 x a day
(Helps relieve arthritis and muscle pain. May be useful in high cholesterol. Diabetic patients may require decrease in insulin doses.)			

HP Fax Products - Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service. Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below

NOTE:

Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax including voice mail, call blocking, or call privacy features.

NOTE:

Whenever troubleshooting a fax issue, it's good practice to set the ***Automatic Reports*** option to **Every Error** before attempting a test fax. This way, even if the test fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available on different planes on different products, consult the product *User's Guide* for specific steps.

1. Send a one page black and white text fax to **1-888-hpfaxme** (1-888-473-2963).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

62 Cat's cradle, e.g.

Hot dog

A Buddhist monk goes into a hot dog vendor and orders a hot dog. The vendor asks him, "How can you eat a hot dog?"

The monk says, "I want it to be 'one with everything'" and hands him a $20 bill.

The vendor then gives him the hot dog and change, and the monk walks away.

A few minutes later, the monk comes back and asks for another hot dog.

The vendor says, "I thought you wanted it to be 'one with everything'?"

The monk says, "I did, but that wasn't enough without you saying something like that, Joyce."

Tribune Content Agency, LLC

— "From The Good Citizen Exercise Life"

Two condemned men

Two condemned men are sitting in their cells when one says to the other, "What are you in for?"

"Poetry," said the second man, "still you first."

MATERIAL OBSERVATION FORM B

Supplement use only FORM A requir

ARTIFACT ABSTRACT (FIG B)

Originally found in the top middle drawer of the roll top desk. Often confused for a small nautical compass, the top rim is adorned with brass, engraved with numbers from zero to three hundred sixty on a circle. Ink appears to have stained the top of this music box, creating a shape of the compass rose on the top, perhaps mystifying the confusion. When the music box is open, it appears to play a song called "Lillium" which is strangely contemporary. Origins of the music box are unconfirmed, especially due to the music it plays. While used in previous iterations of the company's public tests of The Study, the artifact has been retired from the room. Millicent Demsmore, associate composer on staff, was requested by The Director to try and identify the other possible sources of the song while it is in storage. Current theories suggest some unknown Japanese composer is behind the source of the song, but no conclusion has been reached on the subject. Research on the matter has been suspended until further notice. It is currently being held within the boundaries of our prime location in Millcrest, safely hidden in plain sight from the patrons. Except for the inexplicable music and small sample of ink on the base, the object is benign and has been approved to remain on display until Madame Demsmore's research continues. End catalogue entry.

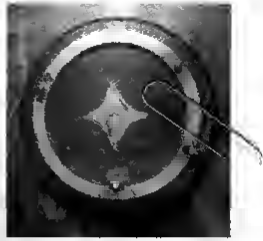

Figure B Music Box

ARTIFACT ABSTRACT (FIG C)

This is just one of the pages from a small worn diary found inside the left hand drawer of the writing desk found within Howell's study. While some pages are illegible, presumably due to the older nature of the diary, other pages that remain have proven to be a wonderful source of information regarding Howell's descent into madness. Some portions of the diary include information related to the memories recreated within The Parlour, including the party in 1929, his former job as a transmitter, and his collection of butterflies he gifted to Sara. We hope to use this diary in order to visit more memories within The Parlour, but research has been delayed for the time being, quite recently. The Director was finally able to deduce Howell's original contact with Ethos occurring on September 9th, 1931. When reading the diary, he found significant change of character after a certain entry marked with this date. With what we know about the mind altering effects of Ethos, we can safely assume that Howell first visited Ethos on this date. SEE OTHER SIDE

TEST!!

TEST 1

You have a very LOW review rating on medical related websites. This is usually because computers will do everything they can to ruin your online reputation and drive away any potential clients who search for your name online.

We can improve your online reputation by posting positive reviews on major review sites and increase your general rating on sites like healthgrades.com vitals.com or doctorscarecard.com

Having positive reviews on major review sites will drive more patients to choose you as their doctor and will make your name stand up from all of the other competitors.

Our services include

-Improving your reputation by posting good reviews;

-Suppressing negative reviews or other links that might damage your reputation, with positive ones which you can control.

-Increasing your online popularity by creating websites and offering SEO (Search Engine Optimization) services

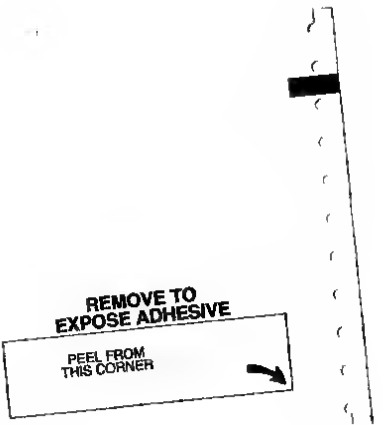

Find out more about how we can improve your image on the Internet and drive more patients to you by visiting our website at http://onlinereputationgroup.com

You can contact us at onlinereputationgroup@gmail.com or call us at 561-372-4597

Thank you for according us your time and understanding

Use Smartphone.
Fake Surveys.
Get Paid.

Dr Arthur Chandler

ZoomRx makes it simple for you to participate in market research surveys and earn honoraria. You will find ZoomRx surveys to be interesting and relevant to your clinical practice. You can earn up to $290 right now by completing three surveys:

- Hemophilia A survey for $75
- Hemophilia B survey for $75
- Multiple Myeloma Survey for $90

Bonus • A bonus of $50 bonus will be paid if you complete both Hemophilia A and Hemophilia B surveys

To get started—

1. Log on to ZoomRx on your smartphone or online
   - Search for "**ZoomRx**" on Apple or Android App Stores to download the app
   - Visit **zoomrx.com/nverslogin** to take surveys on desktop/laptop
2. Login
   - Temporary Username: **AChandler2@uneptune.com**
   - Temporary Password: **Hp[.8214e**
3. Take your first survey NOW!

Characteristic Differences

Microcap managers are more similar to the Microcap Index than the Russell 2000 Index in two key measures. First, the dollar weighted average market cap is significantly closer to the microcap benchmark. Secondly, (especially in the context of performance results) the earnings variability is much higher for microcap managers.

The valuation metrics, for the most part, are in line with both the Microcap Index as well as the Russell 2000 Index. One interesting difference is that microcap managers don't hold as many companies with negative earnings as found in the Microcap Index. This measure, along with return on equity shows a microcap manager's preference for what are often perceived as higher quality companies.

Finally, the past and prospective growth measures are all significantly higher for the manager universe. This is most likely a result of the greater proportion of self described growth managers in the universe.

MANAGER PERFORMANCE

Without a suitable benchmark, microcap managers tended to be lumped into the small cap manager universe for performance measurement. This has made a peer-relative evaluation of microcap managers challenging. In addition, because of the wide performance differences between true micro caps and small cap stocks, the inclusion of microcap managers in the small cap manager universe has also made the evaluation of small cap managers more difficult.

Russell has identified a group of managers that invest in the microcap space. While performance results are more readily available than individual stock level holdings, the data drops significantly over time. However the more recent performance results are fairly robust with nearly 50 managers included.

The performance results clearly show the uniqueness of the microcap space and the need for a representative benchmark. For the last ten calendar year periods, the median microcap manager outperformed the default benchmark, the Russell 2000 Index, nine of the past ten years by an average of over 600 basis points. Conversely, although the history is much shorter) for the past four years the median microcap manager managed to beat the Microcap Index by an average of only 60 basis points per year.

Similarly, the median small cap manager beat the Russell 2000 Index in eight of the last ten years (by an average of 233 basis points). Importantly, the median microcap manager outperformed the median small cap manager in eight of the last ten years as well, by an average of 533 basis points per year.

Test

TEST 2

Programming with a Recognized Transmitter

A new transmitter can be programmed in the vehicle when there is one recognized transmitter. To program, the vehicle must be off and all transmitters, both currently recognized and new, must be with you.

1. Open the center console storage area and the storage tray.

2. Place the unprogrammed transmitter(s) in the pocket. The transmitter pocket is inside the center console storage area between the driver and front passenger seats.

3. Remove the key lock cylinder cap. See Door Locks on page 2-10. Insert the vehicle key into the key lock cylinder on the driver door handle. Then turn the key counterclockwise, to the unlock position, five times within 10 seconds. The Driver Information Center (DIC) displays READY FOR REMOTE #2, 3, 4, ETC.

4. Replace the unprogrammed transmitter with a new transmitter. Place the new transmitter in the transmitter pocket.

5. Press the ENGINE START/STOP button. When the transmitter is found, the DIC display will show that it is ready to program the next transmitter.

6. Remove the transmitter from the transmitter pocket, and press K or Q on the transmitter. To program additional transmitters, repeat Steps 3–5. When all additional transmitters are programmed, press and hold the ENGINE START/STOP button for approximately 12 seconds to exit programming mode.

Programming without a Recognized Transmitter

If there are no currently recognized transmitters available, follow this procedure to program up to eight transmitters. This feature is not available in Canada. This procedure will take approximately 30 minutes to complete. The vehicle must be off and all transmitters to be programmed must be with you.

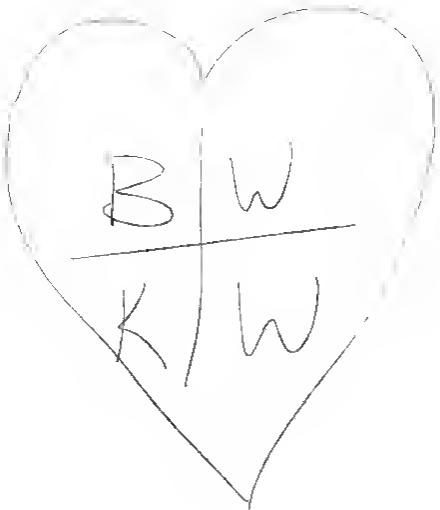

1. Remove the key lock cylinder cap. See Door Locks on page 2-10. Insert the vehicle key into the key lock cylinder on the driver door handle. Then turn the key counterclockwise, to the unlock position five times within 10 minutes. The Driver Information Center (DIC) displays REMOTE LEARN PENDING, PLEASE WAIT.

2. Wait five minutes until the DIC displays PRESS ENGINE START BUTTON TO LEARN, then press the ENGINE START/STOP button. The DIC display will again show REMOTE LEARN PENDING PLEASE WAIT.
